Granting Sixty Days' Leave of Absence to Men and Women Employees of the City and County and Repealing Resolution No. 27566 (New Series).

Supervisor Hayden presented:

Resolution No. 27668 (New Series), as follows:

Whereas, the Ninth Annual Convention of the American Legion is to be held in September this year in Paris, France; and

Whereas, the intrepid and supremely successful flight of America's premier ace, Col. Charles Lindbergh, and his cordial reception by the people of France has cemented stronger than ever the traditional bonds of friendship between the Republic of the United States and the Republic of France, resulting in a spirit of good feeling at a time when relations were in danger of becoming extremely critical, which situation has by the excellent judgment of America's diplomatic representatives in France been further improved; and

Whereas, the City of Chicago, in recognition of the great sacrifices of our American "doughboys" in their devotion to American ideals during the great World War, has voted unanimously a vacation of sixty (60) days with pay to the employees of the City of Chicago who, as members of the American Legion, desire to attend the convention in Paris; therefore, be it

Resolved, That the City of San Francisco in like manner grant a sixty (60) day vacation with pay to its men and women in the city employ whose devotion in the time of our country's need gave their all in her service and who now desire to attend this great and memorable reunion.

Further Resolved, That Resolution No. 27566 (New Series) is hereby repealed.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Stanton, Todd—12.

Absent—Supervisors Bath, Gallagher, Harrelson, Havenner, McSheehy, Shannon—6.

Declaratory Ordinance, Public Highways.

Supervisor Marks presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Determining and declaring that the public interest and necessity demand the construction and completion of certain permanent improvements, to-wit: Certain improved routes for public highway purposes in the City and County of San Francisco, as follows:

A boulevard, to be known as the Bay Shore Highway, from Army street and San Bruno avenue along San Bruno avenue, widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue; thence along Charter Oak avenue, widened to Paul avenue; thence along a route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County line, or the most feasible route; a boulevard, to be known as the Alemany boulevard, from the vicinity of Cortland avenue and San Bruno avenue, thence in a southerly direction following the general course of the old Ocean Shore right of way and lying between San Jose avenue and Mission street to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route; a boulevard, to be known as the Junipero Serra boulevard, from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction, widening and straightening the existing roadway of the present Junipero Serra boulevard, to the County line near the vicinity of Belle avenue, or the most feasible route; a boulevard, to be known as the Sunset boulevard, commencing at Lincoln way between Thirty-sixth avenue and Thirty-seventh avenue and running in a southerly direction between said Thirty-sixth avenue and Thirty-seventh avenue to Sloat boulevard, or the most feasible route; a boulevard or Beach frontage improvement, to be known as the Esplanade, commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Sloat boulevard, or the most feasible route; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest and necessity demand the construction and completion of certain permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco as follows:

A boulevard, to be known as the Bay Shore highway, from Army street and San Bruno avenue along San Bruno avenue, widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue, thence along Charter Oak avenue, widened to Paul avenue, thence along a

route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County line, or the most feasible route; a boulevard, to be known as the Alemany boulevard, from the vicinity of Cortland avenue and San Bruno avenue, thence in a southerly direction following the general course of the old Ocean Shore right of way, and lying between San Jose avenue and Mission street, to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route; a boulevard, to be known as the Junipero Serra boulevard, from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction, widening and straightening the existing roadway of the present Junipero Serra boulevard, to the County line near the vicinity of Belle avenue, or the most feasible route; a boulevard, to be known as the Sunset boulevard, commencing at Lincoln way between Thirty-sixth avenue and Thirty-seventh avenue and running in a southerly direction between said Thirty-sixth avenue and said Thirty-seventh avenue to Sloat boulevard, or the most feasible route; a boulevard or beach frontage improvement, to be known as the Esplanade, commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Sloat boulevard, or the most feasible route; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Section 2. The Board of Public Works is hereby directed to procure, through the City Engineer, and file with the Board of Supervisors, plans and estimates of cost of the original construction and completion of each of said public improvements as herein described.

Section 3. This ordinance shall be published for two weeks in the official newspaper and shall take effect immediately.

Communication From Playground Commission Transmitting Copy of Letter to Grand Jury Relative to Camp Mather.

San Francisco, Calif.,
August 13, 1927.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

I am enclosing a copy of the letter sent to the Grand Jury on August 8th by the Playground Commission concerning our summer camp at Mather.

Very sincerely yours,
(Signed) Josephine D. Randall,
Superintendent of Recreation.

Referred to Education, Parks and Plaground Committee.

San Francisco, Calif.,
August 8, 1927.

Mr. Ernest L. Drury, Foreman Grand Jury, Room 480, City Hall, San Francisco, Calif.

Dear Sir:

Your communication of the 28th ultimo duly received and was not acknowledged sooner because the Playground Commission had not met before now. We note your comments, namely, that the quarters offered you on visiting our camp were in a disgraceful and an unsanitary condition and that you were told by Mr. Center, the superintendent, that reservations were being held for seventy-four guests, who were due the following afternoon.

We regret very much the inconvenience you experienced and feel that in justice to the camp you

should know the circumstances under which this city camp was created and the reason for the existence and occasional occupation of the bunkhouses on the east side of the track, which you were asked to occupy.

In 1924 the Board of Supervisors conceived the idea of utilizing the quarters vacated by the Hetch Hetchy lumber mill workers at Mather as a summer camp for the use of its citizens. This would serve two purposes: namely, a vacation in this wonderful country at a minimum cost and a way of acquainting our citizens with the Hetch Hetchy project and in this way and for this reason the summer camp was inaugurated and put under the management of the Playground Commission. The following year we purchased from the Yosemite National Park Company the lodge with modern cottages surrounding it and this now forms the main camp equipment.

As soon as our funds will permit we will erect additional cottages and tents and abandon the old houses. To have abandoned these bunkhouses at this time would have deprived many who were desirous of taking advantage of the camp and who were willing to put up with the primitive accommodations.

The Engineer's office informs us that the sanitary conditions there conform to the State Board of Health regulations for a mountain camp.

In reference to your understanding that any accommodations were being reserved for the arrival of seventy-four guests the following morning, that is a misunderstanding, as every cottage and tent was occupied that very night and the seventy-four were leaving the next morning, having completed their stay—their places being taken by another group.

We regret exceedingly this occurrence and trust we may be able to receive you at some future time under normal conditions.

Very sincerely yours,
The Playground Commission,
By Constant J. Auger (Signed)
Chairman Camp Committee.

Letter of Thanks to Board for Assistance and Cooperation in Securing $10 Per Month for Janitors and Janitresses of the School Department.

San Francisco, Cal.,
August 9, 1927.

The Honorable Mayor and Members of the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Pursuant to action of the International Union of Building Service Employees, Janitors No. 9, the undersigned officers desire to express to you most sincere thanks and appreciation of our entire membership for your assistance and cooperation in securing an increase of ten dollars a month for janitors and janitresses employed in the School Department.

We appreciate the difficulties encountered both by you and the Board of Education in granting this increase and desire to express to you our sincere gratitude for what you have done in our behalf.

Expressing the hope that our organization and members may deserve your continued consideration and interest in the welfare of our members and all city employees, we beg to be

ROLL CALL FOR PETITIONS FROM MEMBERS.

State Board of Equalization.

The following was presented and read by the Clerk and ordered entered in the Journal:

Sacramento, August 15, 1927.

To the Board of Supervisors and County Auditor of San Francisco.

Please take notice that on Monday, August 15, 1927, the State Board of Equalization adopted the following resolution and order:

Whereas, Chapter 668 of the Laws of 1927 (approved May 20, 1927) provides as follows: * * *

Now, therefore, the State Board of Equalization believes and thereupon adjudges and decrees that the State of California is and will be in receipt of sufficient revenues for its support and maintenance for the seventy-ninth fiscal year and that no deficiency or other ad valorem taxes need or shall be levied or collected for said fiscal year.

Mayor's Veto of Resolution No. 27644 (New Series) Granting Chinese Hospital Permission to Hold an Outdoor Celebration.

Mayor's Office.

August 19, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, Cal.

Gentlemen:

I am returning to you herewith, without my approval, Resolution No. 27644, adopted by your Honorable Board August 8, 1927, involving permission to the Chinese Hospital to hold an outdoor celebration, to be known as the "Feast of the Moon," October 8 to 16, 1927, inclusive, without the payment of the usual license fee.

I am handing you also herewith a letter written to me by the Tax Collector of the City and County of San Francisco, together with an opinion of the City Attorney, dated December 12, 1917, also placed in my hands by Tax Collector Edward F. Bryant. I am informed by the Tax Collector that his office must collect the tax involved should this carnival proceed. I am returning this resolution with my disapproval in view of the facts placed before me by the Tax Collector.

The attached opinion of former City Attorney George Lull on a very similar case advises that to grant such a permission to operate such shows without paying any license fees as required by ordinance of this City and County is illegal.

I would have been pleased to have joined your Honorable Board in granting the permission to aid the Chinese Hospital Fund if it were legal to do so, and I express the hope that these worthy Chinese citizens of ours may be helped in their hospital work by subscriptions from public-spirited, philanthropic citizens, because the charitable work they are doing would be ours without their help to us.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Resolution No. 27644 (New Series), as follows:

Resolved, That permission is hereby granted the Chinese Hospital to hold an outdoor celebration, known as "Feast of the Moon," in Portsmouth Park and Brenham place, October 8 to 16, 1927, inclusive, without payment of the usual license fee.

Adopted by the Board of Supervisors August 8, 1927.

Auditor and Treasurer to Transfer $82,152.53 From Depreciation Fund, Municipal Railway.

Supervisor McSheehy presented:

Resolution No. 27679-A (New Series), as follows:

Whereas, on January 13, 1919, the Board of Supervisors, by Resolution No. 16405 (New Series), transferred the sum of $82,152.53 from the funds of the Municipal Railway to the General Fund, 1918-1919, for the purpose of meeting obligations due to R. C. Storrie & Co. on the contract entered into between the City and County of San Francisco and said R. C. Storrie & Co. for the construction of the Twin Peaks ridge tunnel; and

Whereas, the preamble to said resolution clearly indicates the intent of taking this $82,152.53 from the Depreciation Fund; and

Whereas, the word "depreciation" was inadvertently omitted from the body of said resolution; and

Whereas, the Board of Public Works, following the intent rather than the letter of the resolution, charged this amount to the Depreciation Fund; and

Whereas, the Auditor and Treasurer, following the letter rather than the intent of the resolution, charged this amount to the Operative Fund, thereby causing a discrepancy in the above-mentioned amount between the Auditor and Treasurer on one hand and the Board of Public Works on the other; now, therefore, be it

Resolved, That the Auditor and Treasurer be directed to transfer the sum of $82,152.53 from the Depreciation Fund to the credit of the Municipal Railway Operative Fund in order to bring about a complete reconciliation of the funds of the Municipal Railway between the Auditor, the Treasurer and the Board of Public Works.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Bill No. ——, Ordinance No. —— (New Series), as follows:

Ordinance No. 1008 (New Series), known as the "Building Law of the City and County of San Francisco," is hereby amended as follows:

Be it ordained by the People of the City and County of San Francisco as follows:

When a building is ready for lathing or sheathing on the inside the Building Inspector shall be notified. The Building Inspector shall cause such building to be inspected within twenty-four hours, and if found to comply with the ordinances covering such work shall place his approval on the permit card. Such approval shall not give any person permission to lath or conceal any part of the frame from view until notice of inspection is posted by the electrical inspector.

Referred to Building Committee.

BRIDGE HEARINGS.

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Shannon, further consideration of the foregoing motions were *continued until Monday, September* 19, 1927, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Employment of Civil Service Employees in Appraisal Bureau.

Notice of Reconsideration.

Whereas, the Board of Supervisors did, by Resolution No. 27419 (New Series), adopted by said Board on the 13th day of June, 1927, authorize and empower the Finance Committee of the said Board of Supervisors to enter into a contract with James G. Stafford and associates to continue and complete the appraising of all taxable property subject to assessment within the City and County of San Francisco; and

Whereas, the conditions of said contract were not set forth in said resolution authorizing the entering into of said contract by said Finance Committee; now, therefore, be it

Resolved, That in any contract entered into between said James G. Stafford and associates and the City and County of San Francisco it be provided that the City and County of San Francisco shall furnish to said James G. Stafford and

associates all help of every kind and character which may be necessary for the doing of said work by said James G. Stafford and associates, and that said James G. Stafford and associates shall furnish and provide the service of any and all experts necessary for the doing of said work; providing, however, that said James G. Stafford and associates shall be the sole judge of the amount and character of said help required for performing said services; and provided further, that the costs of said help shall be deducted from the contract price to be paid to said James G. Stafford and associates for performing said work; and provided further, that all of said help shall be employed pursuant to the provisions of Article XIII of the Charter of the City and County of San Francisco.

In Memoriam, James H. Barry.

Supervisor Hayden presented:

Resolution No. 27709 (New Series), as follows:

Whereas, death has called James H. Barry, well-known editor and journalist and a man who has been identified with the progress of San Francisco for many years, and has always worked with industry and zeal for the civic welfare and industrial advancement of San Francisco and the State of California; therefore,

Resolved, That it is with the deepest regret that we record his passing, and that we join with the entire community in its expression of sorrow, and that when this Board adjourns, it does so out of respect to his memory.

Unanimously adopted by a rising vote.

Dr. Hans Leschke and Municipal Chorus Complimented by Board.

Supervisor Hayden presented:

Resolution No. 27710 (New Series) as follows:

Whereas, the Board of Supervisors, in its good judgment has seen fit to appoint Dr. Hans Leschke director of the Municipal Chorus in the year 1924, and since that time he has organized a Municipal Chorus composed of our citizens who are interested in music; the many appearances of our Municipal Chorus in spring festivals, oratorio and symphony concerts has proven the worth of Dr. Leschke as a conductor, and it further shows that San Francisco has among its music loving citizens the material that goes to make up a high class Municipal Chorus, second to none in the country; and

Whereas, Dr. Hans Leschke had the distinctive honor of conducting the San Francisco Symphony Orchestra in conjunction with the Municipal Chorus in the Auditorium, Tuesday, August 16th, with an attendance of ten thousand people; therefore, be it

Resolved, That the Board of Supervisors specially compliments Dr. Hans Leschke and each and every member of the San Francisco Municipal Chorus for the almost perfect rendition of the many choral numbers on the program of August 16th, and with the hope that our chorus will continue in their good work, which serves as the community expression of the people of San Francisco from the standpoint of music.

Lighting Survey Report.

Supervisor Stanton presented the following report on the lighting survey and requested that same be made a part of the record:

August 22, 1927.

Hon. Wm. P. Stanton, Chairman,
Lighting Committee, City Hall.

Dear Sir.

In response to the request of the Committee, I submit the following report of the work I have been engaged upon with certain recommendations.

First: Classification of city streets for the purpose of establishing standards of lighting.

The great inequalities in the light now supplied to streets of similar character and the difficulty of fairly meeting requests for additional light by various sections of the city make it very necessary to adopt such classes and standards. The classifications usually adopted in other cities is based upon the arbitrary judgment of lighting experts or commissions which is unsatisfactory and cannot be supported against criticism.

From my study of the problem I am convinced that traffic conditions constitute the true basis for classification of street lighting. With the assistance of the San Francisco Traffic Bureau, the data collected by them having been put at my disposal by Dr. McClintock, I will be able to develop a rule based upon traffic counts and from that a scientific but practical classification of the streets. I should like the authority of the Committee to work out this problem with the assistance of the Traffic Bureau and officers.

Second: Selection of standard types of poles and fixtures.

This is desirable in order to give some degree of uniformity in appearance in the streets, especially where ornamental types of poles are installed. Comparatively little of this style of fixtures have been installed in San Francisco and as long as the City is lighted under a yearly contract with the lighting company it does not appear feasible to adopt standards which would unquestionably increase the cost to the City. This matter

should be left until plans for a municipal street lighting system are adopted.

Third: Use of new designs of refractors which give better illumination.

The specification in this year's contract provides for the installation of refractors in the ornamentia globes used on the business streets. In many instances better illumination can be given with a 400 C. P. lamp and refractor than is now being given with a 600 C. P. lamp without refractor, with a saving of approximately of $8 a year per lamp.

A practical demonstration is being arranged by the Pacific Gas & Electric Company which wil show the comparative lighting effects with different types of equipment, and upon the completion of this test the Committee will be in position to order the change of several hundred 600 C. P. lamps to 400 C. P. which will effect an annual saving of from $7,000 to $9,000. The use of these refractors will also enable better illumination to be provided in many cases with the same size lamps now in use.

Fourth: The turning out of all unnecessary lights at 12 o'clock midnight.

There are a number of locations where lights are closely spaced and where there is more light than necessary after midnight. A saving of approximately $11 a year per light can be made on 270 lights. Most of these, however, are lamps which it is proposed to change from 600 C. P. to 400 C. P. and therefore they have not yet been ordered out at 12 o'clock. This change will impose a heavy cost on the lighting company and the matter must be given consideration in connection with other and more important changes under consideration.

Fifth: Substitution of large incandescent lamps for the arc lamps on Market street and the Triangle District.

There are 1,048 magnetite arc lamps on these streets which were installed after the 1915 Exposition, where they had been in use. The development of large and efficient incandescent lamps since that time has made these arc lamps obsolete and as they are very expensive to maintain and are a constant source of trouble it is desirable to change them to incandescent lamps. Pacific Gas & Electric Company have a large investment in this equipment, but they have expressed to me their willingness to replace these lamps provided some satisfactory agreement can be reached with the City, and they are now preparing a proposal. The cost to the City of maintaing these magnetite lamps is $88,000 a year out of a total budget for 1926-27 of $630,000.

Sixth: Reduction in meter rates.

The charge for current supplied for street lighting by meter has been 2¾c per K. W. H. This is too high for such service and an effort has been made to reduce it to 1½c, which is being charged in some other cities. This rate, however, has not yet been filed with the Railroad Commission, and the Pacific Gas & Electric Company is not obligated to give it to San Francisco, but they have the matter under consideration and I recommend that the Committee make now a formal request upon them for this reduction which would result in saving to this City of approximately $3,000 a year.

Seventh: Adequate lighting on all important arteries.

It is recognized that the lighting on these streets should be greatly increased, but funds have not been available for this purpose before. The economies proposed will make it possible to do much to improve the conditions this year on the most important streets, and I should like the authority of the Committee to work this out with the traffic officers and San Francisco Traffic Survey after which an estimate of cost and definite recommendations for changes will be made.

Eighth: Installation of electric lights on poles of Municipal Railway extensions.

As suggested before the recent bond election, I now repeat the recommendation that the City install electric lights on trolley poles which may be erected on any extensions of the Municipal Street Railway lines. These fixtures will be the property of the City and current purchased by the meter or by the lamp hour until such time as the City may own a distributing system.

Ninth: Improvement in the lighting of long blocks in residence districts.

There are over 500 long blocks now lighted with but one 250 C. P. lamp which is very inadequate although better than many of the gas-lighted streets and considered fairly good for suburban towns. Up to the present time funds have not been available which would permit the use of larger lamps for this purpose, but by the economies

proposed these blocks can be given better lighting and I recommend that approximately 500 250 C. P. lights be changed to 400 C. P. at an additional total cost of $3,000 a year.

Tenth: Substitution of electric lights for all gas lamps in the City.

On August 1st of this year there were 4,312 gas lamps in San Francisco, all of which can be replaced with electric lights with a large increase in candle power and a substantial saving in the annual cost under the lighting contract. A systematic study has been made from the maps of the street lights supplied to the Committee by the Pacific Gas & Electric Company and a tentative layout adopted in the substitution of electric for gas lamps following throughout the City a similar treatment for all of the streets of like character. This study indicates that a total annual saving can be made of at least $25,000 a year by this substitution. The changes would require a large amount of work by the Pacific Gas & Electric Company and will probably occupy two years' time to carry out. I suggest that beginning next week the Committee authorize the changing of all gas lights in the various sections of the City, one by one, after consultation with the company as to the best program of carrying out the work. If desired, I can prepare within one week, a detailed report showing the exact number of lights to be substituted in each section and the estimated saving.

Eleventh: A municipally owned street lighting system.

San Francisco is well lighted only in spots and can never enjoy the distinction which is should have of being one of the best lighted cities in the country until the street lighting system is owned and operated by the municipality.

The lighting of city streets is distinctly a municipal function and should be entirely under the control of the City as certainly as the cleaning of the streets, the policing and traffic control, with which the lighting is closely related.

The cost under the present method of contracting yearly with the lighting company and the attempt to pay the entire cost of street lighting out of the general tax levy is rapidly increasing and will soon reach a prohibitive figure, especially if the City is as brilliantly lighted as it should be. The probable cost of a complete lighting system, including poles, fixtures and distribution lines, is from five to six million dollars. In studying this situation and in order to meet this problem in a practical way I have worked out a general plan which I believe can be utilized and will give the City a street lighting system and at a very moderate cost. This plan I described in my letter of July 12th. Briefly it consists of a division of ownership of the street lighting equipment between the City and the company, the City to purchase and to maintain the lighting, poles and fixtures, and the company to retain ownership of and maintenance of the distributing system. Hetch Hetchy power could be utilized for the lighting of the streets, to be transmitted from the Newark substation or other point of delivery over the distributing mains of the company to the lamps or special lighting circuits. The amount required for street lighting would be reserved at the Newark substation and not sold to the Pacific Gas & Electric Company, which would be paid for the use of their distributing system to transmit the street lighting energy. I have discussed this matter informally with Mr. Frank A. Leach, general manager and vice-president of the Pacific Gas & Electric Company and he is willing to take up the matter seriously if presented to them by the City for action. I should be glad to go into this matter further with the authority of the Committee and present estimated costs, both for purchase of equipment and installation of additional fixtures required with the estimated cost of operation under such a plan. Cooperation of the company is necessary in order to make up these figures as they depend chiefly upon records and data in their possession.

This plan offers, I believe, a satisfactory solution of the street lighting problem of San Francisco, and I hope to see it carried out in spite of many difficulties which I realize will be met.

Yours truly,

(Signed)

J. T. WHITTLESEY.

San Francisco to Be Designated the Home Port of the Major Portion of United States Battle Fleet.

Supervisor Shannon presented: Resolution No. 27751 (New Series), as follows:

Whereas, San Francisco Bay is the natural harbor of the Pacific Coast, has the largest anchorage in the United States, and has the facilities for naval battle practice on a large scale; and

Whereas, San Francisco is recognized as a Navy City of the first importance, and in the event of war San Francisco Bay is the natural naval base of the United States on the West Coast; and

Whereas, the major portion of the provisioning of the United States fleet is done in San Francisco; and

Whereas, in transferring men of the Navy to and from the Hawaiian Islands, the Asiatic station and Samoa, San Francisco is the embarking and disembarking port of the principal transportation lines; therefore, be it

Resolved, That Senators Johnson and Shortridge and Representatives in Congress Welch and Kahn, and the Chamber of Commerce be requested to petition the Secretary of the Navy to designate San Francisco as the home port of the major portion of the battleship division and of a number of the smaller vessels of the United States battle fleet.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Todd—13.

Absent — Supervisors Badaracco, Bath, Havenner, McSheehy, Stanton—5.

McLaren Park.

The following communication was read by the Clerk and ordered *referred to the Committee on Education, Parks and Playgrounds*:

San Francisco,
August 29, 1927.

Board of Supervisors, San Francisco.

Gentlemen:

As a taxpayer of San Francisco I respectfully request that the matter of purchase of the properties within the area of the John McLaren Park be opened up for discussion for following reasons:

(1) That a park comprising 100 to 150 acres in the location of the John McLaren Park would be a

liberal park area, and that would be equivalent to the Golden Gate Park area lying between First and Fourteenth avenues, Fulton street and Lincoln way. 550 acres is half the area of Golden Gate Park.

(2) That it will require at least 5 cents additional tax rate annually to maintain a park of 550 acres.

(3) That John McLaren Park will take in many homes and properties that will be needed for home sites for employees working in industrial plants in the immediate vicinity. It is infinitely more necessary to maintain these properties for home sites than to turn them into park and golf links.

(4) That the lands in John McLaren Park have been appraised at $1,200,000 and is looked upon by many property owners as confiscatory. For example: A lot directly outside the park is appraised at $250, whereas the lot inside the park, directly opposite and of same value, is appraised at $125. A woman owning a 100-foot lot and having paid $330 for sewer and grading is offered $200 for the 100 feet by the City.

Much of the property that has been purchased by the City has caused great dissatisfaction on part of the past owners. Going to court to get a square deal would work a hardship to most of the people owning property inside the park.

Respectfully submitted,
ADOLPH UHL.

Protest.

San Francisco,
August 26, 1927.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

We, the undersigned, property owners in part of the land proposed to be included within the proposed McLaren Park, hereby protest to our property being included in said park, inasmuch as the appraisement of the property proposed to be taken is unfair.

Conveying to Town of Redwood City an Easement Over Hetch Hetchy Aqueduct Right of Way for the Construction and Maintenance of a Public Highway.

Supervisor Shannon presented:

Resolution No. 27736 (New Series), as follows:

Whereas, the City and County of San Francisco, by deed dated November 16, 1922, and recorded November 18, 1922, in Book 56 of Official Records, page 229, San Mateo County Records, acquired from C. A. Cooper & Co. certain lands situated in the Town of Redwood City, County of San Mateo, State of California, which lands form part of the Hetch Hetchy aqueduct right of way; and

Whereas, it is a condition of said deed that certain land described as Parcel 3 in said deed be deeded to the Town of Redwood City for street purposes; and

Whereas, the use of said Parcel 3 for street purposes under the conditions hereinafter set forth will not interfere with the use of said Parcel 3 for the purposes of the Hetch Hetchy aqueduct; and

Whereas, the Board of Supervisors of the City and County of San Francisco, by Resolution No. 20328 (New Series), approved October 6, 1922, authorized the acceptance of said deed from C. A. Hooper & Co., subject to the condition above set forth; and

Whereas, the Board of Trustees of the Town of Redwood City, by resolution passed and adopted August 12, 1927, authorized the acceptance by the Town of Redwood City of a deed conveying an easement for the construction, maintenance and use of a public road or highway over said Parcel 3, subject to the conditions hereinafter set forth; now, therefore, be it

Resolved, That, in compliance with the condition of said deed from C. A. Hooper & Co., and in accordance with the recommendation of the City Engineer, the City and County of San Francisco convey to the Town of Redwood City an easement for the construction, maintenance and use of a public road or highway over said Parcel 3, which parcel is described as follows:

A portion of Lot Four (4) as shown and designated on a map entitled "Map of Subdivision No. 2 of Eagle Hill Villa Tract, Redwood City, San Mateo County, California," which was filed in the office of the County Recorder of San Mateo County March 20, 1912, in Book 8 of Maps, at page 5; said portion of said Lot 4 being described as follows:

Beginning at the point of intersection fo the northwesterly line of Jefferson avenue with the northerly line of Avenue Del Ora, thence westerly 236.78 feet along the northerly line of Avenue Del Ora; thence continuing along said northerly line of Avenue Del Ora 244.22 feet on a curve to the right with a radius of 656.78 feet; thence south 84 degrees 13 minutes east 483.23 feet to a point in the northwesterly line of Jefferson avenue; thence southwesterly 13.59 feet along said northwesterly line of Jefferson avenue to the point of beginning.

Said conveyance shall be made subject to the following conditions, viz:

First: The hereinabove described land shall be accepted by the Board

of Trustees of the Town of Redwood City as dedicated to public use for street purposes for the widening of Avenue Del Ora.

Second: In constructing and maintaining a street over and across said land, the Town of Redwood City, its contractors and agents, shall not interfere with, remove or injure any structures placed upon or in said land by the City and County of San Francisco.

Third: Before commencing construction of a street on said land, the Town of Redwood City shall furnish to the City Engineer of the City and County of San Francisco such information as to its plans for construction as will enable him to determine whether any protective structure over the Hetch Hetchy aqueduct pipe line or lines in said land is necessary.

Fourth: The City and County of San Francisco expressly retains the right at any time to make excavations and do other work necessary in said land for the purposes of constructing, maintaining and replacing aqueduct pipe lines or conduits and appurtenances thereto in the future. Be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco are hereby authorized to execute a deed on behalf of the City and County of San Francisco conveying said easement hereinabove mentioned to the Town of Redwood City, subject to said conditions hereinabove set forth.

Traffic Ordinance.

On motion of Supervisor Todd:

Bill No. 8178, Ordinance ——— (New Series), as follows:

An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith.

Be it ordained by the People of the City and County of San Francisco as follows:

ARTICLE I.

Definitions.

Section 1. Whenever in this ordinance the following terms are used, they shall have the meanings respectively ascribed to them in this section:

Street—Every way set apart for public travel except alleyways, bridle paths and foot paths.

Roadway—That portion of a street between the regularly established curb lines.

Alley—A public highway with a roadway of less than 20 feet.

Sidewalk—That portion of a street between the curb lines and the adjacent property lines.

Intersection—The area embraced within the prolongation of the property lines of two or more streets which join at an angle, whether or not one such street crosses the other.

Crosswalk—That portion of the roadway included within the pro-

longation of curb and property lines at street intersections, and other places marked in accordance with the provisions of this ordinance.

Safety Zone—That marked portion of a roadway reserved for the exclusive use of pedestrians.

Loading Zone—That space adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials.

Vehicle—Every device or animal by which any person or property is or may be transported or drawn upon a street, excepting devices moved by human power or used exclusively upon rails. For the purpose of this ordinance a bicycle shall be deemed a vehicle.

Street Car—Every device traveling exclusively upon rails when upon or crossing a street, other than devices propelled by steam.

Pedestrian—Any person afoot.

Operator—Any person who is in actual physical control of a vehicle or street car.

Traffic—Vehicles and street cars, either singly or together, while using any street for purposes of travel.

Central Traffic District—That portion of this City bounded by and including the following parts of streets:

Mission street from Fifth to First; First street from Mission to Market; Battery street from Market to Pine; Pine street from Battery to Sansome; Sansome street from Pine to California; California street from Sansome to Kearny; Kearny street from California to Sutter; Sutter street from Kearny to Stockton; Stockton street from Sutter to Post; Post street from Stockton to Powell; Powell street from Post to Market; Fifth street from Market to Mission.

Business District—The territory contiguous to a street when fifty per cent (50%) or more of the frontage thereon for a distance of three hundred (300) feet or more is occupied by buildings in use for retail or wholesale business; also any territory contiguous to a street which is immediately adjacent to or a continuation of a street within a business district when such territory is so designated by the Police Department.

Right of Way—The privilege of the immediate use of the street.

Park—To stand a vehicle for a period of time greater than is reasonably necessary for the actual loading or unloading of persons or materials.

Official Warning and Direction Signs—All warning and direction signs and signals not inconsistent with this ordinance heretofore and hereafter placed or erected under this ordinance or by authority of the Board of Supervisors.

ARTICLE II.

Authority of Police. Traffic Signs and Signals.

Section 2. Obedience to Police. Officers of the Police Department are hereby authorized to direct all traffic by means of visible or audible signal, and it shall be unlawful for any person to refuse or fail to comply with any lawful order, signal or direction of a traffic or police officer. It shall be unlawful for any person to direct or attempt to direct traffic unless authorized to do so by order of the Chief of Police.

Section 3. Signs. The Board of Supervisors shall by resolution determine and designate the character of all official warnings and direction signs and signals. Subject to this selection, the Police Department is hereby authorized, and as to those signs required hereunder it shall be its duty, to place and maintain or cause to be placed and maintained all official warning and direction signs and signals. All signs authorized and required hereunder for a particular purpose shall be uniform.

No provision of this ordinance for which signs are required shall be enforceable against the alleged violator if at the time and place of the alleged violation the sign herein required is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

Section 4. Obedience to Traffic Signs. It shall be unlawful for any operator or pedestrian to disobey the instructions of any mechanical or electrical traffic signal, traffic sign or marks upon the street placed in accordance with the provisions of this ordinance, provided every sign or mark made by the use of paint upon the curb shall bear thereon the official emblem of the City of San Francisco.

No public utility or department in this City shall erect or place any barrier or sign unless of a type first approved by the Board of Supervisors. It shall be unlawful for any operator or pedestrian to disobey the instructions of any barrier or sign approved, as above provided, erected or placed by a public utility or by any department of this City.

Section 5. Traffic Stop and Go Signal Legend. Whenever traffic at any intersection is regulated by a stop and go mechanical or electrical signal, the following colors may be

used, and none other, and those colors herein authorized shall indicate as follows:

Red, or the word Stop, except in flashing signals, requires that traffic shall stop and remain standing.

Green, or the word Go, requires that traffic shall move and continue in motion, except when stopped for the purpose of avoiding an accident or in the event of other emergency or when stopped at the command of a police officer.

Amber shall indicate preparation for a change in the direction of traffic movement. When amber is shown no traffic shall enter the intersection until a green or "Go" signal is shown.

Bells. The ringing of a bell in connection with any mechanical or electrical traffic signal shall indicate preparation for a change in the direction of traffic movement. When such bell is sounded no traffic shall enter the intersection until a green or "Go" signal is shown.

Section 6. The Police Department Required to Establish Cross-walks. The Police Department is hereby authorized and required to establish and maintain and to designate upon the surface of the roadway, by appropriate devices, marks or white lines, cross-walks at all places where in its opinion there is particular danger to pedestrians crossing the roadway.

Section 7. Display of Unauthorized Signs Prohibited. It shall be unlawful for any person to place or maintain or to display any device, other than an official warning or direction sign or signal erected under competent authority, upon or in view of a street, which purports to be, or is an imitation of, or resembles, an official warning or direction sign or signal, or which attemps to direct the movement of traffic or the actions of operators and any such prohibited device shall be a public nuisance, and the Police Department may remove it, or cause it to be removed, without notice.

It shall be unlawful for any person to willfully deface, injure, move or interfere with any official warning or direction sign or signal.

Section 8. Emergency Vehicles Exempt from Certain Rules. The provisions of this ordinance regulating the movement, parking and standing of vehicles shall not apply to ambulances, vehicles of the Police Department, of the Sheriff's office, of the Fire Department or of a public utility while the driver of any such vehicle is engaged in the necessary performance of emergency duties.

ARTICLE III.

Pedestrians.

Section 9. Pedestrians's Right of Way at Intersections.

(a) It shall be unlawful for the operator of any vehicle or street car to drive into any crosswalk which is marked as provided in Section 6 of this ordinance while there is in such crosswalk upon the half of the roadway upon which such vehicle is traveling any pedestrian engaged in crossing the roadway until such pedestrian shall have passed beyond the path of said vehicle.

(b) It shall be unlawful for the operator of any vehicle to drive onto any unmarked crosswalk while there is in such crosswalk upon the half of the roadway upon which such vehicle is traveling any pedestrian engaged in crossing the roadway until such pedestrian shall have passed beyond the path of said vehicle, when the pedestrian shall indicate his intention to cross by a timely and continuous warning by holding up of his hand, palm out toward approaching traffic.

(c) The operator of a vehicle shall stop before entering any crosswalk when any other vehicle proceeding in the same direction is stopped at such crosswalk for the purpose of permitting a pedestrian to pass.

(d) The foregoing provisions of this section shall not apply at intersections where traffic is being directed by an officer or a traffic stop and go signal, at which intersections the rights of pedestrians and operators of vehicles shall be exercised under the direction of the officer or traffic signals.

Section 10. Pedestrian's Limited Right to Use of Roadway. When within the Central Traffic District or a Business District, no pedestrian shall cross a roadway other than by a crosswalk.

Outside of the Central Traffic District or a Business District no pedestrian shall cross a roadway other than by a route at right angles to the curb and when crossing at any place other than a crosswalk shall yield the right of way to all vehicles upon the roadway.

It shall be unlawful for any person to be in any roadway other than in a safety zone or crosswalk, provided that this provision shall not be construed to prevent the necessary use of a roadway by a pedestrian.

It shall be unlawful for any person to stand in a roadway for the purpose of or while soliciting a

right from the operator of any private vehicle.

Section 11. Pedestrians to Obey Signals. At intersections where traffic is directed by a traffic or police officer or by a traffic stop and go signal, it shall be unlawful for any pedestrian to cross the roadway other than with released traffic.

Section 12. Pedestrians Standing on Sidewalks. In the Central Traffic District or in any Business District it shall be unlawful for any pedestrian to stand on the sidewalk, except as near as is practicable to the building line or the curb line.

ARTICLE IV.

Rules for Driving.

Section 13. Method of Approach for Left Turn. The operator of a vehicle intending to turn to the left at an intersection or into an alley or driveway shall approach the point of turning in the line of traffic next to the center of the roadway.

Section 14. Method of Turning to Left at Intersections. The operator of a vehicle in turning left at an intersection shall pass to the right of the center of the intersection before turning, except that where markers have been placed upon the intersection boundary lines to be crossed by the vehicle, the operator shall pass to the right of such markers.

Section 15. Location of Turning Markers. The Police Department is hereby authorized, and as to those intersections mentioned in paragraph (1) of this section it shall be its duty, to place, or cause to be placed, turning markers in intersections as follows:

(1) Within intersections where either intersecting roadway is less than sixty (60) feet in width and in intersections where streets meet at other than right angles and in intersections where one street terminates in another, a marker shall be placed at every intersection of the medial line of each street, with the prolongation of the curb lines of the intersecting street, or as near the intersecting point of said lines as may be practicable.

(2) Intersections other than those mentioned in paragraph (1) may be marked as provided in paragraph (1), or a single marker may be placed within such intersection at the intersection of the medial lines of the intersecting streets.

Section 16. Left Turns Prohibited. The operator of a vehicle shall not between the hours of seven (7) a. m. and six (6) p. m. of any day, excepting Sundays and legal holidays, make a left turn upon any part of Market street between the easterly line of The Embarcadero and a prolongation of the easterly line of Eleventh street, nor from Ellis street into Stockton street, Golden Gate avenue into Taylor street, Geary street into Kearny street, Post street into Montgomery street.

Provided, however, that the operator of a vehicle upon any of the following streets may turn to the left into Market street: Sansome street, Sutter street, Grant avenue, O'Farrell street, Mason street, Turk street, Jones street, McAllister street, Fulton street, Leavenworth street. Signs shall be erected and maintained designating the provisions of this section.

Section 17. Method of Approach for Right Turn. The operator of a vehicle intending to turn to the right at an intersection or into an alley or driveway shall approach the point of turning in the line of traffic nearest the right-hand edge or curb of the street.

Section 18. When Right Turns May Be Made. Within the Central Traffic District a right turn may be made at controlled intersections only while a "Go" signal is given. Elsewhere, after making a full stop at the nearest intersection line a right turn may be made while either a "Go" or "Stop" signal is given, subject to the rights of pedestrians.

Section 19. Turning Around at Intersections Prohibited. The operator of a vehicle shall not within the Central Traffic District or any Business District between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays or legal holidays, turn such vehicle at an intersection in a complete circle or so as to proceed in the opposite direction.

Section 20. Driving from Alleys. The operator of a vehicle emerging from an alley or driveway or garage shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across an alleyway.

Section 21. Vehicles Shall Not Be Driven on Sidewalks Nor in Safety Zones. The operator of a vehicle shall not drive within any sidewalk area except at a permanent or temporary driveway, nor upon any portion of the roadway which is designated and marked as a safety zone.

The Police Department is hereby authorized to establish and maintain by signs, paint marks or other material, safety zones at such street

car stops and at such other places as in its discretion require such safety zones.

Section 22. Traffic Lanes. The Police Department is hereby authorized to mark traffic lanes upon the roadway where a regular alignment of traffic is necessary. Where such lanes have been marked and signs have been erected instructing the operators to keep in line it shall be unlawful for any operator to fail to keep his vehicle within the designated boundaries.

Section 23. Certain Vehivles Prohibited in Central Traffic District. (a) It shall be unlawful for the operator of any of the following vehicles to drive the same in the Central Traffic District between the hours of seven (7) a. m. and six (6) p. m. of any day except Sundays or legal holidays:

(1) Any vehicle so loaded that any part of its load extends more than three (3) feet to the front or more than ten (10) feet to the rear of said vehicle, or which with its load is more than eight and one-half (8½) feet in width.

(2) Any vehicle primarily designed or used for the purpose of advertising.

(3) Any vehicle used for the transportation of garbage, ashes or refuse.

(4) Any vehicle used primarily for the transportation of gasoline or fuel oil.

Section 24. Arterial Streets. The following streets and parts of streets are hereby declared to constitute arterial streets for the purpose of this section:

Van Ness avenue from the north line of Market street to the south line of North Point street.

Market street from the west line of Van Ness avenue to the east portal of Twin Peaks tunnel.

Suitable signs shall be erected and maintained at all intersections of said parts of streets indicating the provisions of this section.

Section 27. Following Fire Apparatus Prohibited. It shall be unlawful for the operator of any vehicle, other than one on official business, to follow any fire apparatus traveling in response to a fire alarm closer than one block, or to prak any vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

Section 28. Crossing Fire Hose. No street car or vehicle shall be driven over any unprotected hose of the Fire Department when laid down on any street, private driveway or street car track, without the consent of the Fire Chief or the assistant in command.

Section 29. Sirens and Horns. It shall be unlawful for the operator of any vehicle to sound any "sirens" or other device which makes an unusually loud noise, or to sound any horn for an unnecessary length of time or for any purpose other than for warnings which are a necessary incident to the operation of the vehicle.

Section 30. Bicycle Riding Restricted. It shall be unlawful to ride a bicycle upon any sidewalk. The rider of a bicycle upon a roadway shall ride as near as practicable within five (5) feet of the right-hand curb or edge of the roadway, except when passing a standing or other vehicle or making a left-hand turn at an intersection.

Section 31. Riding on Handle Bars Prohibited. It shall be unlawful for the operator of any bicycle or motorcycle when upon a street to carry any other person upon the bar, handle or tank of any such vehicle or for any person to so ride upon any such vehicle.

Section 32. Unlawful to Drive Through Processions. It shall be unlawful for the operator of any vehicle to drive between the vehicles comprising an authorized parade, or to drive between the vehicles comprising a funeral procession, provided that such vehicles are conspicuously so designated.

Section 33. Clinging to Moving Vehicles. It shall be unlawful for any person traveling upon any bicycle, motorcycle, or any toy ve-

hicle to cling to or attach himself or his vehicle to any other moving vehicle or street car upon any roadway.

Section 34. Use of Coasters, Roller Skates and Similar Devices Restricted. It shall be unlawful for any person upon roller skates or riding in or by means of any coaster, toy vehicle or similar device to go upon any roadway or upon any sidewalk in the Central Traffic District.

ARTICLE V.

Stopping, Standing and Parking.

Section 35. Stopping Prohibited in Specified Places. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection;

(2) In a cross-walk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the surb immediately opposite the end of a safety zone;

(4) Within twenty (20) feet of an intersecting roadway;

(5) Within twenty (20) feet of the entrance to any fire station.

Upon all streets within the Central Traffic District or any Business District the Police Department shall designate the provisions of paragraphs (3) and (4) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area omitting any cross-walk area.

Section 36. Standing for Loading Only in Certain Places. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes; nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes, in any of the following places:

Signs shall be erected and maintained not more than one hundred fifty (150) feet apart in each block to designate the provisions of this section.

Section 40. Early Morning Parking Limited. It shall be unlawful for the operator of any vehicle to park said vehicle on any street for a period of time longer than one (1) hour between the hours of three (3) a. m. and five (5) a. m. of any day.

Section 41. Standing or Parking Close to Curb. The operator of a vehicle shall not stand or park such vehicle in a roadway other than parallel with the curb and with the two right-hand wheels of the vehicle within one (1) foot of the regularly established curb line, except that upon those streets which have been marked for angle parking, as provided in this section, vehicles shall be parked at the angle to the curb indicated by such marks.

The Police Department is hereby authrized to determine upon what streets angle parking shall be permitted and to indicate such places by the placing of white lines upon the surface of the roadway to indicate the proper angle for parking, provided that such lines shall not be placed upon, nor shall angle parking be permitted upon any street where such parking would diminish the width of the roadway available for travel to less than twenty (20) feet, nor upon any street where there is less than thirty (30) feet between the curb and the nearest rail of any street car track, nor upon any arterial street.

Section 42. Parking on Grades Regulated. It shall be unlawful for an operator to stand or park any vehicle upon any street, the grade of which exceeds five (5) per cent, without setting the brakes thereon and blocking the wheels of said vehicle by turning them against the curb, or by other means.

Section 43. Parking Vehicles for Sale. It shall be unlawful for the operator of any vehicle to park the same upon any street for the purpose of displaying it for sale, or to park any vehicle upon any street in the Central Traffic District or any Bushiness District from which said vehicle merchandise is being sold.

ARTICLE VI.

Street Cars.

Section 44. Rules Applicable to Vehicles Passing Street Cars. The driver of a vehicle overtaking any railway, interurban or street car,

stopped or about to stop for the purpose of receiving or discharging any passenger, shall bring such vehicle to a full stop at least ten (10) feet in the rear of such street car and remain stationary until any such passenger has boarded such car or reached a place of safety, except that where a safety zone has been established, or at an intersection where traffic is controlled by an officer or a traffic stop and go signal, a vehicle need not be brought to a full stop before passing any such railway, interurban or street car, but may proceed past such car at a speed not greater than is reasonable or proper and in no event greater than ten (10) miles an hour and with due caution for the safety of pedestrians.

Section 45. Driving on Street Car Tracks, Passing Safety Zones. (a) It shall be unlawful for the operator of any vehicle proceeding upon any street car tracks in front of a street car to fail to remove said vehicle from said tracks as soon as practicable after signal from the operator of said street car.

(b) On Market street from The Embarcadero to Van Ness avenue, it shall be unlawful to drive any vehicle to the left of any safety zone established at a regular street car stop.

It shall be unlwaful to drive any vehicle to the left of any safety zone established in the City if the roadway to the right of said safety zone is immediately available for travel.

Section 46. Street Car Speed. The operator of a street car upon a street shall operate the same at a careful and prudent speed, and subject to this limitation, may lawfully proceed at a speed not exceeding the following.

(1) Fifteen (15) miles per hour:

(a) In a Business District;

Section 49. Disposition of Fines and Forfeitures. All fines collected upon conviction of, and all forfeitures of bail collected upon default of any person charged with a violation of any of the provisions of this ordinance shall be paid into the treasury of the City and County of San Francisco, and placed temporarily to the credit of the Unappropriated Fee Fund, and after settlement of the said fund between the Treasurer and Auditor. deposited by the Treasurer in the General Fund. The Auditor shall furnish to the Board of Supervisors, on the first of each and every month, a statement showing the amount of all moneys collected during the previous month, under and by virture of this section.

Section 50. Effect of Ordinance. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one

or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 51. Repeal. Ordinance No. 1857 (New Series), as amended, is hereby repealed, and all ordinances or parts of ordinances in conflict with or inconsistent with the provisions of this ordinance are hereby repealed, except that this repeal shall not affect or prevent the prosecution or punishment of any person for any act done or committed in violation of any ordinance hereby repealed prior to the taking effect of this ordinance.

Section 52. Publication of Ordinance. The Clerk of the Board of Supervisors shall certify to the passage of this ordinance and cause the same to be published.

Copy of Communication From His Honor the Mayor Relative to the Traffic Survey.

The following was presented and read by the Clerk:

San Francisco, Aug. 27, 1927.

Mr. Robert L. Bentley, Chairman San Francisco Traffic Survey Committee, 101 California street, San Francisco, California.

Dear Mr. Bentley:

With the greatest admiration of the work of San Francisco Traffic Survey Committee in making its important survey of traffic conditions in San Francisco, I am writing to thank you, as Chairman, and your associates on the committee, for the valuable service you have rendered your City. The complete array of facts compiled by Dr. Miller McClintock and his staff, under your direction, with the recommendations based thereon, will be permanently useful to San Francisco in promoting its growth and as far as possible insuring the convenience and safety of the people.

This work, moreover, has been done entirely by public subscription, with funds gladly placed in your hands because of the public confidence in the ability and public-spirited motives of the group comprising the committee. The thanks of the whole City, which I, as Mayor, am glad to express, is due each member of the Traffic Survey Committee, and, as well, all who contributed to its funds, and to Dr. McClintock and his staff.

It has occurred to me that such an effective group should not disband with the close of the work which it originally set out to do. There are many further problems in connection with the difficult traffic situation still to be solved. As Mayor I would welcome further suggestions looking to the best possible solution of these problems, and respectfully suggest that the committee continue its organization for their consideration, cooperating further, as it has so effectively in the past, with the City authorities for the good of San Francisco.

Very sincerely yours,

JAMES ROLPH, JR.,

Mayor.

Referred to Traffic and Finance Committee.

Establishment of Division of Street Traffic Engineering.

Supervisor Todd presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Creating a division of street traffic engineering and prescribing the duties thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby established a division of street traffic engineering, which shall be under the jurisdiction of the Board of Public Works and form a part of the Bureau of Engineering of the Department of Public Works. The division of street traffic engineering shall consist of a competent traffic engineer, to be appointed by the said Board of Public Works pursuant to law, and such other employees as said Board may deem necessary.

Section 2. It shall be the duty of the city traffic engineer to conduct studies of street traffic accidents and congestion, and of other conditions affecting the safe and convenient use of the streets; to collect facts regarding the effect and operation of regulations controlling street traffic; to prepare plans for the placing, maintenance and operation of traffic signs, signals and markings, and to perform such other duties as may from time to time be required by ordinance of the Board of Supervisors.

Referred to Committee on Finance and Traffic.

Privilege of the Floor.

Dr. Miller McClintock addressed the Board and explained briefly the various sections of the proposed traffic ordinance.

His Honor the Mayor retired at the hour of 5 p. m. and Supervisor Shannon was called to the chair.

Whereupon, Supervisor Todd presented the following:

Resolution No. 27750 (New Series), as follows:

Whereas, the San Francisco Traffic Survey Committee, composed of representative, public-spirited citizens,

has conducted during the past year a careful and comprehensive investigation of the street traffic control problem of the City and County of San Francisco; and

Whereas, the said Committee has presented to the Board of Supervisors a report containing recommendations for a system of traffic control and administration designed to reduce accidents and congestion upon the public streets; and

Whereas, the problem of traffic relief is one which is constantly growing and one that requires the continuing interest of informed representative of traffic and transportation groups; be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby expresses its appreciation to the citizens associated with the San Francisco Traffic Survey Committee for their contributions of money and energy to the relief of this pressing public problem, and to Dr. Miller McClintock of the Erskine Bureau of Harvard University and the members of the staff of the survey for their conscientious efforts in conducting the engineering investigations and in preparing the report; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco hereby request the San Francisco Traffic Survey Committee to maintain its organization in order that the City may obtain the advantage of its future cooperation with public officials in the solution of the traffic problem.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

SPECIAL ORDER—2 P. M.

Notice of Reconsideration.

The following was taken up:

Resolution No. ——— (New Series), as follows:

Whereas, the Board of Supervisors did, by Resolution No. 27419 (New Series), adopted by said Board on the 13th day of June, 1927, authorize and empower the Finance Committee of the said Board of Supervisors to enter into a contract with James G. Stafford and associates to continue and complete the appraising of all taxable property subject to assessment within the City and County of San Francisco; and

Whereas, the conditions of said contract were not set forth in said resolution authorizing the entering into of said contract by said Finance Committee; now, therefore, be it

Resolved, That in any contract entered into between said James G. Stafford and associates and the City and County of San Francisco it be provided that the City and County of San Francisco shall furnish to said James G. Stafford and associates all help of every kind and character which may be necessary for the doing of said work by said James G. Stafford and associates, and that said James G. Stafford and associates shall furnish and provide the service of any and all experts necessary for the doing of said work; providing, however, that said James G. Stafford and associates shall be the sole judge of the amount and character of said help required for performing said services; and provided further, that the costs of said help shall be deducted from the contract price to be paid said James G. Stafford and associates for performing said work, and provided further, that all of said help shall be employed pursuant to the provisions of Article XIII of the Charter of the City and County of San Francisco.

The foregoing resolution, presented by Supervisor Jesse C. Colman, was *lost* by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Harrelson, Hayden, Marks, Roncovieri, Stanton, Todd—9.

Noes—Supervisors Deasy, Gallagher, Havenner, Kent, McSheehy, Powers, Schmidt—7.

Absent—Supervisors Bath, Shannon—2.

Whereupon, Supervisor Colman changed his vote from *aye* to *no* and gave notice of reconsideration.

Motion.

Supervisor Colman, seconded by Supervisor Harrelson, moved for reconsideration.

Motion *carried*.

Whereupon, Supervisor Colman moved the adoption of the following resolution:

Resolution No. ——— (New Series), as follows:

Resolved, That in the performance of the work of appraising the taxable improvements in the City and County of San Francisco, under any contract that may be entered into with James G. Stafford and associates, the following procedure be adhered to as far as practicable by the parties to said contract:

(a) That said James G. Stafford

and associates classify all nontechnical positions in its organization with reference to the duties to be performed and the approximate number of positions in each classification.

(b) That such classification be filed with the Civil Service Commission.

(c) That said Civil Service Commission shall report to the Finance Committee of this Board as to whether said Commission has upon its register a list of eligibles who have taken and passed a competitive examination that will qualify them to fill the position and discharge the duties set forth in the classification mentioned in paragraph "a".

(d) In the event that there are such eligibles, said James G. Stafford and associates shall request the Civil Service Commission to certify such eligibles as will be necessary to perform the duties described in said classification and as required by Section 9 of Article XIII of the Charter, and employment shall be given by said James G. Stafford and associates to such certificated eligibles for a probation period of one week. If at the end of said probationary period of one week the service of said employee be deemed satisfactory, then the Finance Committee shall place the name of said employee (should he so desire) upon the payroll of the City and County, and his compensation from the date of his employment shall be paid by the City and County of San Francisco and the amount thereof shall be deducted from any sum due to said James G. Stafford and associates.

(e) In the event that the Civil Service Commission shall report that there is no list or register of eligibles as described in paragraph "c", or when any eligible list is exhausted, said James G. Stafford and associates may appoint any person qualified to perform the required duties.

(f) That the compensation of all employees shall be fixed by said James G. Stafford and associates subject to any provision in the contract relative thereto.

(g) That said James G. Stafford and associates shall have the right to discharge any employee for incompetence, willful disobedience, inattention to duties or for conduct prejudicial to the morale of the organization, or upon the completion of the service required

(h) That said James G. Stafford and associates shall have the right to select a reasonable number of experts as may be necessary to perfect a unified and effective organization and afford the means of instructing other employees in the details of the work to be performed.

Motion.

Supervisor Colman moved the suspension of the rules and the privilege of the floor to Mr. Greenblatt and Mr. O'Connor, representing the Civil Service employees, who spoke in favor of the foregoing resolution.

Mr. Greenblatt and *Mr. O'Connor* addressed the Board in opposition to the foregoing resolution.

Whereupon, Supervisor Hayden moved to amend by substituting the following resolution:

Resolution No. 27752 (New Series), as follows:

Resolved, That in the performance of the work of appraising the taxable improvements in the City and County of San Francisco, under any contract that may be entered into with James G. Stafford and associates, the following procedure be adhered to by the parties to said contract:

(a) That said James G. Stafford and associates file, in the manner specified in Article XIII of the Charter, with the Civil Service Commission a requisition setting forth the duties of each employee to be engaged by them on the work of reappraisal, and that all said requisitions be filled, as far as the Civil Service Commission has available lists therefor, in the manner specified by said article of the Charter; and that said James G. Stafford and associates employ no others on said work in any other manner.

(b) That the foregoing does not apply to positions which are expert in their nature, provided, however, that the Civil Service Commission shall decide whether positions claimed to be expert are expert positions.

(c) That the compensation of all employees shall be fixed by said James G. Stafford and associates subject to any provision in the contract relative thereto, and the amount thereof shall be paid by the City and County and deducted from the contract price.

(d) That said James G. Stafford and associates shall have the right to discharge any employee upon the grounds and in the manner specified by Article XIII of the Charter.

By BARTLETT STEPHENS,
Assistant Superintendent.

United States Department of Agriculture, Weather Bureau, San Francisco Municipal Airport, Mills Field, Cal., August 31, 1927.

Weather Conditions for the Month of August.

Excellent flying weather prevailed at Mills Field throughout the month of August. There was no fog on the field and visibility was fine. So-called "high fog" was present over the field on a few occasions but at sufficient height that its presence did not affect the availability of the field for either arriving or departing planes.

The prevailing wind direction was west; in fact, the wind blew from some westerly quarter 96 per cent of the time. The constancy of the wind at Mills Field is shown in the following table:

Direction	Per cent of time prevailing	Average velocity (miles per hr.)
West 42		11
West northwest..26		13
West southwest..16		10
Northwest 8		12
Southwest 4		8

Total, 96 per cent; average 11 miles per hour. During the remaining 4 per cent of the time light winds blew from directions other than those listed.

Report of Education, Parks and Playgrounds Committee on McLaren Park Purchases.

The following was presented and read by the Clerk:

September 1, 1927.

Public Lands Committee, Board of Supervisors, City Hall.

Gentlemen:

Inasmuch as the purchase of lands for public purposes comes under the jurisdiction of your committee, the Committee on Education, Parks and Playgrounds refers to your committee, for its consideration, the attached communication from Mr. Adolph Uhl, requesting that the matter of the purchase of properties within the area of the John McLaren Park be opened up for discussion, and giving his reasons therefor; also, protest, signed by 60 property owners against the inclusion of their property in the John McLaren Park on the ground that the appraisement of their property proposed to be taken is unfair.

The Education, Parks and Playgrounds Committee makes the following recommendations to your committee:

1. That a special night meeting be held to which all dissatisfied parties be invited, as well as all the Supervisors; that the protesting property owners be given an opportunity to voice their complaints against the appraisals of their property; that the City's appraisers be present to defend their appraisements.

2. That in the purchase of property for the John McLaren Park preference and priority, wherever possible, be given to the small property owners.

3. That the necessary legal steps be taken immediately to place the entire area of the John McLaren Park under condemnation.

JOHN W. ROGERS,
Clerk, Committee on Education, Parks and Playgrounds.

Relative to Employment of Delos F. Wilcox by City Attorney for Market Street Railway Investigation.

The following was read by the Clerk:

September 6, 1927.

To the Public Utilities Committee and to the Finance Committee of the Board of Supervisors.

Gentlemen:

Pursuant to Resolution No. 27648,

adopted by the Honorable Board of Supervisors, I have made a preliminary investigation relative to the privately owned street railways in San Francisco. This investigation has embraced only the manner in which I may be able to fully advise your Board as to matters covered in the above resolution.

I find that the City Engineer has in his possession data, which can be brought down to date, and from which it will be possible to determine with a fair degree of accuracy the physical value of the properties of the railroads. A statement of the earnings of these roads can be obtained from the Railroad Commission.

I have had the opportunity of conferring with Mr. Delos F. Wilcox relative to the more technical portions of the investigation which you desire to be made. Mr. Wilcox has offered to make the following studies:

1. Make an analysis of franchise expirations covering all privately owned street railways, and report same with maps and summaries by dates and descriptions, together with physical properties covered by each franchise, with an approximate assignment of value of the same based upon valuations heretofore made by the City Engineer or the State Railroad Commission, and report the present condition of said properties.

2. Make an analysis of car mileage and passenger traffic on all privately owned street railway systems, said analysis to be made by operated routes supported as near as possible by franchise expirations, with special estimates for each particular route where portions of the line are operated under franchises expiring different dates.

3. Make an analysis of routing and trackage of all street railways in the city, for the purpose of determining what lines or parts of lines could be dispensed with upon the expiration of existing franchises or upon the unification of all lines under municipal ownership.

4. Make an analysis of the effects of the expiration of existing franchises upon the value and serviceability of routes or parts of routes for which the franchises do not expire until later dates.

5. Make an analysis of the effect of the unification and expansion of the street railway systems of the city under municipal ownership and operation upon the cost of service, with particular reference to the possibility of retaining the five-cent fare under those conditions.

6. Make an analysis of the valuations heretofore made by the City Engineer and the Railroad Commission, with respect to the propriety of the general rules of valuation, with particular reference to the present price trends, intangibleness, depreciation, and the effect of the approaching expiration of franchises.

7. Recommendation of the plan deemed most practicable under all circumstances for the acquisition of all or surh parts of the street railway properties now privately owned as may be required to establish a complete and unified system of street railways under municipal ownership. This will involve a consideration of the relative merits of negotiation and condemnation at the present time, as well as at the expiration of the principal franchises, and will also involve the recommendotion of any temporary agreement deemed proper between the City and the railway companies providing for the operation of said railways between the date of the expiration of their respective franchises and the date of the taking over of said railways by the City.

Mr. Wilcox estimates that this work can be completed within a period of sixty days from and after the date of its commencement, and asks a fee of $10,000, which shall include all expenses incident to the investigation, said amount to be payable as follows: On September 15, 1927, $2,000; October 1, 1927, $2,000; October 15, 1927, $2,000; upon filing the report, $4,000.

Should your Board desire this investigation made by Mr. Wilcox I will be pleased to have the necessary appropriation made to cover his expenses and the requisite authority to employ him.

Sincerely yours,

JNO. J. O'TOOLE,
City Attorney.

Ordered *filed*.

Report of Attorney for Auditor on Board of Education Tax Levy.

The following was read by the Clerk:

San Francisco, Cal.,
September 1, 1927.

Mr. Thos. F. Boyle, Auditor, City and County of San Francisco.

Dear Sir:

In response to your request for an opinion in re a communication received from the Board of

Education, wherein they make a demand that you levy a tax to cover a deficiency in the school budget which they state has been denied them by the Board of Supervisors, I beg to advise you that I have given this matter an exhaustive study and submit herein my opinion concerning the same.

I am firmly convinced that it is no part of the duties or functions of the City Auditor of San Francisco to levy any such tax as requested by the Board of Education, nor has the Auditor any such right, authority or jurisdiction in such matters.

The duties of the Auditor of the City and County of San Francisco are clearly defined in the Charter, and nowhere therein do I find any command for him to make any such tax levy or even authorizing him to do so. The only color for such a contention is found in a single sentence at the conclusion of Section 1612a of the Political Code, and the only expression of the appellate courts I can find upon the question of an interpretation of the school tax laws recently enacted by the legislature and adopted by the people is found in the case of McDonald v. Richards, decided by the Appellate Court on July 24, 1926, and found in 50 Cal. App. Dec. 690. This case, which was never appealed to the Supreme Court, was a mandamus proceeding brought against the Auditor of Butte County to compel her, as said auditor, to make a special tax levy against the taxable property located within a certain high school district to raise a certain amount of money which the Board of Supervisors had stricken out of the budget presented by the board of school trustees. The case involved directly the consideration of section 1612a of the Political Code and section 6 of article IX of the State Constitution, as amended in 1920, and indirectly section 1 of article III and section 12 of article XI of the Constitution.

The Appellate Court did not decide that it was the duty of the auditor to levy a tax. That point seems to have been passed over or evaded, for the Appellate Court, while giving judgment for the auditor, held:

"The facts before us show that the time has long since gone by when any authority exists to order any change in the tax levy already made. The different sections of the Political Code relating to levying of county taxes, the making out of the assessment rolls by the different ministerial officers having to do therewith, show that the power to direct any other assessment has ceased to exist, and that any levy, if it were possible in this proceeding for this court to so order, would but lead to confusion, and that under such circumstances mandamus will not issue. . . .

"Nor can we order the Board of Supervisors of the County of Butte to include within the tax rate to be levied for the present year a sufficient increase in rate to cover the deficit caused by the improper exercise of their legal duties in making the tax levy for the year beginning June 30, 1925, and ending June 30, 1926, for the simple reason, if for no other, that the Board of Supervisors of the County of Butte is not a party to this proceeding. We are therefore limited simply to affirming the judgment and it is so ordered."

If it were the sole duty of the Auditor to make the levy upon the failure of the Board of Supervisors, why should it be necessary to make the Board of Supervisors a party to the action?

In another part of the same decision we find these words:

"Section 6 of article IX of the Constitution (amendment of 1920) limits the legislature in providing for the levying of taxes to the Board of Supervisors, while without this provision it might be argued that some other portion of the county machinery might be seized upon for the purposes of levying a special high school tax. The people of the state have seen fit to adopt the amendment in such form as to limit the legislature in making provision for the levying of taxes to the Boards of Supervisors of the respective counties, and such function cannot, therefore, be exercised by some administrative officer," as is now being attempted in San Francisco by the Board of Education.

I cannot find in said section 6 of article IX of the Constitution any reference to the Auditor making a tax levy upon the refusal or neglect of the Supervisors so to do, nor in any event. Every reference to a tax levy in said section 6 of article IX provides for the levying of school district taxes by the Board of Supervisors, and not by the Auditor. In the absence of such authority given by the people to the legislature to impose such a duty or function upon the Auditor, I am convinced that the legislature exceeded its

authority in attempting in section 1612a of the Political Code to impose a duty upon the Auditor of levying a school tax upon the neglect or refusal of the Board of Supervisors to do so. and to that extent, at least, section 1612a of the Political Code is unconstitutional. The proper remedy of the Board of Education would seem to me to be a petition for a writ of mandamus to compel the Board of Supervisors to grant them that which they claim has been illegally withheld from them, and not against the Auditor, whose name has been illegally and improperly used in section 1216a of the Political Code.

The power to levy a tax is purely a legislative act and is no part of the duties or functions of an Auditor, and the people in adopting section 6 of article IX of the Constitution properly placed the power to impose a duty upon the Board of Supervisors in regard to levying any tax. It would seem to follow that the power to levy the tax cannot be vested in any other authority of the local corporation than the body in which is vested the legislative power of such municipal corporation, viz.: the Board of Supervisors. At all events I believe it could not vest such power in an administrative officer such as the Auditor. See McCabe v. Carpenter, 102 Cal. 469.

The Board of Supervisors has for months been investigating this matter. They are the legislative body of our municipality, and under our system of government the legislative body always controls the purse-strings. They have all the data and evidence necessary for a proper determination of this question. Nobody other than the Supervisors can levy school taxes. If the contention of the Board of Education is correct, I believe that it would be tantamount to a nullification of the provisions of the Charter with relation to the preparation of the annual budget by the Board of Supervisors and would reduce the Auditor and the Board of Supervisors, who are directly responsible to the people, to the subordinate position of mere "rubber stamps" to carry out the whim or caprice or unchecked policies of an appointive board like the Board of Education.

If the Board of Supervisors has no discretion in the matter of levying school taxes, it is difficult to understand how the Auditor, who is but an administrative officer, could be authorized to perform the duty required of him under the decision of the Supreme Court in the case of McCabe v. Carpenter, 102 Cal. 469.

There are many other legal reasons I could cite, borne out by abundant authorities, which have convinced me that the Auditor is not the proper person to levy such a tax as proposed.

For the time being I deem the foregoing reasons to be sufficient for refusing to comply with the request of the Board of Education.

Respectfully,

FRANK L. FENTON,
Attorney for Auditor.

Report of the Advisory Committee to the Board of Equalization.

The following was read by the Clerk:

August 29, 1927.

To the Honorable, the Board of Supervisors, City and County of San Francisco, San Francisco, California.

Gentlemen:

In accordance with Resolution No. 25878, dated June 29th, 1926, the text of which is as follows:

"Whereas, for the purpose of making a scientific appraisal of the taxable real property of the City and County in order that the Board of Supervisors may perform the duties imposed by law upon said Board as a board of equalization, it is essential to create an advisory committee, including experts in valuation matters;

"Resolved, That the following persons are hereby designated as such committee: Andrew J. Gallagher, Paul Scharrenberg, Philip Paschel, B. A. Banker, M. H. Gates, Henry Boyen, Paul A. Sinsheimer, the same to act in conjunction with the Finance Committee of this Board and with the Assessor, the entire number to constitute the Advisory Committee of the Board of Equalization; and, be it

"Further Resolved, That said committee be empowered to hold public hearings for the purpose of ascertaining the true values of real property subject to taxation and to report the result of its investigation to the Assessor and to the Board of Equalization on or before July 1, 1927." (Adopted by the board of Supervisors, June 28, 1926.)

We herewith hand you the results of our investigation and appraisal of the real estate of the City and

County of San Francisco for your guidance.

Yours very truly,
The Advisory Committee to the Board of Equalization.
M. D. ASHE,
Acting Secretary.

Relative to Naming San Francisco Home Port for Battleship Fleet.

The followni communications were presented, read by the Clerk and ordered *filed*.

San Francisco, Calif.
September 3, 1927.

Mr. John S. Dunnigan, Clerk San Francisco Board Supervisors, San Francisco California, Calif.

Dear Sir:

Your letter of August 30, 1927, containing a copy of a resolution adopted by the Board of Supervisors on Monday, August 29, 1927, requesting the United States Senators from California and Representatives in Congress from this City and County to petition the Secretary of the Navy to designate San Francisco as the home port of the major portion of the United States battleship fleet, received.

In answer, will say that I have taken this matter up with the Secretary of the Navy as requested in the resolution and will, when I return to Washington, continue my efforts, as I have in past years, to make San Francisco harbor attractive not only for the vessels of the United States battleship fleet, but also for the merchant marine and world's commerce as well.

Yours very truly,
RICHARD J. WELCH.

Vice-President.

Communication From City Attorney Relative to Mandate Compelling Board of Supervisors to Levy Tax for School Purposes.

The following was read by the Clerk:

September 6, 1927.

Hon. Board of Supervisors, City Hall, City.

Gentlemen:

Please be advised that the Board of Education has made application to the Supreme Court for a writ of mandate compelling the Board of Supervisors to levy a sufficient tax to produce the entire sum demanded by the Board of Education for the support of the San Francisco schools for the current year.

The acting Chief Justice of the Court has advised me that this writ will be heard on Wednesday, September 7th, at 2 p. m., and that the Court will endeavor to arrive at a decision in the matter by Monday, the 12th inst.

In view of the filing of this petition, which will lead to a definite settlement of the questions involved between the Board of Education and your Board, I would strongly recommend that you postpone further action on the adoption of your tax levying ordinance until Monday, September 12th. I hope by that date the Supreme Court will have arrived at a decision in the matter and if it is favorable to your Board you can finally make your tax levy on that date, and should the decision be otherwise the ordinance may be amended so as to permit a final passage on the 19th.

Sincerely yours,

JNO. J. O'TOOLE,
City Attorney.

City Attorney to Protect City's Interest in Proposed New Water Main Down the Peninsula.

Supervisor Shannon presented:

Resolution No. 27783 (New Series), as follows:

Resolved, That, in the matter of the pending application of the Spring Valley Water Company to the Railroad Commission for a supplemental order authorizing the construction of an additional pipe line from Lake San Andreas to the Laguna Honda Reservoir and in addition thereto the construction of certain additions to Stanford Heights Reservoir, and an additional pipe line therefrom to the Presidio Tank, at a total cost of approximately $2,200,000, which said sum is to be amortized out of existing water rates during the present option of the City to purchase the Spring Valley property, that the City Attorney be and he is hereby authorized to consent that said addition and improvements are necessary in order to furnish the inhabitants of San Francisco with an adequate supply of water. And be it also

Resolved, That the City Attorney should contend that said improvements when made and the costs thereof fully amortized should become the property of the City whether the City's option to purchase the Spring Valley property is exercised or not, and that the City Attorney should further contend before the said Railroad Commission for a more equitable division of the surplus earnings of the company between the City and the company than is asked for in the aforesaid application.

Adopted by the following vote:

Ayes—Supervisors Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd.—12.

Granting Market Street Railway Company Permission to Operate Automobile Busses.

Resolution No. 27762 (New Series), as follows:

Resolved, That Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at the will of the Board of Supervisors, to maintain and operate automobile busses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Mission and Maynard streets, thence along Maynard street to Craut street; thence along Craut street to Silver avenue; thence along Silver avenue to San Bruno avenue; thence along San Bruno avenue to Felton street; thence along Felton street to Bowdoin street; thence along Bowdoin street to Silver avenue; thence along Silver avenue to Mission street, and thence along Mission street to the intersection of Maynard street and the point of commencement.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and to the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said busses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and terminate, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceeding instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said busses will at all times be operated by skillful operators, and in the operation of the same the said Market Street Railway Company will comply with all the State and Municipal rules, laws and regulations.

(c) That on said busses operated under this permit a fare of five cents for each passenger shall be charged, which said fare when paid on a bus traveling toward Mission street lines and San Bruno avenue line of the Market Street Railway Company, shall entitle said passenger to a transfer to said Mission street and San Bruno avenue lines, provided further that said Market Street Railway Company shall issue to passengers on its Mission street lines and San Bruno avenue line transfers which shall be accepted in lieu of fare on said busses traveling over the routes herein described.

(d) That the permit herein granted shall not be assigned or transferred without the consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit subject to all of the conditions herein contained.

Ayes—Supervisors Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—12.

Absent — Supervisors Badaracco, Bath, Byington, Deasy, Harrelson, Kent—6.

Regulating Moving Travel and Traffic of Motor Vehicles and Regulating Weights and Speed Thereof.

Bill No. 8177, Ordinance No. 7690 (New Series), as follows:

Regulating moving travel and traffic of motor vehicles and regulating weights and speed thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any motor or other vehicle to be operated on or over any public street on wheels, rollers or otherwise, except when transported in or on vehicles running exclusively on stationary rollers or tracks, in excess of a total weight, including load, of 30,000 pounds, when such motor or other vehicle is equipped with four wheels running on a highway, or in excess of a total weight, including load, of 40,000 pounds, when such motor or other vehicle shall be equipped with six wheels running on the highway, and with three axles not less than 96 inches apart; provided, however, that hauling or moving of a single article which, added to tare of vehicle, would make a greater weight than above named, shall not be prohibited.

Section 2. It shall be unlawful for any motor or other vehicle to be operated over any public highway the weight of which, including load, resting on the surface of the highway, exceeds seven hundred and fifty pounds upon any inch of the channel base width of tire; nor shall the weight on any one axle be in excess of twenty-two thousand pounds, nor on any one wheel of eleven thousand pounds.

Section 3. It shall be unlawful for the driver of a motor vehicle to drive the same upon any public highway in the City and County of San Francisco, except in conformity with the weights hereinabove specified, or at a speed in excess of the following:

When gross weight of vehicle and load is nine thousand pounds or more than twelve thousand pounds, maximum speed 20 miles per hour.

Over twelve thousand pounds but not over twenty-two thousand pounds, maximum speed 15 miles per hour.

Over twenty-two thousand pounds, maximum speed 12 miles per hour.

Section 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined for each and every offense not more than three hundred ($300) dollars, or by imprisonment for a term not exceeding three months in the County Jail of the City and County of San Francisco, or by both such fine and imprisonment.

Traffic Ordinance.

Bill No. 8178, Ordinance No. 7691 (New Series) as follows:

An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith.

Be it ordained by the People of the City and County of San Francisco as follows:

ARTICLE I.

Definitions.

Section 1. Whenever in this ordinance the following terms are used, they shall have the meanings respectively ascribed to them in this section:

Street—Every way set apart for public travel except alleyways, bridle paths and foot paths.

Roadway—That portion of a street between the regularly established curb lines.

Alley—A public highway with a roadway of less than 20 feet.

Sidewalk—That portion of a street between the curb lines and the adjacent property lines.

Intersection—The area embraced within the prolongation of the property lines of two or more streets which join at an angle, whether or not one such street crosses the other.

Crosswalk—That portion of the

roadway included within the prolongation of curb and property lines at street intersections, and other places marked in accordance with the provisions of this ordinance.

Safety Zone—That marked portion of a roadway reserved for the exclusive use of pedestrians.

Loading Zone—That space adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials.

Vehicle—Every device or animal by which any person or property is or may be transported or drawn upon a street, excepting devices moved by human power or used exclusively upon rails. For the purpose of this ordinance a bicycle shall be deemed a vehicle.

Street Car—Every device traveling exclusively upon rails when upon or crossing a street, other than devices propelled by steam.

Pedestrian—Any person afoot.

Operator—Any person who is in actual physical control of a vehicle or street car.

Traffic—Vehicles and street cars, either singly or together, while using any street for purposes of travel.

Central Traffic District—That portion of this City bounded by and including the following parts of streets:

Mission street from Fifth to First; First street from Mission to Market; Battery street from Market to Pine; Pine street from Battery to Sansome; Sansome street from Pine to California; California street from Sansome to Kearny; Kearny street from California to Sutter; Sutter street from Kearny to Stockton; Stockton street from Sutter to Post; Post street from Stockton to Powell; Powell street from Post to Market; Fifth street from Market to Mission.

Business District—The territory contiguous to a street when fifty per cent (50%) or more of the frontage thereon for a distance of three hundred (300) feet or more is occupied by buildings in use for retail or wholesale business; also any territory contiguous to a street which is immediately adjacent to or a continuation of a street within a business district when such territory is so designated by the Police Department.

Right of Way—The privilege of the immediate use of the street.

Park—To stand a vehicle for a period of time greater than is reasonably necessary for the actual loading or unloading of persons or materials.

Official Warning and Direction Signs—All warning and direction signs and signals not inconsistent with this ordinance heretofore and hereafter placed or erected under this ordinance or by authority of the Board of Supervisors.

ARTICLE II.

Authority of Police. Traffic Signs and Signals.

Section 2. Obedience to Police. Officers of the Police Department are hereby authorized to direct all traffic by means of visible or audible signal, and it shall be unlawful for any person to refuse or fail to comply with any lawful order, signal or direction of a traffic or police officer. It shall be unlawful for any person to direct or attempt to direct traffic unless authorized to do so by order of the Chief of Police.

Section 3. Signs. The Board of Supervisors shall by resolution determine and designate the character of all official warnings and direction signs and signals. Subject to this selection, the Police Department is hereby authorized, and as to those signs required hereunder it shall be its duty, to place and maintain or cause to be placed and maintained all official warning and direction signs and signals. All signs authorized and required hereunder for a particular purpose shall be uniform.

No provision of this ordinance for which signs are required shall be enforceable against the alleged violator if at the time and place of the alleged violation the sign herein required is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

Section 4. Obedience to Traffic Signs. It shall be unlawful for any operator or pedestrian to disobey the instructions of any mechanical or electrical traffic signal, traffic sign or marks upon the street placed in accordance with the provisions of this ordinance, provided every sign or mark made by the use of paint upon the curb shall bear thereon the official emblem of the City of San Francisco.

No public utility or department in this City shall erect or place any barrier or sign unless of a type first approved by the Board of Supervisors. It shall be unlawful for any operator or pedestrian to disobey the instructions of any barrier or sign approved, as above provided, erected or placed by a public utility or by any department of this City.

Section 5. Traffic Stop and Go Signal Legend. Whenever traffic at any intersection is regulated by a stop and go mechanical or electrical

signal, the following colors may be used, and none other, and those colors herein authorized shall indicate as follows:

Red, or the word Stop, except in flashing signals, requires that traffic shall stop and remain standing.

Green, or the word Go, requires that traffic shall move and continue in motion, except when stopped for the purpose of avoiding an accident or in the event of other emergency or when stopped at the command of a police officer.

Amber shall indicate preparation for a change in the direction of traffic movement. When amber is shown no traffic shall enter the intersection until a green or "Go" signal is shown.

Bells. The ringing of a bell in connection with any mechanical or electrical traffic signal shall indicate preparation for a change in the direction of traffic movement. When such bell is sounded no traffic shall enter the intersection until a green or "Go" signal is shown.

Section 6. The Police Department Required to Establish Cross-walks. The Police Department is hereby authorized and required to establish and maintain and to designate upon the surface of the roadway, by appropriate devices, marks or white lines, cross-walks at all places where in its opinion there is particular danger to pedestrians crossing the roadway.

Section 7. Display of Unauthorized Signs Prohibited. It shall be unlawful for any person to place or maintain or to display any device, other than an official warning or direction sign or signal erected under competent authority, upon or in view of a street, which purports to be, or is an imitation of, or resembles, an official warning or direction sign or signal, or which attemps to direct the movement of traffic or the actions of operators and any such prohibited device shall be a public nuisance, and the Police Department may remove it, or cause it to be removed, without notice.

It shall be unlawful for any person to willfully deface, injure, move or interfere with any official warning or direction sign or signal.

Section 8. Emergency Vehicles Exempt from Certain Rules. The provisions of this ordinance regulating the movement, parking and standing of vehicles shall not apply to ambulances, vehicles of the Police Department, of the Sheriff's office, of the Fire Department or of a public utility while the driver of any such vehicle is engaged in the necessary performance of emergency duties.

ARTICLE III.

Pedestrians.

Section 9. Pedestrians's Right of Way at Intersections.

(a) It shall be unlawful for the operator of any vehicle or street car to drive into any crosswalk which is marked as provided in Section 6 of this ordinance while there is in such crosswalk upon the half of the roadway upon which such vehicle is traveling any pedestrian engaged in crossing the roadway until such pedestrian shall have passed beyond the path of said vehicle.

(b) It shall be unlawful for the operator of any vehicle to drive onto any unmarked crosswalk while there is in such crosswalk upon the half of the roadway upon which such vehicle is traveling any pedestrian engaged in crossing the roadway until such pedestrian shall have passed beyond the path of said vehicle, when the pedestrian shall indicate his intention to cross by a timely and continuous warning by holding up of his hand, palm out toward approaching traffic.

(c) The operator of a vehicle shall stop before entering any crosswalk when any other vehicle proceeding in the same direction is stopped at such crosswalk for the purpose of permitting a pedestrian to pass.

(d) The foregoing provisions of this section shall not apply at intersections where traffic is being directed by an officer or a traffic stop and go signal, at which intersections the rights of pedestrians and operators of vehicles shall be exercised under the direction of the officer or traffic signals.

Section 10. Pedestrian's Limited Right to Use of Roadway. When within the Central Traffic District or a Business District, no pedestrian shall cross a roadway other than by a crosswalk.

Outside of the Central Traffic District or a Business District no pedestrian shall cross a roadway other than by a route at right angles to the curb and when crossing at any place other than a crosswalk shall yield the right of way to all vehicles upon the roadway.

It shall be unlawful for any person to be in any roadway other than in a safety zone or crosswalk, provided that this provision shall not be construed to prevent the necessary use of a roadway by a pedestrian.

It shall be unlawful for any person to stand in a roadway for the purpose of or while soliciting a

right from the operator of any private vehicle.

Section 11. Pedestrians to Obey Signals. At intersections where traffic is directed by a traffic or police officer or by a traffic stop and go signal, it shall be unlawful for any pedestrian to cross the roadway other than with released traffic.

Section 12. Pedestrians Standing on Sidewalks. In the Central Traffic District or in any Business District it shall be unlawful for any pedestrian to stand on the sidewalk, except as near as is practicable to the building line or the curb line.

ARTICLE IV.

Rules for Driving.

Section 13. Method of Approach for Left Turn. The operator of a vehicle intending to turn to the left at an intersection or into an alley or driveway shall approach the point of turning in the line of traffic next to the center of the roadway.

Section 14. Method of Turning to Left at Intersections. The operator of a vehicle in turning left at an intersection shall pass to the right of the center of the intersection before turning, except that where markers have been placed upon the intersection boundary lines to be crossed by the vehicle, the operator shall pass to the right of such markers.

Section 15. Location of Turning Markers. The Police Department is hereby authorized, and as to those intersections mentioned in paragraph (1) of this section it shall be its duty, to place, or cause to be placed, turning markers in intersections as follows:

(1) Within intersections where either intersecting roadway is less than sixty (60) feet in width and in intersections where streets meet at other than right angles and in intersections where one street terminates in another, a marker shall be placed at every intersection of the medial line of each street, with the prolongation of the curb lines of the intersecting street, or as near the intersecting point of said lines as may be practicable.

(2) Intersections other than those mentioned in paragraph (1) may be marked as provided in paragraph (1), or a single marker may be placed within such intersection at the intersection of the medial lines of the intersecting streets.

Section 16. Left Turns Prohibited. The operator of a vehicle shall not between the hours of seven (7) a. m. and six (6) p. m. of any day, excepting Sundays and legal holidays, make a left turn upon any part of Market street between the easterly line of The Embarcadero and a prolongation of the easterly line of Eleventh street, nor from Ellis street into Stockton street, Golden Gate avenue into Taylor street, Geary street into Kearny street, Post street into Montgomery street.

Provided, however, that the operator of a vehicle upon any of the following streets may turn to the left into Market street: Sansome street, Sutter street, Grant avenue, O'Farrell street, Mason street. Turk street, Jones street, McAllister street, Fulton street, Leavenworth street. Signs shall be erected and maintained designating the provisions of this section.

Section 17. Method of Approach for Right Turn. The operator of a vehicle intending to turn to the right at an intersection or into an alley or driveway shall approach the point of turning in the line of traffic nearest the right-hand edge or curb of the street.

Section 18. When Right Turns May Be Made. Within the Central Traffic District a right turn may be made at controlled intersections only while a "Go" signal is given. Elsewhere, after making a full stop at the nearest intersection line a right turn may be made while either a "Go" or "Stop" signal is given, subject to the rights of pedestrians.

Section 19. Turning Around at Intersections Prohibited. The operator of a vehicle shall not within the Central Traffic District or any Business District between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays or legal holidays, turn such vehicle at an intersection in a complete circle or so as to proceed in the opposite direction.

Section 20. Driving from Alleys. The operator of a vehicle emerging from an alley or driveway or garage shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across an alleyway.

Section 21. Vehicles Shall Not Be Driven on Sidewalks Nor in Safety Zones. The operator of a vehicle shall not drive within any sidewalk area except at a permanent or temporary driveway, nor upon any portion of the roadway which is designated and marked as a safety zone.

The Police Department is hereby authorized to establish and maintain by signs, paint marks or other material, safety zones at such street

car stops and at such other places as in its discretion require such safety zones.

Section 22. Traffic Lanes. The Police Department is hereby authorized to mark traffic lanes upon the roadway where a regular alignment of traffic is necessary. Where such lanes have been marked and signs have been erected instructing the operators to keep in line it shall be unlawful for any operator to fail to keep his vehicle within the designated boundaries.

Section 23. Certain Vehivles Prohibited in Central Traffic District. (a) It shall be unlawful for the operator of any of the following vehicles to drive the same in the Central Traffic District between the hours of seven (7) a. m. and six (6) p. m. of any day except Sundays or legal holidays:

(1) Any vehicle so loaded that any part of its load extends more than three (3) feet to the front or more than ten (10) feet to the rear of said vehicle, or which with its load is more than eight and one-half (8½) feet in width.

(2) Any vehicle primarily designed or used for the purpose of advertising.

(3) Any vehicle used for the transportation of garbage, ashes or refuse.

(4) Any vehicle used primarily for the transportation of gasoline or fuel oil.

Section 24. Arterial Streets. The following streets and parts of streets are hereby declared to constitute arterial streets for the purpose of this section:

hicle to cling to or attach himself or his vehicle to any other moving vehicle or street car upon any roadway.

Section 34. Use of Coasters, Roller Skates and Similar Devices Restricted. It shall be unlawful for any person upon roller skates or riding in or by means of any coaster, toy vehicle or similar device to go upon any roadway or upon any sidewalk in the Central Traffic District.

ARTICLE V.

Stopping, Standing and Parking.

Section 35. Stopping Prohibited in Specified Places. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection;

(2) In a cross-walk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the surb immediately opposite the end of a safety zone;

(4) Within twenty (20) feet of an intersecting roadway;

(5) Within twenty (20) feet of the entrance to any fire station.

Upon all streets within the Central Traffic District or any Business District the Police Department shall designate the provisions of paragraphs (3) and (4) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area omitting any cross-walk area.

Section 36. Standing for Loading Only in Certain Places. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes; nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes, in any of the following places:

(1) In any public alley in the Central Traffic District or in any Business District during any hour of any day;

(2) In any loading zone, between the hours of seven (7) a. m. and six (6) p. m. of any day;

(3) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hospital during any hour of any day;

(4) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any police station during any hour of any day;

(5) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hotel during any hour of the day;

(10) At any place where the grade of the roadway exceeds twenty (20) per cent.

(b) It shall be unlawful for any operator of a vehicle to stand said vehicle in a duly established taxicab stand, provided, however, that this provision shall not apply to the operators of duly licensed taxicabs authorized to occupy said stands.

(c) Suitable signs shall be placed and maintained by the Police Department to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones as defined by Section 1 of this ordinance, provided that, in the Central Traffic District or in any Business District, as herein defined, a curb space not to exceed fifty (50) per cent of the total curb length of any street between intersections may be reserved for loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in emergency by the Police Department at any place where required by public convenience.

Section 37. Parking Prohibited on Certain Streets. Between the hours of seven (7) a. m. and six (6) p. m. of any day, excepting Sundays and legal holidays, it shall be unlawful for the operator of a vehicle to stop said vehicle for a period of time longer than is necessary for

the actual loading or unloading and delivery of passengers or materials in any of the following places: Stevenson street, Minna street, Natoma street, Ecker street, Shaw alley, Anthony street, Annie street, Aldrich alley, Sherwood place, Harlan street, Mark lane, Claude lane, Hardle place, Trinity street, Treasury place, Petrarch place, Beldon street, St. George alley, St. Anne street, Quincy street, Catham place, Monroe street, Fells or Fella place, Hooker alley, Mulford alley, Austin street, Hunt street, Opera alley, Holland court, Mint street, Mary street, Russ street, Julia street, Laskie street, Elim alley, Linden street, Opal place, Hobart alley, Ophir alley, Touchard street, Glasgow street or Anna lane, Cohen place, Willow street, Olive street, Antonio street, Steveloe place, Latham place, Dikeman place, Carlos street, Harlem alley, Emma street, Ivy street, Dale place, Redwood street, Dodge street, Elm street, Wagner alley, Gardner street (or) place, Ashburton place, Campton place, Agate alley, Fern street, Burritt street, Tillman alley, Cosmos place, Hemlock street, Ade court, Mabel alley, Amity alley, Myrtle street, Cedar street, Meacham place, Colin place, Maggie alley, Shannon street, Adlaide street, Derby street, Vermehr place, Anson place, Chelsea place, Bren place, Maiden lane, Jessie street, Montgomery street between Market street and California street, on the east side of Grant avenue between Bush street and Broadway, and on the north side of Pacific avenue between Columbus avenue and Van Ness avenue.

Signs shall be erected and maintained not more than one hundred fifty (150) feet apart in each block designating the provisions of this section.

Section 38. Parking Time Limited in the Central Traffic District. The operator of a vehicle shall not park such vehicle for longer than forty (40) minutes within the Central Traffic District between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays or legal holidays, and subject to the special restrictions imposed by Sections 35, 36 and 37.

Signs shall be erected and maintained not more than one hundred fifty (150) feet apart in each block designating the provisions of this section.

Section 39. Parking Time Limited in Business Districts. The operator of a vehicle shall not park such vehicle for longer than sixty (60) minutes within any Business District between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays or legal holidays, and spbject to the special restrictions imposed by Sections 35 and 36.

Signs shall be erected and maintained not more than one hundred fifty (150) feet apart in each block to designate the provisions of this section.

Section 40. Early Morning Parking Limited. It shall be unlawful for the operator of any vehicle to park said vehicle on any street for a period of time longer than one (1) hour between the hours of three (3) a. m. and five (5) a. m. of any day.

Section 41. Standing or Parking Close to Curb. The operator of a vehicle shall not stand or park such vehicle in a roadway other than parallel with the curb and with the two right-hand wheels of the vehicle within one (1) foot of the regularly established curb line, except that upon those streets which have been marked for angle parking, as provided in this section, vehicles shall be parked at the angle to the curb indicated by such marks.

The Police Department is hereby authrized to determine upon what streets angle parking shall be permitted and to indicate such places by the placing of white lines upon the surface of the roadway to indicate the proper angle for parking, provided that such lines shall not be placed upon, nor shall angle parking be permitted upon any street where such parking would diminish the width of the roadway available for travel to less than twenty (20) feet, nor upon any street where there is less than thirty (30) feet between the curb and the nearest rail of any street car track, nor upon any arterial street.

Section 42. Parking on Grades Regulated. It shall be unlawful for an operator to stand or park any vehicle upon any street, the grade of which exceeds five (5) per cent, without setting the brakes thereon and blocking the wheels of said vehicle by turning them against the curb, or by other means.

Section 43. Parking Vehicles for Sale. It shall be unlawful for the operator of any vehicle to park the same upon any street for the purpose of displaying it for sale, or to park any vehicle upon any street in the Central Traffic District or any Bushiness District from which said vehicle merchandise is being sold.

ARTICLE VI.

Street Cars.

Section 44. Rules Applicable to Vehicles Passing Street Cars. The

driver of a vehicle overtaking any railway, interurban or street car, stopped or about to stop for the purpose of receiving or discharging any passenger, shall bring such vehicle to a full stop at least ten (10) feet in the rear of such street car and remain stationary until any such passenger has boarded such car or reached a place of safety, except that where a safety zone has been established, or at an intersection where traffic is controlled by an officer or a traffic stop and go signal, a vehicle need not be brought to a full stop before passing any such railway, interurban or street car, but may proceed past such car at a speed not greater than is reasonable or proper and in no event greater than ten (10) miles an hour and with due caution for the safety of pedestrians.

Section 45. Driving on Street Car Tracks, Passing Safety Zones. (a) It shall be unlawful for the operator of any vehicle proceeding upon any street car tracks in front of a street car to fail to remove said vehicle from said tracks as soon as practicable after signal from the operator of said street car.

(b) On Market street from The Embarcadero to Van Ness avenue, it shall be unlawful to drive any vehicle to the left of any safety zone established at a regular street car stop.

It shall be unlwaful to drive any vehicle to the left of any safety zone established in the City if the roadway to the right of said safety zone is immediately available for travel.

Section 46. Street Car Speed. The operator of a street car upon a street shall operate the same at a careful and prudent speed, and subject to this limitation, may lawfully proceed at a speed not exceeding the following.

(1) Fifteen (15) miles per hour:

(a) In a Business District;

(b) When passing a school while persons are entering or leaving the grounds;

(c) When traversing curves where the operator does not have an unobstructed view along the track for a distance of two hundred (200) feet;

ARTICLE VII.

Penalties.

Section 48. Penalty. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished for the first offense by a fine not to exceed fifty ($50.00) dollars, or by imprisonment in the City Jail for not more than five (5) days; for a second offense within a period of one (1) year from the date of the first offense by a fine not to exceed one hundred ($100.00) dollars, or by imprisonment in the City Jail for not more than ten (10) days, or by both such fine and imprisonment; for a third and each additional offense committed within one (1) year from the date of the first offense by a fine not to exceed three hundred ($300.00) dollars, or by imprisonment in the City Jail for not more than three (3) months, or by both such fine and imprisonment.

Section 49. Disposition of Fines and Forfeitures. All fines collected upon conviction of, and all forfeitures of bail collected upon default of any person charged with a violation of any of the provisions of this ordinance shall be paid into the treasury of the City and County of San Francisco, and placed temporarily to the credit of the Unappropriated Fee Fund, and after settlement of the said fund between the Treasurer and Auditor, deposited by the Treasurer in the General Fund. The Auditor shall furnish to the Board of Supervisors, on the first of each and every month, a statement showing the amount of all moneys collected during the previous month, under and by virture of this section.

Section 50. Effect of Ordinance. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sen-

tence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 51. Repeal. Ordinance No. 1857 (New Series), as amended, is hereby repealed, and all ordinances or parts of ordinances in conflict with or inconsistent with the provisions of this ordinance are hereby repealed, except that this repeal shall not affect or prevent the prosecution or punishment of any person for any act done or committed in violation of any ordinance hereby repealed prior to the taking effect of this ordinance.

Section 52. Publication of Ordinance. The Clerk of the Board of Supervisors shall certify to the passage of this ordinance and cause the same to be published.

Report of Education, Parks and Playgrounds Committee.

The following was presented and read by the Clerk:

September 2, 1927.

Board of Supervisors, City Hall.

Gentlemen: The Committee on Education, Parks and Playgrounds recommends the adoption of a resolution on today's calendar, introduced by Supervisor Marks some time ago, requesting the Committee on Education, Parks and Playgrounds to investigate the feasibility of using the vacant school lot between Twelfth and Thirteenth avenues, Geary and Anza streets, for playground purposes until such time as a decision is reached as to the ultimate use of said lot, and to report to the Board whether or not said lot can, by slight expenditure, be thus utilized.

If this resolution is adopted and it meets with the Board's approval, the Committee will inquire of the Playground Commission if it is willing to put this lot in condition and use it for playground purposes. If the Playground Commission in-

dicates its willingness to do so, the Committee will then recommend that the matter be taken up with the Board of Education to secure its consent to the temporary use of the lot as a playground.

Respectfully submitted,
ANDREW J. GALLAGHER,
W. P. STANTON,
LOUIS F. BYINGTON,
Committee on Education, Parks and Playgrounds.

Playground, Block, Geary and Anza Streets, Twelfth and Thirteenth Avenues.

Whereas, the taxpayers, the parties most interested and affected by the report of the Bureau of Appraisal, have no convenient method of ascertaining the effect of the report on their respective properties; and

Whereas, no special representation of such taxpayers is before this Board; and

Whereas, it would be a task of utmost magnitude, difficulty and loss of time for such taxpayers individually to have recourse for examination to the official report filed in the office of the Clerk of this Board, especially in view of access thereto only during business hours; therefore, be it

Resolved, That this Board provide a means of notifying every taxpayer of the valuation placed on his property by the Bureau of Appraisal as per report filed with this Board and with the Assessor; and

Further Resolved, That to every tax bill of the current fiscal year there be attached by the Tax Collector, a "unit value map" showing the valuation placed by the Bureau of Appraisal on every lot in each block wherein is situate the property in such tax bill described.

Referred to Finance Committee.

ADJOURNMENT.

Whereupon, the Board at 6:25 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Opinion of City Attorney That Board of Supervisors Should Levy Tax for Amount Required by Board of Education Budget.

The following was presented, read

and ordered *spread in the record*:

September 12, 1927.

Hon. Board of Supervisors, City Hall, City.

Dear Sirs:

I am in receipt of the following telegram from the Clerk of the Supreme Court, which court is now in session at Los Angeles:

"Applications of Griffin and Jackson for mandate are denied, opinion by Justice Langdon, all concurring except Justice Preston, who dissents. In the matter of the application of Esberg, it is ordered that the peremptory writ issue as prayed for, opinion by Justice Shenk, all concurring. Opinions will be transmitted by mail at once to my San Francisco office, please notify that office and advise the newspapers.

B. GRANT TAYLOR,
Clerk of the Supreme Court."

The application of Griffin, referred to in the telegram, was the application against the Auditor to compel the audit of the demand of Griffin at the salary fixed by the Board of Election Commissioners.

The application of Jackson was the action brought by the Election Commissioners against the Board of Supervisors to compel an increased levy of taxes to meet the amount of the budget as submitted by the Election Commission. The effect of the decision of the court in this matter is that the Board of Supervisors need not levy any additional tax to meet the demands of the Election Commission.

The matter of the application of Esberg is the application of the Board of Education to compel the Board of Supervisors to levy a tax which will produce the amount demanded in the budget filed by that Board.

Thus far the opinions of the court have not been transmitted, but in view of the fact that the clerk has advised me that the writ has been issued as prayed for, I take it that this writ directs the Board to levy such a tax as will produce the total amount asked for by the Board of Education in the respective budgets which they have filed with your Board.

In view of the issuance of this writ I believe that it is the duty of your Board to levy a tax which will produce the total amount asked for by the Board of Education in their budgets as filed with you on August 13, 1927.

Respectfully,

JNO. J. O'TOOLE,
City Attorney.

PRESENTATION OF PROPOSALS.

Quorum present.

His Honor Mayor Rolph presiding.

Reception to Wm. Hale Thompson of Chicago.

The Chairman: Gentlemen of the Board and my fellow citiezns, 3 o'clock was the hour set apart by his Honor William Hale Thompson, the Mayor of the second largest city in the United States, and destined to become the largest city in the United States—Chicago—as the time when we might have the opportunity of bidding him welcome here in the official chambers of the City and County of San Francisco.

It has been my pleasure on two different occasions in the past to be seated alongside of his Honor, the Mayor of Chicago, in the legislative chambers of the Council of the City of Chicago. We feel highly honored today that he should be seated here alongside of the Mayor of this City here in the City of San Francisco. We have arranged a program. The members of the Board will say a few words, and we are here to welcome him as the guest of the City. This is not his first visit to San Francisco. I have met him three times here in San Francisco since I have been Mayor: first:, during the World Exposition of 1915, when he came to dedicate the Illinois Building and the large exhibit of the City of Chicago, and on that particular day when he arrived in the morning he received word of the capsizing of the ferry steamer "Eastland" with 1700 children and picnickers aboard, 830 odd losing their lives in that disaster, and while I assisted in his welcome to San Francisco in the morning, the exercises were postponed on that day and he left that evening to return to Chicago to take up the work of sorrow that was caused by that sad accident. He came later to San Francisco and participated in the dedication of the Illinois Building and the Chicago exhibit therein, and he has been here on another occasion. Many of you, my fellow colleagues, have visited him in the legislative chambers of the City of Chicago. We have always received a warm handshake from this man, one of the best known officials in the United States.

He is here with us now for but a day. He has come here to tell us about flood control of the Mississippi River district. He has come here to tell us about the horrors of that disaster, to which you generously contributed and our fellow citizens contributed away beyond our quota. He has come here to tell us about America first, to instill, inculcate and develop to the highest degree America and America's problems to be solved by Americans.

He is one of the outstanding figures in the United States, and we are proud that he should have chosen San Francisco as one of the cities that he has in his itinerary to visit, and we welcome him to this, our City Hall. (Applause.)

Mr. Mayor, you delivered a wonderful address today before the business men of this community. Your words were carried through the microphone and over the air to all who were listening in on the radio. It was a great message, and you will hear today from the Supervisors that were there, as well as myself, that it was a message that we were very glad to receive.

You have not been in this City Hall before. It is practically a new building. I like to tell people in our modest way that its dome is 37 feet loftier than the dome of the Capitol at Washington. (Applause.) It is a building that we take pride in. It is an American building, and when its dome rises 37 feet loftier than the nation's Capitol Building at Washington, it is America first with us.

I welcome you here in the name of the people of this City. I welcome you here upon the invitation of the Board of Supervisors, hoping that you would visit us and do us that honor. I welcome the members of your party that are with us today, the Honorable William H. Lorrimer, a former United States Senator from Illinois. (Applause.) I welcome Mr. W. H. Stuart, representative of the Chicago American. (Applause.) I welcome Mr. Robert E. Crowe, the states attorney of

Cook County, Illinois (applause); these gentlemen are all well known to you, my fellow citizens and colleagues. I welcome Mr. Charles S. Burres, a member of the executive committee, Flood Control Conference (applause). Mr. Burres is associated with Mr. William B. Joyce, chairman of the National Surety Company, the largest in all the world, who are represented here in San Francisco and which company bears a very fine name in this community. I introduce and welcome the Honorable Thomas H. Curran, chairman of the Appropriations Committee of the Illinois House of Representatives. (Applause.) He occupies the same position in the House of Representatives as the Honorable James B. McSheehy here does as Chairman of the Finance Committee of this Board (applause). I welcome Mr. James Dougherty, representing the Chicago Tribune (applause); I welcome four of the finest of Chicago's Police Department, its department quartet (applause); I welcome Mr. William Swissler, Chicago attorney (applause); I welcome Mr. Harry Ash, Assistant Attorney-General (applause). Have I left anyone out? Is the representaitve of the Chicago Daily News present? Mr. Roach. (Applause.) He just arrived today, just left President Coolidge up in the Black Hills of South Dakota, and while the Daily News has been very hostile to Mayor Thompson in the past, they have become very friendly to him now and are now giving him great support. The Daily News in Chicago might be like the Daily News in San Francisco (laughter). These are the representatives of the press in San Francisco, Mayor Thompson. (Applause.)

Now, before we go on to any speech-making I would like to call upon our orchestra to play, "Chicago, the Land of the Free, and the Home of the Brave." (Orchestral selection.) Our next number on the program will be "America First," by the Chicago police quartet.

(Quartet selection followed by encore number.)

Supervisor Gallagher, on behalf of the Board, would you express a welcome for the Board of Supervisors?

Supervisor Gallagher: Your Honor, Mayor Thompson, gentlemen of Mayor Thompson's party, my colleagues and my fellow citizens: I did not expect to be called upon to express a welcome to his Honor the Mayor this day because I knew that in your good self might well be left the doing of that pleasant task, but Mayor Thompson and his party are welcome to San Francisco in more ways than the ordinary welcomes are extended. The man who adopts as his slogan for the people of this country to look up to and to follow, a slogan of "America first," surely deserves a welcome wherever Americans assemble.

Between the City of Chicago and the City of San Francisco there has always existed—for no particular reason, unless it be that they are very largely our own kind of people—a very warm feeling of friendship. I know of no time when San Francisco may have been battling for what it thought was its rights, and California too, in the halls of Congress and the Senate but that when asked Chicago gave a favorable answer to our needs and a response that stood behind that answer that meant something.

I read somewhere very recently that in the fight somewhere on the Boulder Canyon dam project in the interest, I believe, of the State of California—and I am a little bit cloudy on the facts for I just happened to read it—the Honorable Mayor of Chicago saw fit to send or to bring, as I recollect the story, a train load of people to the defense and in behalf of the State of California to that fight. I recollect that when we were fighting in the halls of Congress for the right to hold the International Exposition the help. Recently a Congressman from Chicago, from Cook County I believe it is, Congressman Britton, formerly a resident of California and of San Francisco, made it known in the press of the country that in our fight to overrule, if we must, the dictum of the Secretary of the Navy that we could not have a transbay bridge where we desired that it should be placed, without solicitation directly on our part—probably due to the fact that he was an old Californian and probably due to that Chicago spirit which embraces most of the things that are good and most of the things that are healthful to the people of this country—Congressman Britton announced that he then and there enlisted himself in our fight to obtain from Congress and the Senate the right to construct a bridge where we, the people of San Francisco and the Bay communities felt that it should be constructed. So that many more instances of the kind, and during the Exposition of 1915, are matters in which the people of Illinois, and particularly the people of Chicago, evince their interest in

our well being, and in our Exposition by placing therein exhibits that were worthy of any state of this nation and of any city in the country.

After all, Mr. Mayor, both Mayors and gentlemen, we are just people. We are just a great family that stretches clear across this nation four ways. There are a great many differences, of course, between us as communities, but after all we are just, as I like to express it "folks," and I like to regard the people of Chicago as just plain folks.

There is another landmark in the progress of this Mayor of Chicago that has not been unnoticed by the great many thinking people throughout this country, and I have no doubt in parts of the world. Every once in a while in every community in this country there rears its head that vicious thing, that dangerous thing that is called religious bigotry. It is a thing that makes itself known at times, generally speaking, when elections are on or when issues are up and where it has no place and where men who ordinarily in everyday life agree on every other problem. Then this thing called religious bigotry rears its head and makes itself felt. Happily in most instances it is dissipated by defeat, but still it is always present.

There are a great many Americans, Mayor Thompson of Chicago, who are not a part of your community, who are not natives of your state or of your splendid city, who have not overlooked the fact that you raised your strong voice and your strong arm in the City of Chicago and in other places against the monster of religious bigotry, and I am thankful to God you were able to beat it to the dust, and I hope as long as you remain Mayor of Chicago it will stay where you put it in the last election. (Applause.)

For a Mayor of a city to take it upon himself to visit the cities of the country and call attention, with the strength that is with him both mentally, physically and as the representative of a great constituency, for him to travel throughout this great country with the mission that brings Mayor Thompson, is an undertaking worthy of any man's time and worthy of the praise of Americans throughout the country.

Mayor Thompson is calling the attention of this United States of America to the fact that because of our national neglect or because of our national short-sightedness, if I may say it, peoples in communities that are removed from us but who can suffer just as we can suffer and as we did suffer, people who have the right to life, liberty and happiness and the support of the government for those things, are made to suffer, as he thinks, unnecessarily if we but as a nation will see the problem as he sees it and as others have seen it, and will meet the problem and master it, and I congratulate you, sir, upon your mission. I have read of your further program, and it is a very broad one indeed, and we do feel even in this western end of the United States of America glad to know that you have taken the time from what must be very onorous duties in your home city to call the attention of the country to this need.

Personally, and as the son of an Irish father and mother I want now to take this opportunity, as will be taken by others, I am sure, who are more qualified to thank the Mayor of Chicago in better fashion for his consistent fight, for his consistent stand, for his potential influence on behalf of the people of Ireland in their struggle for liberty. What he did has not gone unnoticed and, while you may not meet them, Mayor Thompson, while they may not be able to clasp your hand, because, after all, it is difficult for plain people to reach the mighty, however democratic they are, there are in San Francisco a great many people in whose bodies flows the same stream of blood as flows in mine, who are very grateful to you for that fight, and in my own humble way, as a member of this Board of Supervisors, I express as best I can this appreciation. We have had visiting us many distinguished citizens, we have had the honor of entertaining notables from all over the world. We have had men who have accomplished much, whether it be international, national, in a state sense or locally. I want to assure you, the Mayor of Chicago, that you are as welcome, if not more so, than a great many people we have welcomed, and I want to assure you that our hearts are open; I want to assure your party that San Francisco wants Chicago to know that we as a city are grateful for the help you have extended in the past. I feel satisfied that the people of California are thankful and not unmindful of the aid extended to them, and I trust that when Mayor Thompson returns to his own city, as I hope

he will in good health and strength to enable him to accomplish the tasks that there await him, that he will tell the people of Chicago that out here in the West, in San Francisco, there exists for his people the friendliest possible feeling that can exist between a people of two communities. I thank you very much. (Applause.)

The Chairman: Mr. Mayor, you paid a beautiful tribute today to the pioneers that braved the storms and tempests, and you spoke of your own ancestors leaving Boston, Massachusetts, and coming around Cape Horn in a little brigantine. I feel that I should call upon a native son of California, born in one of our smaller counties, in the little town of Downieville, California, and ask him to make a reply to what I tell him was a beautiful tribute paid by you to the pioneers of this State of California. He is one of the outstanding sons of one of the native sons and native daughters of the Golden West. Supervisor Lewis F. Byington.

Supervisor Byington: Mr. Mayors and fellow citizens, I believe that those who are gathered here came to hear the Mayor of Chicago and not to any great extent the Supervisors or the citizens assembled here.

The words uttered by the Mayor, and I heard them myself, did appeal to all native sons and all citizens of California, because we believe that anybody who responds to the sentiment of the early days of California responds to the sentiment of the most historic state in the Union, because we love to think that brought here by the early Spanish padres who came from Mexico was the great spirit of hospitality, and I don't think that there is any Mayor in this country that displays that spirit of hospitality better than Mayor Rolph who presides over this City. (Applause.)

His heart warms to the people of every land, and no matter where a prominent man comes from, or woman, either, the arms of the Mayor are extended to embrace both the leading men and the leading women of all the nations of the world, and I was particularly interested in the work of the Mayor of Chicago. When it comes to a matter of flood control of the great waters of the Mississippi Valley the people of California ought to stand behind the Mayor of Chicago and ought to stand behind the people of the entire Mississippi Valley. We have a great problem of flood control in this State. The Mayor of Chicago stated that his father, many years ago, entered this greatest harbor in the world—that's true—and one of the most historic harbors in the world, and coming down into that harbor are the waters of two of the great rivers of this country, the Sacramento and the San Joaquin, and there are no more fruitful valleys in all the world than the valleys of the Sacramento and the valleys of the San Joaquin, and they need protection from floods. As to the Sacramento Valley, I myself have seen, standing on the Capitol Building at Sacramento, the floodwaters stretching all the way from the Sierra Nevadas to the Coast Range, and if the power of the federal government had been properly exercised fifty years ago in controlling the waters of the Sacramento Valley then that valley would be ten times as productive as it is today, and I hope that the Mayor of Chicago, Mayor Thompson, heading the delegation for the relief of the Mississippi Valley, will also add his great efforts towards the protection of the valleys of the San Joaquin and Sacramento of this great State of California.

Someone spoke of bridging the bay. I have not any doubt but what if we had the enterprise of the people who have come from Chicago that the bay would be bridged within two years, because bridging the bay connects the markets of Chicago with the markets of this great city standing by the Golden Gate. Everything that brings Chicago and brings New York a little bit closer to the great city of San Francisco ought to have the endorsement of the entire nation. We of California have looked forward for a great many years to the meeting of the waters of Lake Michigan with the waters of the great Mississippi in order that your trade might extend down that great valley and into the Gulf of Mexico and through the Panama Canal, and bring the trade of Chicago a little nearer to the marts of trade here in California.

I echo the spirit that was spoken of by Supervisor Gallagher in regard to America first. We are all Americans and we are all glad to say "America first." I want to see my country first in the respect and love not alone of the people of California and of the United States but great enough to deserve the respect and the love of the nations all around the world. We ought to be an example to the nations of the world of good government and of respect for the law.

I hope that we out here by the Pacific will recall the great enterprise of Chicago, and that when some future Mayor, perhaps the child of the present Mayor, comes here to the Golden Gate that we will have a population around the Bay of San Francisco, the greatest harbor in the world, exceeding the four millions of people of Chicago, and that we can then say to Chicago, "You have our best wishes that you may be the second city in America." Out here overlooking the Pacific Ocean we want San Francisco, historical San Francisco, to be the first city of this great United States of America, so that we can welcome Chicago's Mayor in the future as the Mayor of the second city of the greatest nation of the world. (Applause.)

The Chairman: Mr. Burres, I want you to meet Mr. George Allen, of San Francisco. He is the Pacific Coast representative of the National Surety Company.

Professor Sapiro, would you give us a little music, please.

(Orchestra selection.)

Mr. Mayor, there opens this morning in this city the national convention of the Exchange Clubs of the United States, and the band came from Long Beach, California, with the Exchange Club of Long Beach, and they have come here to give a serenade to San Francisco's Mayor, but I am asking them to give the serenade to you, sir, and the band is coming in to give you that serenade. (Applause.)

(Band plays march, "National Emblem," and as an encore number, "I Love You, California.")

The Chairman: Gentlemen of Long Beach, and you, Mr. Clarke, the leader of the Long Beach Municipal Band, you have very generously thought of coming here to this gathering this afternoon to do honor to the city through its Mayor by serenading him at this time. I know that you are here in our city to participate tonight at the great convention of the Exchange Clubs of the United States. I will bid you a welcome there tonight, but in coming here this afternoon you have come when we have as our special guest of honor His Honor Mayor William Hale Thompson, the Mayor of the great city of Chicago. You have done me the honor of a serenade. Will you now do His Honor Mayor Thompson the honor of a joint serenade with me before I thank you and before he thanks you for this courtesy of yours this afternoon? Can you play "Illinois"?

Mr. Clarke: We have not the music here. How would "Stars and Stripes" go?

The Chairman: Fine. I would like to say that Mr. Clarke was first aide to John Philip Sousa, so he knows his onions.

(Band plays "Stars and Stripes Forever.")

Now, Mr. Clarke, will you and your wonderful band do honor to His Honor the Mayor of Chicago with an encore. Please.

(Band plays encore number.)

A Representative of the Exchange Club: Mr. Mayor from San Francisco and Mr. Mayor of Chicago, it does not look just right, your not being members of the Exchange Club. (Presenting badges to Mayor Thompson and Mayor Rolph.)

The Chairman: Mr. Clarke, the Mayor of Chicago and myself deeply appreciate this honor you have done us both today. The Mayor will speak for himself in just a moment. May I ask your permission and you grant it for the members of your band to remain while Mayor Thompson of Chicago delivers his address? Will you do that?

Mr. Clarke: Surely.

The Chairman: Thank you. Mayor Thompson, Mr. Clarke is a former Chicagoan, and now that I have him seated with the Mayor of Chicago will the members of the band just kindly step into places that you may find along those windows there? Some of you come inside here, and I am going to present you to the Mayor of Chicago now. Will the members of the delegation from Long Beach to the Exchange Club convention also come in?

My colleagues of the Board of Supervisors of San Francisco, gentlemen accompanying His Honor the Mayor of Chicago, my fellow-citizens of San Francisco: May I at this time present to you all our guest of honor, His Honor Mayor William Hale Thompson of Chicago. (Applause.) Your rising at this time, your applause, your actions speak a greater welcome to him than the words which we have expressed today. If it may meet with your approval, Your Honor, and you feel so inclined, I know that every one present who is gathered here today to do honor to you, even thought it may be in a small way, would be very glad and mighty happy to hear a word from you. (Applause.)

Mayor Thompson: Mr. Mayor, gentlemen of the Board and fellow-citizens: I sometimes think that I should not take the necessary time

away from the affairs of Chicago to make trips like this, but every time I come to San Francisco, as well as the other cities, but particularly to your city, and meet your Mayor, I learn enough to make it worth while for all the time I have wasted in the office while I have been gone. As he indicated to you, it was our privilege to have him address our City Council, as we call it, on two different occasions, and the members of the Board of Aldermen as well as the Mayor of Chicago learned something from the wisdom of the words of your great Mayor.

We think we have got a lot of vision at home. We don't think we are afraid, if you will pardon the slang expression, of the cords; that when it comes to civic improvement we have accomplished a lot, but we have not done anything in Chicago like your Mayor or like your Board has done in regard to this wonderful civic center, of which this great building is a part, and although our ideals soar very high we have never had the fortitude to feel that we could go 37 feet higher with our municipal buildings than they did with the dome of the Capitol of the country. (Laughter.) However, congratulate you. Every time I come here I see something new. I see a greater and a better city.

I never knew before that they had such a wonderful band at Long Beach. My coffee has grown cold at the breakfast table on more than one occasion while I was reading the photogravure section of some of the large papers presenting the bathing beauties at Long Beach, and I have always wanted to go to Long Beach (laughter), but since I have heard this band I have got a real excuse to go to see the bathing beauties. Mr. Clarke will be interested to know—and strange as it is—as I watched him in his magnificent leadership of this magnificent band, I said to myself, "How like the great Sousa." When I heard the Sousa tunes played with that same great snap of that great master my mind went back to the thought of how small the world is. It was only last week, Mr. Clarke, at the Minnesota State Fair at Minneapolis, that I heard the great Sousa himself, and now I feel that we have been entertained twice by Sousa, once in Minneapolis and next by his very able representative of Long Beach in San Francisco.

I would like to talk to you about things not serious and what we have in common commercially, and I did tell the business men's organization today, but when the band or the orchestra here played "Dixie," considering the mission that we are on, to help and encourage Uncle Sam to prevent another flood such as the recent one that drove six hundred thousand people from their homes in the Mississippi Valley and caused the loss of a billion dollars, which affects your section proportionately as it does ours, and as it does every city in America, I cannot help having the thought that our little mission, with Bill Thompson, a northern Republican, and his reception in San Francisco, warm as the greeting has been in every city that we have been privileged to visit, there was none just as warm as this, that we are doing more to wipe out the Mason-Dixon line forever than anything that has been done in this country in the last half century. We know no north or south; we know not Democrat, Republicans, Farmer-Laborites; we just know Americans, no matter what blood may flow in their veins or what their mother country may have been, and we are all guided, as I view it, when we are guided properly, by the advice of the fathers by those who framed the Declaration of Independence that made us free, and by those who gave us our Constitution to protect us for all time. (Applause.) Those great patriots and those great Presidents made us the mighty nation that we are today, but I regret to say that there are those amongst us who presume to know more than George Washington, the father of our country, or Thomas Jefferson or the other twenty-six Presidents that followed Washington. They left to us in no uncertain words the course of the ship of state of this great United States of America forever. So I am going to broach seriously on the America first thought and what Bill Thompson's conception of that ideal really is.

There are those who talk about the League of Nations. There are those who talk about the World Court. There are those who talk about the association of nations, and other forms of entanglements of this nation with the affairs of Europe, but George Washington said in his farewell address in words to me inspired by God Almighty, so far into the future did he look: "It shall be for the best interests for all time for this nation to maintain friendly relations with all European nations, but entangling alliances with none." Thomas Jefferson said in his inaugural address: "Peace, commerce and honest friendship with all na-

tions—entangling alliances with none." That was on March 4, 1801. And that great American doctrine has been upheld and subscribed to by twenty-seven Presidents, irrespective of political party. Now, so far as Bill Thompson is concerned, the advice of those twenty-seven great men is a good enough doctrine for me. (Applause.) And because I had the courage to be an American and stand up and say so, the pro-British press of the United States of America has called me about all the names there are in the dictionary, until they ran out, but they can call Bill Thompson what they please and they can print all the falsehoods that they want to. I still believe in George Washington, Thomas Jefferson and Abraham Lincoln, and so will conduct myself. But the propaganda goes on.

Now I want to apologize for what I am going to read. First, that there should be a history in the United States of America that contains these words, and, second, that this history should be used in the University of Chicago, and, thirdly, that there should have been a program arranged within the last four years that in order for the 17,000 public school teachers in Chicago to secure a higher marking and an increased pay they had to pass through a course in which this history was a part of the curriculum. The purpose being what? To install in the minds and the hearts of the school children of today a hatred for those who gave us our freedom and a love for those who would have held us in bondage and if they ever get a chance make us a colony of Great Britain again. This history permits Iowa to share in the disgrace because it was written by a professor at the University of Iowa. The name of it is: "New Viewpoints in American History," by Schlesinger. Page 160, chapter 7, under the caption of the American Revolution, it says: "When the representatives of George the Fifth rendered homage a few years ago at the tomb of the disloyalist and rebel of a former century, George Washington, the minds of many Americans reverted with a sense of bewilderment to the times when the other King George was guiding the destinies of the British nation. The fact is that the average American still accepts without qualification or question the partisan justifications of the struggle for independence which have come down from the actual participants in the affair of the American side." Or, in other words, they criticized the fact that we take our learning from the teachings of Washington and those who made us fee. If we did not respect their memories and their teachings, in God's name whose would we, "These accounts, colored by the emotions and imaginings of the times, and designed to arouse the colonists to a warlike pitch against the British government, have formed the basis of the statements in our school text books and have served to perpetuate the judgment of the American Revolution, which no fair-minded historian can accept today." Or, in other words, they say the histories in the public schools of the nation have got to be changed, and we had that going on in Chicago, and we had a superintendent of schools by the name of McAndrews who took out of the public school histories George Washington's picture, took out the name of Montgomery, Stone, Sullivan and the other Irish gentlemen, took out the name of Kosciuszko, the great Polish general, took out the names of all of those men along with Washington's picture, and filled it up with a lot of British trash to be instilled in the hearts and minds of the school children of Chicago. Just what was the purpose? I think you understand without my going into an explanation. Well, to make a long story short, Bill Thompson made America first a plank of his platform and promised the people, if elected Mayor, George Washington's picture would go back along with all those others, and Mr. McAndrews would go out of the schools. (Applause.) Well, Bill Thompson was elected last year, George Washington is back and Mr. McAndrews is out. (Applause.)

Now you may say that all of that is a local Chicago affair. It would be, my friends, if in Washington, the Capitol of our country, at this time according to our own federal government reports if there were not four hundred organizations or agencies disseminating intrigue and propaganda against our flag and our Constitution. They used to say to me, "Why inject a national issue in a municipal campaign?" I said that my worst political enemies gave me credit while Mayor before of increasing property values in Chicago by half a billion dollars through street widening projects and other municipal improvements. Before I was elected Mayor first we never

had builded in any one year $100,000,000 worth of new buildings. Before I went out, after serving the people eight years, we were building $325,000,000 worth of new buildings in Chicago each year, and I am pleased to report to you that our building permits up to date show that we are going to build $400,000,000 worth of new buildings in Chicago this year. Why should I fight for water ways that we might trade with Frisco and other valley points as well as the markets of the world? For the purpose of doubling our factories and payrolls? Well, there is a propaganda going on in this country to put the international flag above Old Glory; or, in other words, if Chicago is going to prosper, if San Francisco and the other cities and states of this nation and the people thereof are going to prosper, our first duty is to preserve our flag and our rights under the Constitution of the United States. (Applause.) Over in Europe, in many instances, they pay $15 a week for the same kind of labor that we pay $15 a day for over here. Many of them are out of work. Every man responsible for the condition of his people wants jobs for everybody. If we can ever create a condition when there are a hundred more jobs than there are men to fill them we can all rest very easy, because that means a demand for labor and that everyone is getting well paid. But they are out of work over there by the million, and they are getting $15 a week when they work. How can we pay $15 a day? How can we manufacture in our factories the same class of goods that they manufacture over there at $15 a week? Because of the high protective tariff law. How do we keep that law there? By the votes of the people of the United States, in the election of Congressmen and Senators and Presidents who stand for those principles.

Suppose you are in the League of Nations or World Court where Great Britain has seven votes to our one when they call the roll and all the countries over there that are suffering have an equal vote with ours, when the Congress of the United States and the President get through making laws for our benefit, as I understand it it is submitted to the will of the League, or, in other words, the Crown Prince of Europe will tell us whether we can have it or not, and if they say we cannot have it we don't get it. In other words, the international flag that flies above Old Glory will prevail. In other words, suppose they call the roll and wipe out the American tariff. Well, the tariff will come down; the American factories will close and Europe will go to work and we will suffer; and I say "God forbid," and as long as there is breadth in Bill Thompson I'll fight for our Constitution and our flag at the mast, for the principles that nobody can give us orders from anywhere (applause) and do everything in my power to encourage the opportunities of our people to secure work at good wages, and when we get down to that then Bill Thompson and Mayor Rolph have a very common cause in which we can help the people of our cities and benefit each other, and to that end I fought to make Chicago a seaport town with a 9-foot channel from Chicago to New Orleans via the Mississippi.

Thanks to the President of the United States, to the votes of the Congressmen from California and elsewhere—and I am proud to say that in Illinois every Congressmen, be he Democrat or Republican, voted as a unit for our waterway—that will be built. There was no politics and there should have been none. It is an American issue for the benefit of the American people, without regard to politics or, as my good friend, Supervisor Gallagher, said, religion or anything else. So it was that the President signed that legislation that was passed at the last session after having been defeated many times in the last fifty years, and it became a law on the 21st of last January, and in January, 1929, on a 9-foot channel up the Mississippi to Chicago, a steamer whistle from New Orleans is going to be heard, and when that steamboat whistle blows in Chicago it means that we can trade with you and you can trade with us at $7 a ton freight. And I believe that means prosperty for us all. As I said at the noon meeting today, I want to congratulate the good people of San Francisco for their generous response to the care of the suffering people in the Mississippi Valley. You went over the top of your quota promptly; you raised your quota and went over again, and that's what Chicago did, and we did the right thing when we did it, but the more important thing is: we can stand here and talk and the band can play and the newspapers can print generous stories, we can all have a good time, but some-

where at some time they are going to call the roll. You have a lot of debates, a lot of discussion and, as you have referred to today, fireworks occasionally, as we do in our City Council, but that is all wiped out when the roll is called and from that time on the majority has spoken and it all gets down to the roll call. Well, they are going to call the roll in Washington as to whether or not the recommendation of the President of the United States is to be concurred in by the Congress that forever more Uncle Sam will see to it that the necessary work is done in the Mississippi Valley to prevent another catistrophe, and that is what brings me here, and the conclusion of it all is the vote of your Congressmen and your Senators.

I think I do not exaggerate when I say that the state of Abraham Lincoln, that in part I represent, no matter what her political faith may be, when they call the roll in Congress, will vote as a solid unit. I am not so sure that California will not do likewise. In fact, I will be surprised if she does not, if I am right in my interpretation of this matter. I have been going through the valley, I have been discussing with the people the importance of the valley and the people of the valley, and on a page near the back of this booklet, entitled "The Pivot of the Nations," it says that in the Mississippi Valley is furnished sixty-six per cent of the area of the United States, sixty-four per cent of the population, seventy per cent of all farm crops, fifty-six per cent of all wages, fifty-eight per cent of manufacturers' products, sixty per cent of the national wealth—in other words, they pay the taxes—sixty-five per cent of the popular vote, sixty-four per cent of the electoral vote, in other words, they can say, "If we are united we can name the President"; fifty-five per cent of the United States Senators, sixty-five per cent of the Congressmen—the only thing they are short on is savings—forty-six per cent of the savings deposits, eighty per cent of the wheat, ninety-three per cent of the corn, eighty-four per cent of the cotton; I could scarcely believe this when I read it in the government report from which this is all taken; ninety-six per cent of the coal, of all of the coal mined every year being mined in the Mississippi Valley; ninety-three per cent of the iron ore; seventy per cent of the petroleum, eighty per cent of the cattle, sixty-three per cent of the sheep, ninety-one per cent of the swine, sixty-two per cent of the wool, seventy-three per cent of the railway mileage, seventy per cent of the college students. In other words, if that valley was organized they could get anything they needed within reason; and while I have been talking to the people of the valley I have said just before I came amongst you that the heart beats of the valley, as I understand it, are sympathetic with the heart beats of the Pacific Coast, and added to what we produce if we had all that you produce and add your power to our power there would not be talk very long about Boulder Canyon or the Sacramento River or anything else you might need. We have got the things we need; you have got the things you you need, and if we have a little team work we will all get all we want. (Applause.)

I am not going to detain you longer. Your Mayor spoke about my trip to your Pan-American Exposition. That was my first opportunity to know him well, and I not only admire him, but marvel and realize my own shortcomings. I came to your town with four special trains with 1200 people in them, and he was at the depot and tried to shake hands with every one of them, and he jumped from that train and from our trains to other special trains and he was greeting and meeting people as I never saw any Mayor do before, and I made it my business—I watched him for about helf an hour to learn how to greet people as they arrived in Chicago. (Laughter.)

Many people have spoken, and always do, for that matter, of the great hospitality of California and that no place is it better exemplified than by the hospitality of the chief executive of the great City of San Francisco. (Applause.) We are happy to have come to you again. We always have a good time here.

We hope that we have left some thoughts with you that may benefit us all, and that we may cooperate more closely in the future, and especially when they call the roll in Congress. I thank you. (Aplause.)

The Chairman: Mr. Mayor, I thank you for the compliment you have just paid me, but I think I speak for everybody present when I say that you are in a class by yourself. You have left some wonderful thoughts here with us today. It gives us a fine feeling to be in close touch with the Mayor of that great City of Chicago. There are

three big cities in the United States: New York, Chicago and San Francisco. To get the touch of your three millions of people, to hear of the problems that you have there, to hear of your spending $600,000,000, to hear of New York spending about a billion dollars, why it is just nothing. We spend $33,000,000 here every year. We just don't know how to spend it. We have to go over it about forty times to know whether we are going to spend it or not. But to get the touch of the big East and know what is going on in this great nation of ours, you have brought it home very forcibly to us today.

Now, let us get organized, gentlemen of the Board of Supervisors, and my fellow citizens, and I don't know of any better way of getting organized and showing unity in service, showing unity in action, than that of hearing the band play, and Mr. Clarke has told me that he would play a piece of music written especially for this occasion by John Philip Sousa, revised and edited by Mr. Clarke, entitled "Give the Lights to Geary Street." (Laughter and applause.) After the Long Beach band plays, "Give the Lights to Geary Street" our own municipal orchestra will play "The Star Spangled Banner." Now, Mr. Clarke, "Give the Lights to Geary Street."

(Band selection.)

Thank you, Mr. Clarke, and thank you all, gentlemen of the municipal band of Long Beach and gentlemen of the delegation.

Supervisor Hayden: Before we conclude these ceremonies in connection with the reception to his Honor William Hale Thompson, the Mayor of Chicago, I wish to introduce a resolution which, in a practical way, will express the sentiments of the people of San Francisco through this Board of Supervisors by way of endorsement of the work already started by the Chicago Municipal Flood Control Conference. I would like to have the resolution read.

Federal Assistance for Mississippi Flood Menace.

Supervisor Hayden presented:

Resolution No. 27790 (New Series), as follows:

Whereas, the time is here for the Federal Government to attack the flood problem in a broad and comprehensive way because of the present Mississippi Valley disaster, the greatest of its kind in the Nation's peace-time history, resulting in an incalculable amount of damage to life and property; and

Whereas, the need for a comprehensive plan of National Flood Control is made apparent by this disaster and there are in general three major proposals for flood relief set up by competent authorities, viz.: levees, spillways or by-pass outlets and storage reservoirs, all of which should be considered; and

Whereas, it is contended that this problem cannot be adequately met by the application of any single remedy and that levees, spillways and reservoirs should be used in combination where practicable, together with such additional remedies as may from time to time be developed; and

Whereas, floods in the Mississippi Basin have not only brought disaster to those immediately concerned, but have resulted in economic loss to the whole Nation, and the people of this country now demand that effective and permanent remedies be applied and they will willingly approve the expenditures of the public money necessary to this end; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby declare that the control waters of the Mississippi River and all its tributaries is a national problem and that the sole responsibility therefor should be assumed by the National Government; and be it further

Resolved, That we urge immediate and effective relief be extended to all present sufferers; that the measures which may be recommended by existing Federal agencies for relief to the lower valley so as to protect it against a recurrence of the present disaster, be carried out promptly and that the necessary appropriations therefor be made; and further

Resolved, That our Representatives in Congress be requested to give this matter their immediate and active support.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent—Supervisors Harrelson, Havenner, McSheehy—3.

Supervisor Hayden: Mr. Chairman, I ask suspension of the rules and adoption of the resolution.

Supervisor Gallagher: I second the motion.

Supervisor Hayden: In doing so I merely wish to say that the resolution reiterates the principles enunciated by the Chicago Municipal Flood Control Conference held June

24, 1927, or further emphasizes, Mr. Mayor of Chicago, the sympathy that the people of San Francisco have with the flood problems of the Mississippi Valley, and to further impress upon your minds and upon the minds of the delegation visiting us from Chicago that the message you have brought to the Board of Supervisors and to the people of San Francisco has borne fruit by reason of this legislative act which put San Francisco, through its Board of Supervisors, on record as being in hearty accord with the mission on which you are passing through the various cities and states of the United States.

The Chairman: Gentlemen, it has been moved and seconded that the rules be suspended and the resolution adopted. All in favor please say "aye."

(Chorus of "ayes.")

Contrary, "no."

(No response.) The ayes have it and the motion is unanimously carried.

Mr. Sapiro, will you play now "Auld Lang Syne."

(Orchestra plays.)

After the "Star-Spangled Banner" has been played I wish to appoint Supervisor Gallagher, Supervisor Byington, Supervisor Hayden and Supervisor McSheehy a committee to escort Mayor Thompson and his party as the representatives of Chicago to their automobiles, and I will accompany them and Supervisor Shannon will take the ch ir while I am away.

Motion.

Supervisor Gallagher moved that today's proceedings be printed and a copy sent to Mayor Wm. Hale Thompson.

Motion *carried.*

(At 4:45 p. m. his Honor the Mayor retired with Mayor Thompson of Chicago and Supervisor Shannon was called to the chair.)

SPECIAL ORDER—2 P. M.

Geary Street Lighting—Notice of Reconsideration.

Supervisor Shannon gave notice that he would move at this meeting for a reconsideration of the vote whereby proposed amendments to the resolution offered by the Lighting Committee providing for a new system of street lighting on Geary street, and moved by Supervisor Todd, were defeated.

Motion.

Supervisor Shannon moved for a reconsideration of the vote whereby Supervisor Todd's proposed amendments to Geary street lighting was defeated.

So ordered.

Substitute Resolution.

Supervisor Stanton presented the following resolution as a substitute for that offered last week and the same was *adopted* by the following vote:

TAX LEVY—1927-1928.

The following entitled bill, laid over from last meeting, was taken up:

Bill No. 8181, Ordinance No. —— (New Series), entitled, "Providing revenue and levying taxes for City and County purposes for the fiscal year ending June 30, 1928."

Amendment to Tax Levy.

Supervisor McSheehy presented an amendment to bill heretofore presented:

Insert in Section 1, after the words "To pay an aliquot part equal to one-tenth of the whole of each of the final judgments against the City and County of San Francisco .02420," the following:

"For an additional special district school tax levied as per budget submitted by the Board of Education and to comply with the writ of mandate of the Supreme Court of the State of California, issued on September 12th, 1927, to produce an additional sum for the support of the high and elementary schools of the City and County of San Francisco, and for the building fund of said schools .1400."

Thereupon change total $3.66 to $3.80.

Amendment *adopted* by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Tax Levy.

Whereupon, the following bill, as amended, was *passed for printing* by the following vote:

Bill No. 8181, Ordinance No. —— (New Series), as follows:

Providing revenue and levying taxes for City and County purposes for the fiscal year ending June 30, 1928.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Under and pursuant to the provisions of the Charter of the City and County of San Francisco and of the laws of the State of California, and in conformity therewith, a tax is hereby levied for City and County purposes, including special City and County school building purposes, for the fiscal year ending June 30, 1928, on all the property, real and personal, in the City and County of San Francisco, except such property as is by law exempt from taxation, in the sum of three and eighty hundredths ($3.80) dollars on each one hundred dollars valuation of said taxable property as the same appears upon the assessment roll of said City and County for said fiscal year, which said sum of three and eighty hundredths ($3.80) dollars on each one hundred dollars valuation as aforesaid is hereby apportioned to the funds and accounts and for the purposes designated as follows:

Motion.

Supervisor Havenner: I desire to move at this time that the City Attorney be requested to prepare instructions to guide the Tax Collector and Auditor in entering the special tax which we have adopted today on the tax roll and tax bills. I make tnis motion at the suggestion and request of both the Tax Collector and the Auditor. They would like to have legal instructions from the City Attorney as to how to handle the tax.

Seconded by Supervisor McSheehy.

Chairman: There being no objection it is *so ordered.*

Economical School Construction Policy.

Supervisor Roncovieri presented:

Resolution No. —— (New Series), as follows:

Whereas, this Board of Supervisors desires to proceed in a fair and sane manner to establish a true standard cost of economical school building construction, with the strict understanding that all school buildings shall be safe, sanitary and fireproof; and

Whereas, the entire cost of a school building should not exceed the standard cost of all the rooms used for class instruction except in very special conditions and circumstances; and

Whereas, this standard cost per classroom should include the cost of all the other accessory and necessary rooms, halls, etc., usually a part of school buildings; therefore, be it

Resolved, That the policy of this Board in respect to appropriations for new school buildings is to insist that all moneys so appropriated must be used to produce such a type of building as will secure for the people the greatest possible accommodations for the pupils of the schools, conformable with the highest principles of safety and sanitation; that all accessories not essential to the proper education of the pupils should not be indulged in; that the cost of construction be in accord with the needs for economy rather than lavishness; that the Building Committee of this Board be and is hereby requested to confer with the Board of Education for the purpose of arriving at a reasonable standard cost of school buildings on the basis of the unit cost of each classroom used for class instruction, and that the Building Committee report its findings back to this Board.

Referred to Buildings Committee.

Transfer of Civic Center Site for Federal Building.

Supervisor Power presented:

Resolution No. 27789 (New Series), as follows:

Resolved, That the City and County of San Francisco should transfer, without monetary consideration, to the government of the United States a site on the northeast corner of Hyde and Fulton streets, in the Civic Center, to be used by the government of the United States for the erection thereon of a Federal Building, and that the Board of Supervisors should submit to the electors of San Francisco, at the earliest possible date an amendment to the Charter, authorizing the transfer of said site to the Government of the United States without monetary consideration, upon condition that a Federal Building be erected thereon; be it

Further Resolved, That the foregoing declaration of policy be submitted to the electors of the City and County of San Francisco at the general municipal election to be held on November 8, 1927.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Harrelson, Havenner, McSheehy—3.

Relative to Redemption of Future Bond Issues.

Supervisor Roncovieri presented:

Resolution No. —— (New Series), as follows:

Whereas, certain great public improvements and projects, because of the permanence of their construction and the everlasting necessity and use for them, are not only of immense value to the present generation, but even of greater and more lasting benefit to many generations to come; and,

Whereas, the present generation owes it not alone to itself but to posterity to foresee the needs of the larger population that the future holds in store for greater San Francisco, and consequently must build and complete these great public improvements and projects in larger and more expensive manner and to a greater extent than the needs of the present generation require; and

Whereas, it is only just and equitable that each future generation that will derive prosperity and happiness from the foresight of the present generation should help the present generation to carry the financial burden of these projects and great public improvements; and

Whereas, this financial burden will become lighter and lighter upon each succeeding generation as the population and the assessment rolls of this city increase along the years to come; therefore, be it

Resolved, That bond issues hereafter to be submitted for the approval of the people shall provide "that redemption of such bonds shall begin in not more than eighteen years and shall be completed in not more than seventy-five years from the date of the issue," as permitted by Section 10 of Article XII of the Charter; and be it

Further Resolved, That the Finance Committee of this Board be and is hereby requested to report to this Board at as early a date as possible before the submission to the people of any further bond issues, its recommendations as to the policy of issuing "callable bonds" or "serial bonds" or a combination of both "callable" and "serial" bonds.

Referred to Finance Committee.

Temporary Military Possession of Airport.

Supervisor Kent presented:

Resolution No. 27791 (New Series), as follows:

Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to enter into an informal agreement in behalf of the City and County of San Francisco with a detachment of United States troops from the Presidio at San Francisco for the rental of Mills Field, San Francisco Airport, on September 16, 1927, at a rental of $1 for the time of occupancy.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent—Supervisors Harrelson, Havenner, McSheehy—3.

Letter From Hans Leschke, Director of Municipal Chorus, in Appreciation of Resolution of Commendation.

The following was presented and read by the Clerk:

September 14, 1927.

Board of Supervisors, City and County of San Francisco.

Gentlemen:

It was with much gratification that I received the copy of Resolution No. 27710 (New Series), which your Honorable Board was kind enough to pass in commendation of such service as I have been able to render in my capacity as Director of the Municipal Chorus of San Francisco.

Inasmuch as the work and the pleasure of coordinating the talent of your citizenry into a choral body is almost reward enough, the resolution comes as a very much valued addition.

With much appreciation of your gracious act.

Sincerely yours,
HANS LESCHKE, Ph. D.,
755 Twenty-first avenue, San Francisco, California.

Communication From Congresswoman Kahn Relative to City's Obligation Under Raker Act.

The following was read by the Clerk:

September 8, 1927.

Warren Shannon, Esquire, Chairman Public Utilities Committee, Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

My dear Mr. Shannon:

I have been following with considerable interest the discussions in connection with the obligations of the City of San Francisco under the so-called Raker Act. After reviewing the various proceedings that finally culminated in the passage of this act, and having in mind as well several projects for which our City in the immediate future may be looking to Congress for friendly consideration, I venture to draw to the attention of your good self and your colleagus, Messrs. Havenner and Badaracco, on the Public Utilities Committee, a few angles of the situation which may or may not have occurred to you, but which, I believe, are pertinent and worthy of serious deliberation at this time.

First, I wish to submit for your perusal an editorial from the August 11 edition of the Stockton Record, together with copy of a letter which has come to my notice, addressed to Mr. Elmer Reynolds by Congressman Louis T. Cramton of Michigan, who happens to be chairman of the subcommittee handling the Interior Department appropriatins.

If others view the matter in the same way as does Congressman Cramton, you can readily see that it would be a very difficult matter for San Francisco to carry through, for instance, a bill for the construction of a bridge across San Francisco Bay.

When all the facts have been taken into consideration, I believe that the Secretary of the Interior has been reasonable in his demands on the City of San Francisco. As you know, he could have insisted on a road across the rock face of the cliff on the north side of the reservoir, which would have cost the City many hundreds of thousands of dollars. He has, however, only asked for a trail which will cost but $43,000. According to the data I have before me, the tentative figures of the projects requested by the Secretary of the Interior are as follows:

Project No. 1—	
Transfer City owned lands to United States, 2,632.94 acres.	
Project No. 2—	
Construction trail north side Hetch Hetchy Reservoir and to Tiltill Valley and to Lake Vernon, 21 miles; estimated cost	$ 43,500
Project No. 3—	
Construction Harden Lake Road, 12 miles; estimated cost	480,000
Project No. 4—	
Construction Lake Eleanor Road, 14 miles; estimated cost	800,000
Project No. 5—	
Reconstruction and surfacing Hetch Hetchy Road, 9 miles; estimated cost	270,000
Surveys	35,000
	$1,628,500

Personally, I believe it is our duty, if at all possible, to anticipate and ward off anything that might tend to cause the City of

San Francisco to be discussed in unfavorable terms. If San Francisco talked, as the records show, in terms of one million dollars in 1912 when it was campaigning for Hetch Hetchy and now quibbles over an additional $628,500, in view of the tremendous problem the grant of Hetch Hetchy solved for our City and the enormous benefits we have derived therefrom, I feel confident that upon the slightest provocation at least seemingly just criticism would be forthcoming. I frankly believe that the City of San Francisco would be standing in its own light if it should take an attitude in opposition to the request of the Secretary of the Interior. I might add that the proposed Hetch Hetchy road development by the City of San Francisco is a relatively small part of the large plans that the Secretary of the Interior has for road development in Yosemite.

With assurances of my appreciation of any consideration you may give the foregoing, and with kindest personal regards, I am,

Sincerely yours,

(Signed)

FLORENCE P. KAHN, M. C.

Statement of the Chairman of the Finance Committee.

The following was read into the record by Supervisor McSheehy:

To the Honorable, the Board of Supervisors.

Gentlemen:

On Septemmber 12 a mandate of the Supreme Court compelled this Board to raise the funds demanded by the Board of Education, after hearing arguments for and against the request. The result of that raise is that we are faced with a tax rate of $3.80 against the rate of $3.66.

In November, 1922, the citizens of San Francisco, by a vote of more than 6 to 1, bound themselves with a $12,000,000 bond issue for the purpose of erecting new schools. Since that date the Board of Supervisors have allowed $2,700,000 in their budgets, also for school construction purposes, making a total of $14,700,000.

The Board of Education made up a program which was never interfered with by the Board of Supervisors in any manner or form.

This program as of April 30, 1926, called for the erection of some 30 school buildings, which have cost as low as $5,237.52 for the Cabrillo classrooms, and as high as $26,118.40 for a classroom in the High School of Commerce. The average cost of some 844 rooms is $13,778.74.

The cities of Oakland and Los Angeles have erected similar classrooms at an average cost of $9,670. Why this difference?

The sum of $13,777,738 has been expended for school construction in the past four years.

When this work was started the daily average attendance in our public schools was 54,432 pupils. The daily average attendance during the past year was 62,166.

According to the average cost of $215 per desk or seat in Oakland and Los Angeles, this huge sum of money should properly house 64,082 pupils, which is larger than our average daily attendance.

But according to reports submitted by the Board of Education at budget-making time to the Finance Committee, they claimed that the huge sum of $13,600,000 provided 23,000 seats, but that 10,000 seats were lost through abandonment of some schools and change of residence.

This thirteen million dollars shows a cost per seat of $591.35. But Oakland and Los Angeles show a cost of but $215 per seat. Why this difference of $376 per seat? Does it cost any more for construction here in San Francisco than it does in these other cities? Rates of wages, cost of materials are all the same. In fact, some materials cost less in San Francisco than they do in Los Angeles. And also this thirteen million dollars represents a cost of a classroom of 45 seats at $26,610.75.

In the same report there was shown that there are some eleven schools abandoned. Some of these schools were built since the fire and were practically new. No great attempt has been made by the Board of Education to dispose of the valuable properties so abandoned. I would like to ask the Board of Education, as business men. if they would allow the abandonment of their private property with no attempt to sell the same. Why not treat the City's property the same as one would treat his own private property?

As chairman of the Finance Committee, I feel that a great injustice has been done the taxpayers of this City and County by the request made of the Supreme Court of the State of California by the Board of Education, compelling the Board

of Supervisors to raise the tax rate 14 cents for some $900,000. I am not criticising in any manner or form the decision of the Supreme Court. I personally feel that they could have rendered no other decision as the law now reads. But I do criticise the Board of Education in taking advantage of the state law which has been on the statute books for six years.

We, in this year's budget, were allowing the Board of Education the largest sum of money in the history of San Francisco. We were allowing enough money to build 120 classrooms at $10,000 per room, and if you allow the City average cost of $13,778, they could have built 88 classrooms.

What do they want all this money for? For classrooms? By their own figures they had, June 30, 74,130 seats for 62,000 pupils. They had 65 classrooms without desks. They had 191 rooms for lectures, laboratories and economics. And they had 73 rooms for shops and manual training.

With all this available space I doubt if the extra million dollars will go into classrooms.

Members of the Board of Supervisors, in closing I have just this to say: In 1920 it cost San Francisco $82.79 a pupil. In 1926 it cost $174.89, an increase of 100 per cent. Ten years ago we had a daily average attendance of 47,666 pupils; today we have a daily average attendance of 62,166 pupils, showing an increase of about 32 per cent. Ten years ago it cost the City of San Francisco $2,385,000 to maintain its schools; today it costs $9,685,414—four and one-half times as much.

I made a statement over the radio on last Wednesday evening and the theme of that statement was the unbalanced program of the Board of Education. I reiterate the same statement today. The program of the Board of Education is unbalanced and calls for an immediate and drastic change of policy, to the end that each child in this City may have fair and equal opportunities and San Francisco a system of schools second to none in the United States.

Sept. 19, 1927—Presented and read by Supervisor McSheehy with request that statement be printed in Journal.

Resolved, by the Board of Supervisors as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 8th day of September, 1927, placed on file with the Board of Supervisors plans and estimates of the cost of the original construction and completion by the City and County of San Francisco of the following described permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco, as follows:

A boulevard to be known as the Bayshore Highway from the vicinity of Army street, Potrero avenue and San Bruno avenue along San Bruno avenue widened to Cortland avenue; thence along a new right of way to Silver avenue and Charter Oak avenue; thence along Charter Oak avenue widened to Paul avenue; thence along a route paral-

leling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County Line, or the most feasible route or routes; a boulevard to be known as the Alemany boulevard from the vicinity of Cortland avenue and San Bruno avenue, and the proposed Bayshore Highway; thence in a southerly and westerly direction following the general course of the old Ocean Shore right of way to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route or routes; a boulevard to be known as the Junipero Serra boulevard from the vicinity of Sloat boulevard and Portola drive; thence in a general southerly direction widening and straightening the existing roadway of the present Junipero Serra boulevard to the County Line near the vicinity of Belle avenue, or the most feasible route or routes; a boulevard to be known as Nineteenth avenue extended southerly, crossing old Ocean avenue and paralleling on each side the extension of the Municipal Railway, running southerly and southeasterly to Junipero Serra boulevard, or the most feasible route or routes; a boulevard to be known as the Sunset boulevard commencing at Lincoln Highway between Twentieth avenue and Thirty-seventh avenue and running in a southerly direction between said Twentieth avenue and said Thirty-seventh avenue, or such avenues included or extended, to Sloat boulevard, or the most feasible route or routes; a boulevard or beach frontage improvement to be known as the Esplanade, commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Lincoln way, of the same type of construction as the previously completed Esplanade; an improvement of the Great Highway from Lincoln way southerly to Sloat boulevard; a boulevard to be known as the Van Ness avenue extension from the vicinity of Mission street and Twelfth street extended southerly to Howard street and Thirteenth street, or the most feasible route or routes; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

That the total estimated cost of such permanent improvements is the sum of nine million three hundred and eighty thousand $9,380,000) dollars. That said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to cause the construction of the permanent improvements and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of nine million three hundred and eighty thousand ($9,380,000) dollars, no part can be paid out of the annual revenue of the City and County in addition to the other necsary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the purpose herein recited.

Section 3. This resolution shall take effect immediately.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the purpose of the acquisition, construction and completion of certain permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco as follows: A boulevard to be known as the Bay Shore Highway from the vicinity of Army street, Potrero avenue and San Bruno avenue, along San Bruno avenue widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue, thence along Charter Oak avenue widened to Paul avenue, thence along a route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County line, or the most feasible route or routes; a boulevard to be known as the Alemany boulevard from the vicinity of Cortland avenue and Sun Bruno avenue, and the

proposed Bay Shore Highway, thence in a southerly and westerly direction following the general course of the old Ocean Shore right of way to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route or routes; a boulevard to be known as the Junipero Serra boulevard from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction widening and straightening the existing roadway of the present Junipero Serra boulevard to the County line near the vicinity of Belle avenue, or the most feasible route or routes; a boulevard to be known as Nineteenth axenue extended southerly crossing old Ocean avenue and paralleling on each side the extension of the Municipal Railway running southerly and southeasterly to Junipero Serra boulevard, or the most feasible route or routes; a boulevard to be known as the Sunset boulevard commencing at Lincoln way between Twentieth avenue and Thirty-seventh avenue and running in a southerly direction between said Twentieth avenue and said Thirty-seventh avenue, or such avenues included or extended, to Sloat boulevard, or the most feasible route or routes; a boulevard or beach frontage improvement to be known as the Esplanade commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Lincoln way of the same type of construction as the previously completed Esplanade; an improvement of the Great Highway from Lincoln way southerly to Sloat boulevard; a boulevard to be known as the Van Ness avenue extension from the vicinity of Mission street and Twelfth street extended southerly to Howard street and Thirteenth street, or the most feasible route or routes; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements described herein was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 8th day of September, 1927, and was and is fixed by Resolution No. 27805 (New Series) in the sum of nine million three hundred and eighty thousand ($9,380,000) dollars.

Section 3. By Resolution No. 27805 (New Series) it was declared that no part of the said sum of nine million three hundred and eighty thousand ($9,380,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter to be required by law to be printed thereon shall appear thereon the following:

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "yes" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "no" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition; and each cross (X) stamped in the square to the right of the word "no" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of

Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and convass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissions shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be in the form and character known as "serials". All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Boulevard Bond Issue."

Bonds issued for the purpose stated shall be numbered from 1 to 9380, both inclusive, and shall be payable four hundred and sixty-nine thousand ($469,000) dollars thereof five years from the date of said bonds, beginning with the lowest numbers, and four hundred and sixty-nine thousand ($469,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

SPECIAL ORDERS—11 A. M.

BRIDGE HEARINGS.

The following matters, made a Special Order for 11 a. m., and deferred until 2:30 p. m. on motion of Supervisor Gallagher, were taken up at the latter hour:

Motions.

The following motions continued from last meeting were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge,

for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Shannon, further consideration of the foregoing motions were *continued until Monday, September* 26, 1927, *at* 2 *p. m.*, by the following vote:

Absent—Supervisors Bath, Shannon—2.

San Francisco's Participation in State Fair.

Supervisor Kent presented:

Report on participation in California State Fair, Sacramento, September 3-10, inclusive:

The reaction from maintaining a booth at the State Fair at Sacramento has never been so great or so effective as this year. During Sunday and Monday, September 4 and 5, an average of 3000 per hour visited the booth over a period of twelve consecutive hours. This was the largest attendance at any booth at the Fair, excepting that of the Fish and Game Commission, but their attendance did not cover as long a period as ours. Over the second holiday, September 9, we averaged 1800 per hour. At all times there was a steady stream of people coming and going, but the above was the peak. The "Sacramento Union" gave us a six-inch column article on our attendance.

Literature on San Francisco and environs was distributed personally to visitors. This literature was secured through the trunk line railroads, bus lines, Redwood and Pacific highways, American Toll Bridge Co., Shell Oil, Tamalpais Railroad, Golden Gate Ferry, Convention and Tourist League and Chamber of Commerce; 63,800 pamphlets and booklets were distributed.

Mrs. Johnson was in charge of the booth and was assisted by Mrs. Whitmore, Miss Jackson and Miss Lehman, all trained information clerks. Mrs. Johnson remained the full week, and at all times had one assistant in Sacramento with her, the week being divided between the other three girls. The two on duty at the booth worked thirteen hours each day, dividing it in shifts during the lighter hours, and both being on duty during the heavy ones.

Among the outstanding people visiting the booth were: Governor Young, Senator Herbert C. Jones, Congressman and Mrs. Richard Welch, Frederick Koster, Supervisors Milo Kent and Franck R. Havenner, Chas. Knight and Norman Sloan from the California Development Association, Leonard Gary from the Bureau of Foreign and Domestic Commerce and many Eastern visitors.

The exhibit, which was built by Rudolph and William Theurkauf, who built the Reno exhibit, consisted of a miniature bridge 35 feet long and a miniature airport, portraying the two major projects the City of San Francisco is trying to put over. The bridge was perfectly and completely constructed in detail, electrically lighted and spanning real water with warships, tugs, sail boats and other craft floating around. Crossing the bridge were automobiles and trucks. The airport boasted a hangar, runway and four aeroplanes, one kept in motion by means of a motor. The spotlights and electrical arrangement in the booth made it stand out in startling comparison with any other booth at the Fair; one could hear

the whirr of the motor and see the bridge from across the building, as well as from the balcony, and this is probably what started the crowds coming our way. Once started, others automatically followed. Back of the bridge was a huge photographic skyline of Gabriel Moulin, 6x40. The crowds visiting this exhibit as compared to those visiting the "still" exhibits proved conclusively that it is moving objects that attract, and the writer would recommend that next year this idea be carried out in greater detail and in a larger space. A really wonderful portrayal of San Francisco and her industries could be given if sufficient time is allowed to work out details and a larger space can be secured.

Respectfully submitted,

M. T. JOHONSON,
Manager, Hospitality Bureau.

Read and ordered *spread in the Journal.*

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the purpose of the acquisition, construction and completion of certain permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco as follows: A boulevard to be known as the Bay Shore Highway from the vicinity of Army street, Potrero avenue and San Bruno avenue, along San Bruno avenue widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue, thence along Charter Oak avenue widened to Paul avenue, thence along a route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County line, or the most feasible route or routes; a boulevard to be known as the Alemany boulevard from the vicinity of Cortland avenue and Sun Bruno avenue, and the proposed Bay Shore Highway, thence in a southerly and westerly direction following the general course of the old Ocean Shore right of way to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route or routes; a boulevard to be known as the Junipero Serra boulevard from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction widening and straightening the existing roadway of the present Junipero Serra boulevard to the County line near the vicinity of Belle avenue, or the most feasible route or routes; a boulevard to be known as Nineteenth axenue extended southerly crossing old Ocean avenue and paralleling on each side the extension of the Municipal Railway running southerly and southeasterly to Junipero Serra boulevard, or the most feasible route or routes; a boulevard to be known as the Sunset boulevard commencing at Lincoln way between Twentieth avenue and Thirty-seventh avenue and running in a southerly direction between said Twentieth avenue and said Thirty-seventh avenue, or such avenues included or extended, to Sloat boulevard, or the most feasible route or routes; a boulevard or beach frontage improvement to be known as the Esplanade commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Lincoln way of the same type of construction as the previously completed Esplanade; an improvement of the Great Highway from Lincoln way southerly to Sloat boulevard; a boulevard to be known as the Van Ness avenue extension from the vicinity of Mission street and Twelfth street extended southerly to Howard street and Thirteenth street, or the most feasible route or routes; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements described herein was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 8th day of September, 1927, and was and is fixed by Resolution No. 27805 (New Series) in the sum of nine million three hundred and eighty thousand ($9,380,000) dollars.

Section 3. By Resolution No. 27805 (New Series) it was declared that no part of the said sum of nine million three hundred and eighty thousand ($9,380,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of nine million three hundred and eighty thousand ($9.380,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the

application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter to be required by law to be printed thereon shall appear thereon the following:

"Boulevard Bond Issue"—To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "no." Also said ballot shall have printed thereon the following: To incur a bonded debt of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the acquisition, construction and completion of permanent improvements, to-wit:

YES	
NO	

Certain improved routes for public highway purposes in the City and County of San Francisco, as follows:

A boulevard to be known as the Bay Shore Highway from the vicinity of Army street, Potrero avenue and San Bruno avenue, along San Bruno avenue widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue, thence along Charter Oak avenue widened to Paul avenue, thence along a route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the County line, or the most feasible route or routes; a boulevard to be known as the Alemany boulevard from the vicinity of Cortland avenue and the proposed Bay Shore Highway, thence in a southerly and westerly direction following the general course of the old Ocean Shore right of way to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route or routes; a boulevard to be known as the Junipero Serra boulevard from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction widening and straightening the existing roadway of the present Junipero Serra boulevard to the County line near the vicinity of Belle avenue, or the most feasible route or routes; a boulevard to be known as Nineteenth avenue extended southerly crossing old Ocean avenue and paralleling on each side the extension of the Municipal Railway running southerly and southeasterly to Junipero Serra boulevard, or the most feasible route or routes; a boulevard to be known as the Sunset boulevard commencing at Lincoln way between Twentieth avenue and Thirty-seventh avenue and running in a southerly direction between said Twentieth avenue and said Thirty-seventh avenue, or such avenues included or extended, to Sloat boulevard, or the most feasible route or routes; a boulevard or beach frontage improvement to be known as the Esplanade, commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Lincoln way, of the same type of construction as the previously completed Esplanade; an improvement of the Great Highway from Lincoln way southerly to Sloat boulevard; a boulevard to be known as the Van Ness avenue extension from the vicinity of Mission street and Twelfth street extended southerly to Howard street and Thirteenth street, or the most feasible route or routes; including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "yes" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "no" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition; and each cross (X) stamped in the square to the right of the word "no" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and convass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissions shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be in the form and character known as "serials". All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Boulevard Bond Issue."

Bonds issued for the purpose stated shall be numbered from 1 to 9380, both inclusive, and shall be payable four hundred and sixty-nine thousand ($469,000) dollars thereof five years from the date of said bonds, beginning with the lowest numbers, and four hundred and sixty-nine thousand ($469,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
Boulevard Bond Issue.

No. ——— $1,000.00.

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pur-

suant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constiution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or facet of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 10. The amount of tax levy to be made for the payment for said nine million three hundred and eighty thousand dollars bonds issued under said proposition shall be the sum of four hundred twenty-two thousand one hundred dollars for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of four hundred thousand nine hundred and ninety-five dollars to pay the interest on such of said bonds as remain outstanding after the four hundred and sixty-nine thousand dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of three hundred seventy-nine thousand eight hundred and ninety dollars to pay and in season to pay the interest on such of said bonds as

remain outstanding after the four hundred sixty-nine thousand dollars thereof due six years from their date have been paid, and so on, a sum each year for seventeen succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of twenty-one thousaid one hundred and five dollars by reason of the payment each year beginning five years from date of said bonds of four hundred sixty-nine thousand dollars of said bonds, and the sum of four hundred sixty-nine thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

SPECIAL ORDERS—2 P. M.
BRIDGE HEARINGS.

Motions.

The following matters were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Gallagher, further consideration of the foregoing application was *continued until Monday, October* 3, 1927, *at* 2:30 *p. m.*, by the following vote:

Filed May 9, 1927.

Privilege of the Floor.

Mr. Hanley was granted the privilege of the floor and addressed the Board:

Mr. Chairman and Members of the Board: Continuing our presentation on the Pamplin bridge application we wish to introduce at this time some formal papers in relation to the matter which we consider jurisdictional. We offer in evidence the paper dated May 9, 1927, and in which J. E. Pamplin, the applicant, makes certain applications and representations and at this time we may consider it read.

Supervisor Gallagher: I suggest the attorney state it.

Mr. Hanley: It is an application on behalf of Pamplin and then describes, by metes and bounds, that section of the line on the San Francisco side connecting with the line from Alameda County which has already been detailed to you by Colonel Rand in the presentation, and then shows the notice of the application and the printing of the same. First, it was printed in one paper, as shown by the application. It was received and filed by your Clerk, J. S. Dunnigan, on May 9, 1927. We will hand it to the reporter and ask that it be marked as an exhibit and considered read. Proof of publication of this application, both upon the Oakland side—and upon the Alameda side—and upon the San Francisco side. We offer in evidence proof of publication signed by Mr. Sandell as chief publisher and so forth of the Commercial Daily News, and giving the day and dates of the publication, as required by law, for toll bridges. Consider that the next number. We offer in evidence the affidavit of publication as appearing in the Berkeley Daily Gazette, published at and for the times required by law, and specifically for the dates set forth in the affidavit, and ask that that be considered read and filed with the others. We offer in evidence the service of the notice upon the ferries by registered mail, as accompanied by the affidavit of Eugene A. Cochran, dated May 9, 1927, and ask that that affidavit, together with the notice attached to the affidavit be considered in evidence and read. We offer the affidavit of A. Manuel to the notice to the various parties and corporations who are required under the statute to be notified, giving the day and dates of the publication and service upon the various people upon certain days in April, 1927. That has been duly verified, accompanied by the notice of J. E. Pamplin, the applicant.

The Chairman: Is there any ob-

jection to these affidavits being considered read and placed on record? (Bringing down the gavel.)

Mr. Hanley: Now, we offer before this Board a letter, on the stationery of Freeman, Smith & Camp Company, bankers, under date of May 20, 1927, and ask it be made a part of the record. It reads: "J. E. Pamplin, 798 Monadnock Building, San Francisco. Dear Sir: Referring to your greater San Francisco bridge project extending from Rincon Hill, San Francisco, to the Southern Pacific Alameda Mole, we wish to advise you that we consider this project financially feasible and practicable. As representatives of the syndicate composed of Eastern and local bond houses, subject to the usual investigation, we assure you that we will underwrite the necessary financing to build the bridge, which will be contracted in definite form upon obtaining necessary franchises and War Department permits, on usual basis and terms for public service corporations of this nature.

Very truly yours,
Freeman, Smith & Camp.
By Mr. Smith."

We will offer in evidence the writing and letter to Mr. Pamplin, dated May 20, 1927, addressed to J. E. Pamplin at 798 Monadnock Building, San Francisco, California.

"Dear Sir: Referring to J. E. Pamplin's application for franchise to construct a bridge across San Francisco Bay to be known as the Greater San Francisco Bridge, we will execute the necessary bonds required of you under the provisions of law relative to your securing a franchise.

Very truly yours,
Metropolitan Casualty Insurance Company of New York,
By the Deputy Attorney-in-Fact."

I think that completes, gentlemen, the formal jurisdictional points to be raised and Colonel Rand will now address you upon the subject that he left off the other day, and I will supplement it by such other legal matters as will be necessary.

Colonel Rand, also representing J. E. Pamplin, was heard as to the merits of the Pamplin plan in overcoming the objections of the Navy Department.

Reciting That Plans, Estimates of Cost, Etc., of Proposed Municipal Railway Extension Under Bond Issue Have Been Filed.

Supervisor McSheehy presented:

Resolution No. 27858 (New Series), as follows:

Reciting that plans and estimates of cost of the acquisition, construction and completion of the public utility, to-wit: The extension of the Municipal Railway lines or railway system, including equipment thereof, appurtenances thereto, the necessary lands within the City and County of San Francisco, paralleling or operating on or near

the following described routes within said City and County:

From the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street, connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue, thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, have been filed with the Board of Supervisors by the Board of Public Works, and declaring that the estimated cost thereof cannot be paid from the annual revenue or any other funds derived from taxes levied for that purpose, but that all of said estimated cost will require the incurring of a bonded debt, and no offers of sale of existing utilities have been made.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 8th day of September, 1927, placed on file with the Board of Supervisors plans and estimates of the cost of the original construction and completion by the City and County of San Francisco of a public utility, to-wit:

From the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street, connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, necessary buildings and structures and the purchase of necessary lands.

That the total estimated cost of the extension of said Municipal Railway lines, land, buildings and equipment is the sum of four million six hundred thousand ($4,600,000) dollars; that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to secure said described public utility and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of four million six hundred

thousand ($4,600,000) dollars no part can be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of four million six hundred thousand ($4,600,000) dollars for the purposes herein recited.

Section 3. It is hereby determined and declared that due notice soliciting offers for the sale to the said City and County of San Francisco of any existing railway lines or railway system, including equipment thereof, appurtenances thereto, the necessary buildings and structures and the necessary lands, was given in accordance with Resolution No. 27821 (New Series), and that no offer of sale of any such railway lines or railway system was made to the said City and County.

Section 4. This resolution shall take effect immediately.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—16.

Calling and Providing for Special Election for Bonds for Municipal Railway Extensions.

On motion of Supervisor McSheehy:

Bill No. 8236, Ordinance No. —— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of a public utility-to-wit: A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street, connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit:

A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chest-

nut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands.

Section 2. The estimated cost of the acquisition, construction and completion of the public utility described herein was by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 8th day of September, 1927, and was and is fixed by Resolution No. 27858 (New Series), in the sum of four million six hundred thousand ($4,600,000) dollars.

Section 3. By Resolution No. 27858 (New Series), it was declared that no part of the said sum of four million six hundred thousand ($4,600,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of four million six hundred thousand ($4,600,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns therof made and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter to be required by law to be printed thereon shall appear thereon the following:

"Municipal Railway Extension Bonds"—To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No." Also said ballot shall have printed thereon the following: To incur a bonded debt for the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

YES	
NO	

A number of extensions to the existing Municipal Street Railway System over and along the public streets and private rights of way,

said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting crosstown service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Raiway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue; thence southerly thorugh the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street: thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary.

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and

character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Municipal Railway Extension Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 4600, both inclusive, and shall be payable one hundred and eighty-four thousand ($184,000) dollars thereof eight years from the date of said bonds, beginning with the lowest number, and one hundred and eighty-four thousand ($184,000) dollars thereof the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
"Municipal Railway Extension Bond."

No. ——. $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 10. The amount of tax levy to be made for the payment of said four million six hundred thousand dollars bonds shall be the sum of two hundred and seven thousand dollars for the first eight years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the ninth year after the date of said bonds the sum of one hundred ninety-eight thousand seven hundred and twenty dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred eighty-four thousand dollars thereof due eight years from their date have been paid, and for the tenth year after the date of said bonds the sum of one hundred ninety thousand four hundred forty dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred eighty-four thousand dollars thereof due nine years from their date have been paid, and so on, a sum each year for twenty-two succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of eight thousand two hundred eighty dollars by reason of the payment each year beginning eight years from the date of said bonds of one hundred eighty-four thousand dollars of said bonds, and the sum of one hundred eighty-four thousand dollars each year beginning seven years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for twenty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper and at the expiration of said ten days' notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Reciting That Plans, Estimates of Cost for Construction of Power Line From Newark Have Been Filed.

Supervisor McSheehy presented:

Resolution No. 27859 (New Series), as follows:

Reciting that plans and estimates of cost of the acquisition, construction and completion of the public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements,

purchase of necessary lands, buildings and terminal facilities, including a stepdown terminal substation within or without the confines of the City and County with necessary equipment therefor, have been filed with the Board of Supervisors by the Board of Public Works, and declaring that the estimated cost thereof cannot be paid from the annual revenue or other funds derived from taxes levied for that purpose, but that all of said estimated cost will required the incurring of a bonded debt, and no offers of sale or existing utilities have been made.

Resolved by the Board of Supervisors of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 10th day of September, 1927, placed on file with the Board of Supervisors plans and estimates of the cost of the original construction and completion by the City and County of San Francisco of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a stepdown terminal substation within or without the confines of the City and County with necessary equipment therefor. That the total estimated cost of the acquisition, construction and extension of the transmission line is the sum of two million ($2,000,000) dollars; that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to secure said described public utility and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of two million ($2,000,000) dollars no part can be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million ($2,000,000) dollars for the purposes herein recited.

Section 3. It is hereby determined and declared that due notice soliciting offers for the sale to the said City and County of San Francisco of any existing transmission line was given in accordance with Resolution No. 27822 (New Series), and that no offer of sale of any such transmission line was made to the said City and County.

Section 4. This resolution shall take effect immediately.

On motion of Supervisor McSheehy:

Bill No. 8237, Ordinance No. —— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-

down terminal substation within or without the confines of the City and County with necessary equipment therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with the necessary equipment therefor.

Section 2. The estimated cost of the acquisition, construction and completion of the public utility described herein was by plans and estimates of the Board of Public Works, procured through the City Engineer and filed with the Board of Supervisors on the 10th day of September, 1927, and was and is fixed by Resolution No. 27859 (New Series), in the sum of two million ($2,000,000) dollars.

Section 3. By Resolution No. 27859 (New Series) it was declared that no part of the said sum of two million ($2,000,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million ($2,000,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"Transmission Line Bonds"—To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No." Also said ballot shall have printed thereon the following: To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

YES	
NO	

The extension of the Moccasin Creek Power Line of the Hetch Hetchy Water and Power Project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under,

across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek Power Plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a stepdown terminal substation within or without the confines of the City and County with necessary equipment therefor.

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of, and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Transmission Line Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 2000, both inclusive, and shall be payable eighty thousand ($80,000) dollars thereof five years from the date of said bonds, beginning with the lowest numbers, and eighty thousand ($80,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

The United States of America,
State of California,
City and County of San Francisco.
"Transmission Line Bond."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Terasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 10. The amount of tax levy to be made for the payment of said two million dollars bonds shall be the sum of ninety thousand dollars for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of eighty-six thousand four hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of eighty-two thousand eight hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due six years from their date have been paid, and so on, a sum each year for twenty-two succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which such for interest will diminish each year by the amount of three thousand six hundred dollars by reason of the payment each year beginning five years from the date of said bonds of eighty thousand dollars of said bonds, and the sum of eighty thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for twenty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are and it is hereby expressly provided that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municpal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days' notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Commemoration of the Centennial of the Death of St. Francis of Assisi.

Supervisor Byington presented:

Resolution No. 27866 (New Series), as follows:

Whereas, the Seventh Centenary of the death of St. Francis of Assisi is being commemorated this year in the capitals of the world, there is a special reason why the City of San Francisco should celebrate the centenary of her patron Saint.

The relationship between his native country, Italy, Mother of Arta and Cradle of Civilization, and our beloved California is evidenced in the monuments that preserve in memory the Genius, the Spirituality and Spirit of Sacrifice of the Order of St. Francis.

His love of nature as expressed in his immortal "Canticle of the Sun," his love of the animal life, as part of God's handiwork, found a beautiful setting in our beloved California.

Seven hundred years have elapsed since his death, yet his personality has grown in the admiration of all the people of the world because his positive virtues, his love of man, his spirit of obedience and love of poverty have appealed to the Supreme passion of the souls of men.

Therefore, in recognition of the debt of gratitude which the City of San Francisco and California owe to the genius of St. Francis of Assisi; be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the twenty-second day of November be designated as the appropriate time for the celebration, and that the Mayor be requested to appoint a committee of citizens to provide a suitable program in cooperation with private societies or associations.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—16.

Absent—Supervisors Bath, Shannon—2.

Install Street Lights.

Supervisor Stanton presented:

Resolution No. 27867 (New Series), as follows:

Resolved ,That the Pacific Gas and Electric Company be and it hereby is authorized and requested to change street lamps on Mission street from Sixteenth street to Army street (126 lights) to new type of globe of 400 watts each in lieu of the 300-watt lamps as at present.

Also, remove gas lamps on Willow avenue, west of Buchanan street, for the reason that said Willow avenue is about to be closed.

Also, remove 300-watt lamps on New Montgomery street at Jessie, Minna and Mission streets.

Adopted by the following vote:

Ayes—Supervisors Byington, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—11.

Absent — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Shannon—7.

Restoration of Lost Record.

Supervisor Byington presented:

Resolution No. 27868 (New Series), as follows:

Whereas, word has been received that certain official records, taken from the archives of the City and County of San Francisco by Harry Meiggs, have been located in Lima, Peru; and

Whereas, this information is of sufficient importance to warrant investigation, as these records should not only be made a part of the official archives of the City and County, but are also of great historical value; therefore, be it

Resolved, That the Clerk of this Board he directed to request the State Department of the Federal Government to negotiate for their return through the usual diplomatic channels.

Adopted by the following vote:

Ayes—Supervisors Byington, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—11.

Absent — Supervisors Badaracco, Bath, Colman, Deasy, Harrelson, Hayden, Shannon—7.

ADJOURNMENT.

Calling and Providing for Special Election for Bonds for Municipal Railway Extensions.

Bill No. 8236, Ordinance No. 7747 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of a public utility-to-wit: A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street,

easterly on Turk street to Market street, connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 8th day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit:

A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting cross-town service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands.

Section 2. The estimated cost of the acquisition, construction and completion of the public utility described herein was by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 8th day of September, 1927, and was and is fixed by Resolution No. 27858 (New Series), in the sum of four million six hundred thousand ($4,600,000) dollars.

Section 3. By Resolution No. 27858 (New Series), it was declared that no part of the said sum of four million six hundred thousand ($4,600,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of four million six hundred

thousand ($4,600,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns therof made and the results thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter to be required by law to be printed thereon shall appear thereon the following:

"Municipal Railway Extension Bonds"—To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No." Also said ballot shall have printed thereon the following: To incur a bonded debt for the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

YES	
NO	

A number of extensions to the existing Municipal Street Railway System over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting crosstown service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Raiway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue; thence southerly thorugh the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street: thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary.

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines

and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Municipal Railway Extension Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 4600, both inclusive, and shall be payable one hundred and eighty-four thousand ($184,000) dollars thereof eight years from the date of said bonds, beginning with the lowest number, and one hundred and eighty-four thousand ($184,000) dollars thereof the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
"Municipal Railway Extension Bond."

No. ——. $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ——————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist,

happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 10. The amount of tax levy to be made for the payment of said four million six hundred thousand dollars bonds shall be the sum of two hundred and seven thousand dollars for the first eight years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the ninth year after the date of said bonds the sum of one hundred ninety-eight thousand seven hundred and twenty dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred eighty-four thousand dollars thereof due eight years from their date have been paid, and for the tenth year after the date of said bonds the sum of one hundred ninety thousand four hundred forty dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one hundred eighty-four thousand dollars thereof due nine years from their date have been paid, and so on, a sum each year for twenty-two succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of eight thousand two hundred eighty dollars by reason of the payment each year beginning eight years from the date of said bonds of one hundred eighty-four

thousand dollars of said bonds, and the sum of one hundred eighty-four thousand dollars each year beginning seven years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for twenty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper and at the expiration of said ten days' notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Bill No. 8237, Ordinance No. 7748 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power projcet of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with necessary equipment therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with the necessary equipment therefor.

Section 2. The estimated cost of the acquisition, construction and completion of the public utility described herein was by plans and estimates of the Board of Public Works, procured through the City Engineer and filed with the Board of Supervisors on the 10th day of September, 1927, and was and is fixed by Resolution No. 27859 (New Series), in the sum of two million ($2,000,000) dollars.

Section 3. By Resolution No. 27859 (New Series) it was declared that no part of the said sum of two million ($2,000,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million ($2,000,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"Transmission Line Bonds"—To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition stamp a cross (X) in the blank space to the right of the word "No." Also said ballot shall have printed thereon the following: To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

YES	
NO	

The extension of the Moccasin Creek Power Line of the Hetch Hetchy Water and Power Project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek Power Plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a stepdown terminal substation within or without the confines of the City and County with necessary equipment therefor.

Bonds issued for such purpose shall bear interest at the rate of four and one-half per cent (4½%) per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of, and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X)

stamped in the square to the right of the word "No" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Transmission Line Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 2000, both inclusive, and shall be payable eighty thousand ($80,000) dollars thereof five years from the date of said bonds, beginning with the lowest numbers, and eighty thousand ($80,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

The United States of America,
State of California,
City and County of San Francisco.
"Transmission Line Bond."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made

as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Terasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 10. The amount of tax levy to be made for the payment of said two million dollars bonds shall be the sum of ninety thousand dollars for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of eighty-six thousand four hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of eighty-two thousand eight hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due six years from their date have been paid, and so on, a sum each year for twenty-two succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which such for interest will diminish each year by the amount of three thousand six hundred dollars by reason of the payment each year beginning five years from the date of said bonds of eighty thousand dollars of said bonds, and the sum of eighty thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for twenty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are and it is hereby expressly provided that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax suf-

ficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municpal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days' notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Providing for the Issuance and Redemption of Bernal Cut Bonds.

On motion of Supervisor Marks:

Bill No. 8246, Ordinance No. —— (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of one million four hundred thousand ($1,400,000) dollars for the acquisition, construction and completion of a permanent improvement, to-wit: A cut, or excavation, with approach fills, providing an improved route for public highway purposes in the City and County of San Francisco, known as the Bernal Cut, which improvement begins at or near the intersection of Randall and Dolores streets and extending southerly to a point at or near the intersection of San Jose avenue and Diamond street, in the City and County of San Francisco, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of necessary lands in accordance with and as authorized at a special election held in said City and County on the 14th day of June, 1927.

Whereas, a special election was held in the City and County of San Francisco on the 14th day of June, 1927, in accordance with the provisions and requirements of Ordinance No. 7512 (New Series), calling and providing for such election, and Resolution No. 27282 (New Series), giving notice thereof, reference to said ordinance and resolution for further ptrticulars being here made; and

Whereas, it has been determined by Resolution No. 27643 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the 14th day of June, 1927, and the provisions of said Charter of said City and County and with Ordinance No. 7512 (New Series) and Resolution No. 27282 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of one million four hundred thousand ($1,400,000) dollars for the purpise of the acquisition, construction and completion of a permanent improvement, to-wit: A cut, or excavation with approach fills, and other improvements providing an improved route for public highway purposes in the City and County of San Francisco known as the Bernal Cut, which imprivement begins at or near the intersection of Randall and Dolores streets and extending southerly to a point at or near the intersection of San Jose avenue and Diamond street, in the City and County of San Francisco.

That such bonds shall be called "Bernal Cut Bonds," shall be 1400 in number, and shall be numbered from 1 to 1400, both inclusive, and shall be payable seventy thousand dollars thereof five years from the date of said bonds, beginning with the lowest number, and seventy thousand dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1927, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of January and July of each year until the maturity thereof; shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
Bernal Cut Bond.

No. —— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State

of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1927.

Ingleside Heights Park.

Supervisor Gallagher resented:

Resolution No, —— (New Series), as follows:

Whereas, the Ingleside Improvement Club, acting on behalf of the residents and property owners of the Ingleside district, has requested that the land on the top of Ingleside Heights be purchased for a public park; and

Whereas, the Committee on Education, Parks and Playgrounds referred this request to the Board of Park Commissioners for its recommendation; and

Whereas, the Board of Park Commissioners referred the subject matter to Superintendent John McLaren for his report and recommendation; and

Whereas, Superintendent McLaren, in a letter under date of Septembmer 21, 1927, reports that the view from this land is very interesting and most beautiful, and as there is no other park land in the immediate neighborhood, recommends that five acres of land on the highest point of Ingleside Heights be purchased and reserved for a public park; therefore, be it

Resolved, That the Finance Committee be requested to give favorable consideration to this matter at the time of preparing the next budget.

Mayor's Veto, Employment of Delos F. Wilcox by City Attorney.

The following was presented, read and on motion *laid over one week*. Special order 11 a. m.

San Francisco, Cal.,
September 29, 1927.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

I return herewith Resolution No. 27804 (New Series), authorizing the City Attorney to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately owned street railways in San Francisco, and to furnish certain additional information to the City Attorney as set forth in a communication to your Board, and appropriating $10,000 for the purpose of defraying the expenses of employment of said Wilcox, which I disapprove. My objections to this resolution are based on the following grounds:

First: The street railway problem in San Francisco is one of the most important and complex issues that is before the people of San Francisco at this time, in view of the large mileage of franchises of the Market Street Railway Company expiring in 1929 and the years shortly following.

The final determination of the problem will be made by the citizens of this City at the polls, and in order that the citizenship may vote intelligently on the proposition which may be submitted to them, a complete report should be prepared containing a full analysis of the possible solutions of the railway problem, with specific recommendations. This report, in my judgment, would best be made by a board of experts, three in number, selected for outstanding technical ability in the construction, valuation, operation and management of street railways, as well as franchise matters—men in whose ability, sound judgment and impartiality the public can place full confidence.

From my observation the Board of Supervisors should in this matter take action similar to that adopted in the matter of the bay bridge. That procedure resulted in a clear and well-defined review of the subject matter, and the report has been, according to all indications, very satisfactory to the public. In this recommendation I am not reflecting on Mr. Wilcox, who I understand is a man of high standing and keen intelligence; but, from all information obtainable by me, he is not a man of practical experience in the construction, management and operation of street railways. Mr. Wilcox is an enthusiast on municipal ownership; but this is no longer an issue in San Francisco. Our Charter commits the City to municipal ownership; this is the basic principle of our government, commanding the obedience of all officials.

What is required is not a further discussion of a principle already settled, but a practical demonstration by the best experts of how the physical and legal problems confronting the City can be solved. The legal problems can be disposed of by the City Attorney. The physical problems should be clarified by engineering experts of the greatest skill and experience. A plan outlined by a board of this character would receive the confidence and support of the people. I therefore recommend to your Honorable Board that you provide for such a board of experts.

Respectfully yours,
JAMES ROLPH, JR.,
Mayor.

Resolution No. 27804 (New Series), as follows:

Resolved, That the City Attorney be and he is hereby authorized to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately owned street railways in San Francisco, and to furnish such additional information to the City Attorney as set forth in the letter of said City Attorney addressed to this Board on the date hereof, at a cost of ten thousand ($10,000) dollars, payable to said Delos F. Wilcox as follows, to-wit: $2,000 on September 15, 1927; $2,000 on October 1, 1927; $2,000 on October 15, 1927, and $4,000 upon the completion and filing of said report. That the com-

pensation herein specified is to be in full payment for all services rendered by said Wilcox or anyone acting under him, and the said work should be completed within approximately sixty (60) days from date of his employment. Be it

Further Resolved, That the sum of ten thousand ($10,000) dollars be and the same is hereby appropriated from the moneys of the General Fund not otherwise appropriated, for the purpose of defraying the expenses of the employment of said Wilcox.

Finally passed—Board of Supervisors, San Francisco, September 19, 1927.

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

J. S. DUNNIGAN,
Clerk.

Motion.

So ordered.

SPECIAL ORDER—3:00 P. M.

Bids for Fire Lot.

Bids were received at the chambers of the Board of Supervisors, second floor in the City Hall, City and County of San Francisco, State of California, at the hour of 3 o'clock p. m. on Monday, October 3, 1927, for the sale of the following described parcel of land, owned and held by the City and County of San Francisco, a municipal corporation. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point on the westerly line of Stockton street, distant thereon 115 feet southerly from the southerly line of Broadway, running thence southerly and along said westerly line of Stockton street 22 feet 6 inches; thence at a right angle westerly 80 feet to the easterly line of Cordelia street; thence at a right angle northerly along said line of Cordelia street 22 feet 6 inches; thence at a right angle easterly 80 feet to the westerly line of Stockton street and point of commencement. Being part of 50 Vara Block No. 133.

Said parcel of land will be sold on the above mentioned date at public auction, duly authorized by the said ordinance, to the person making the highest cash bid therefor, such sale, however, to be subject to confirmation by the Board of Supervisors, in accordance with law. A deposit in the sum of ten (10) per cent of the amount bid will be required of the successful bidder before the sale can be made.

Highest Bid.

The highest bid was made by Mr. Debs in the sum of $5,850, which was *referred to the Committee on Public Buildings and Lands.* A cash deposit of $600 was put up with the Clerk by Mr. Debs.

SPECIAL ORDERS—2 P. M.

BRIDGE HEARINGS.

The following matters were taken up:

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Gallagher, further consideration of the foregoing motions were *continued until Monday, October* 10, 1927, *at* 2 *p. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent,

Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—16.

Absent—Supervisors Bath, Shannon—2.

Passed for Printing.

The following bill was *passed for printing*:

Providing for Issuance and Redemption of War Memorial Bonds.

On motion of Supervisor McSheehy:

Bill No. 8247, Ordinance No. —— (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco, to the amount of four million ($4,000,000) dollars, for the acquisition, construction and completion of a permanent improvement, to-wit, the construction, completion and equipment of permanent buildings in or adjacent to the Civic Center in the City and County of San Francisco, to be used as Memorial Halls for war veterans, and for educational, recreational, entertainment and other municipal purposes, and the purchase of all equipment and furnishings necessary for said buildings, in accordance with and as authorized at a special election held in said City and County on the 14th day of June, 1927.

Whereas, a special election was held in the City and County of San Francisco on the 14th day of June, 1927, in accordance with the provisions and requirements of Ordinance No. 7516 (New Series), calling and providing for such election, and Resolution No. 27283 (New Series), giving notice thereof, reference to said ordinance and resolution for further particulars being here made; and

Whereas, it has been determined by Resolution No. 27642 (New Series), reference thereto for further particulars being here made, that at such special special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the 14th day of June, 1927, and the provisions of said Charter of said City and County and with Ordinance No. 7516 (New Series), and Resolution No. 27283 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of four million ($4,000,000) dollars for the purpose of the acquisition, construction and completion of a permanent improvement, to-wit, the construction, completion and equipment of permanent buildings in or adjacent to the Civic Center in the City and County of San Francisco, to be used as memorial halls for war veterans, and for educational, recreational, entertainment and other municipal

purposes, and the purchase of all equipment and furnishings necessary for said buildings.

That such bonds shall be called "Memorial Hall Bonds," shall be 4,000 in number and shall be numbered from 1 to 4,000, both inclusive, and shall be payable two hundred thousand ($200,000) dollars thereof five years from the date of said bonds, beginning with the lowest number, and two hundred thousand ($200,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1927, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of January and July of each year until the maturity thereof; shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

MEMORIAL HALLS BOND.

No. —— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay for the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registeed owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a sim-

ilar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1927.

....., Mayor.

....., Treasurer.

Countersigned:

....., Auditor,

....., Clerk of the Board of Supervisors. (Seal)

Section 4. Interest coupons shall be attached to each bond to the number of twice the number of years such bond will run until the maturity thereof, and the coupons shall be of such a sum as will amount to the interest due on such bond for six months. Such coupons shall be numbered from one upwards and shall state the name and number of the bond to which it is attached. Such coupons shall bear the facsimile signature of the Treasurer of the City and County of San Francisco and be substantially in the following form:

FORM OF COUPON.

On ——— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, ——— dollars ($———) in gold coin of the United States, being six months' interest then due on its "Memorial Halls" Bond dated July 1, 1927, number ———

....., Treasurer.

Section 5. Any bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner and that hereafter the interest and principal of the bond are payable to the registered owner. Thereafter and from time to time the bond may be transferred by such registered owner in person or attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon. Such registration shall be substantially in the following form:

FORM OF REGISTRATION.

San Francisco, ———, 19—.

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of ——— and the interest and principal thereof are hereafter payable to such owner.

....., Treasurer.

Section 6. For the purpose of providing for the payment of the principal and interest of said bonds, taxes shall be levied and collected as provided in Ordinance No. 7516 (New Series) and Resolution No. 27283 (New Series), and in furtherance of the purpose herein expressed the following fund is hereby created, to-wit, "Memorial Halls Bond Interest and Redemption Fund."

Section 7. The Board of Supervisors shall sell said bonds at such times and in such amounts as it may determine. The proceeds arising from the sale of Memorial Halls Bonds shall be placed in the treasury to the credit of the "Memorial Halls Construction Fund," which fund is hereby created, and shall be used exclusively for the purpose for which such bonds were issued.

Section 8. This ordinance shall take effect immediately. And the Clerk of the Board of Supervisors is hereby directed to advertise this bill and ordinance in the official newspaper, as required by law.

Section 9. All bills or ordinances in conflict herewith are hereby expressly repealed.

Relative to 333 Kearny Street Lease.

The matter of the cancellation of the lease of 333 Kearny street, put on the clip by the Clerk, was taken up.

Motion.

Supervisor Gallagher moved that the Building Committee be given one week to negotiate modifications of the lease, eliminating District Attorney and Grand Jury space and space not occupied or if not, that it be the sense of the Board that the lease be cancelled.

So ordered.

Mr. E. Eastman appeared in the foregoing matter for the owner of the building and was heard at length.

Campaign Committee for Bond Issues.

Supervisor Havenner moved that the Public Utilities and Streets Committee, in cooperation with the Mayor, appoint a Citizens Committee to take charge of the campaign for bond issues of Municipal Railway extensions, Moccasin Creek Power Line and the boulevards.

So ordered.

Municipal Band Banner.

Supervisor Gallagher moved that the Municipal Band be provided with a suitable banner for parade purposes.

So ordered.

ADJOURNMENT.

There being no further business, the Board at 6 p. m. adjourned.

Mayor's Initiative Ordinance for the Acquisition of Privately Owned Street Railway Systems.

The following was presented, read and ordered *spread in the Journal,* and *referred to the Public Utilities Committee*:

Mayor's Office, San Francisco.
October 10, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

I hand you herewith copy of an ordinance which I have submitted to the voters of the City and County of San Francisco, and providing for the preliminary proceedings to be taken for the absorption of the privately owned street railways by the City.

It is regrettable that a matter so vital to the welfare, comfort and happiness of the people as the acquisition of the privately owned street railway systems of this City and their amalgamation with the present Municipal Railways should be made a matter of political contention.

This question is the concern of the whole people. They pay the bills and should be heard in the determination of all questions involved.

In order to remove this subject from the field of politics, I, under the power vested in me as Mayor by the Charter, have submitted to the people of San Francisco for their decision at the coming election this ordinance, of which I am sending you a copy herewith.

Respectfully yours,
JAMES ROLPH, JR.,
Mayor.

I, James Rolph, Jr., Mayor of the City and County of San Francisco, by virtue of the power vested in me by the Charter of said City and County, hereby propose the following ordinance for submission to the electors at the municipal general election to be held in the City and County of San Francisco on the 8th day of November, 1927:

Ordinance providing for the employment by the Board of Public Works of three assistants to the City Engineer to examine and analyze all franchises under which privately owned street railways are operated in the City and County of San Francisco; to determine the respective dates of expiration of said franchises; to fix the value thereof, if any, and the value of

all other properties, including rolling stock, trackage and equipments operated, owned or controlled and used or usable in the operation of said privately owned street railways, including the Market Street Railway System situate in San Francisco and in the County of San Mateo, and to formulate and report to the Board of Supervisors a plan and recommendations for the acquisition and operation of said properties by the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Three assistants to the City Engineer shall be employed by the Board of Public Works to examine and analyze all franchises under which privately owned street railways are operated in the City and County of San Francisco; to determine the respective dates of expiration of said franchises; to fix the value thereof, if any, and the value of all other properties, including rolling stock, trackage and equipments operated, owned or controlled and used or usable in the operation of said privately owned street railways, including the Market Street Railway system situate in San Francisco and in the County of San Mateo; to formulate a plan and recommendations for the acquisition and operation of said properties by the City and County of San Francisco, and to report to the Board of Public Works their findings and recommendations within ninety (90) days from the date of their appointment.

Section 2. One of said assistants must have had experience in the construction or operation of street railways and another must be a civil engineer with traction experience. None of said assistants shall be directly or indirectly interested, as officer, stockholder, bondholder, pledgeholder, agent or employee in the Market Street Railway Company or in other privately owned street railways in the State of California or elsewhere, or in any holding or other corporation which is in any manner affiliated with any such privately owned street railway.

Section 3. A board consisting of the President of the University of California, the President of Leland Stanford Jr. University, the President of Santa Clara University and the President of St. Mary's College shall present to the Board of Public Works the names of six persons at least two of whom have had experience in the construction or operation of street railways and two of whom are civil engineers with traction experience and two of whom are citizens of San Francisco. From the names so presented the Board of Public Works shall select three assistants to the City Engineer, one of whom has had experience in the construction or operation of street railways; one of whom shall be a civil engineer with traction experience, and one of whom shall be a resident of the City and County of San Francisco, with or without technical training. No person shall be appointed assistant who is disqualified under Section 2 hereof, or who is opposed to the ownership, control and operation of street railways by the City and County of San Francisco.

Section 4. Said assistants shall within ninety days after their appointment file their report and recommendations with the Board of Public Works; provided, however, that any report or recommendation made by said assistants shall provide for the continued maintenance of a five-cent fare and the prevailing half fare for school children.

Section 5. Said assistants shall make such other and further examinations, analyses, investigations, reports and recommendations upon the subject of the acquisition and operation by the City and County of San Francisco of privately owned street railway systems as in their judgment shall seem proper.

Section 6. Said assistants in the performance of their duties shall receive the cooperation of the City Engineer and the City Attorney of San Francisco.

Section 7. This ordinance shall have the same force and effect as if passed by the Board of Supervisors of the City and County of San Francisco under the provisions of Section 8, Chapter 1, Article VI of the City Charter.

Section 8. There shall be appropriated from the moneys in the General Fund not otherwise appropriated adequate compensation for the services to be rendered by said assistants and for their traveling expenses and all other expenses incurred in the performance of their duties.

Section 9. If for any reason the said assistants shall not be ready to file their report and recommendations within ninety days after their appointment the Board of Public Works may extend the time within which such report and recommendations shall be filed.

Section 10. This ordinance shall take effect upon the date of the

official declaration of the result of said municipal general election.

JAMES ROLPH, JR.,
Mayor of the City and County of San Francisco.

San Francisco, October 8, 1927.

Relative to Creation of Joint Highway District.

The following was read by the Clerk:

Redwood City, California,
October 7, 1927.

Board of Supervisors of the City and County of San Francisco, 235 City Hall, San Francisco, California.

Gentlemen:

At a meeting of the Board of Supervisors, held on Monday, October 3, your Resolution No. 27771 (New Series), adopted by your Board on September 16, was presented, read and filed.

The Board is pleased that tentative approval was given to the creation of a Joint Highway District, and they have authorized Chairman J. W. Poole to act as a director to represent San Mateo County.

Very truly yours,
Elizabeth M. Kneese,
Clerk of the Board of Supervisors.

Referred to Streets Committee.

Relative to Roads and Trails in Hetch Hetchy Valley.

Supervisor Shannon moved that the City Attorney be authorized to transmit to the Secretary of the Interior the letter in reference to the City's obligation to construct roads and trails in Hetch Hetchy Valley, which matter was considered in the Board on August 8, 1927.

Motion *carried.*

CONSIDERATION OF MAYOR'S VETO.

Employment of Delos F. Wilcox, Municipal Railway Expert.

Consideration of the veto of his Honor the Mayor of Resolution No. 27804 (New Series), authorizing the City Attorney to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately-owned street railways in San Francisco, and to furnish certain additional information to the City Attorney as set forth in a communication to your Board, and appropriating $10,000 to defray the expense of said employment.

Motion.

Supervisor Colman moved that Assistant Engineer Nelson Eckart be granted the privilege of the flood. Seconded by Supervisor Byington.

Supervisor Havenner objected that Mr. Eckart is not a representative of the City Attorney's office, and that it would be "improper for him, who has played no part in this whole proceeding, to come here and criticize the recommendation of the City Attorney, another branch of the City government.

Amendment.

Supervisor Schmidt moved as an amendment to Supervisor Colman's motion that Assistant Engineer Eckart be granted the privilege of the floor, but that his discussion be confined to engineering facts. Seconded by Supervisor Byington.

Amendment *carried* by the following vote:

Ayes—Supervisors Bath, Byington, Colman, Deasy, Harrelson, Hayden, Marks, McSheehy, Roncovieri, Schmidt, Stanton—11.

Noes—Supervisors Badaracco, Gallagher, Havenner, Kent, Powers, Shannon, Todd—7.

Privilege of the Floor.

The discussion in part follows:

Mr. Eckart: To the point that is made by Mr. Havenner it seems to me not to be directly to the question. The report which Mr. Wilcox is about to make, or which he has been employed to make, is strictly an engineering report. He is going to make an analysis of the franchise expirations, with maps, and summarize a description of the physical properties covered by each franchise, with an estimate of the valuation of the same, based upon an evaluation heretofore made. He is going to make a study of car mileage and passenger traffic on all the privately owned street railway systems, said analysis to be made by operative routes, supported as near as possible by franchise expirations. Now, if that is not a matter of engineering and street railway operation, I do not know what it is. He is going to make special estimates for each particular route where portions of the line are operated under franchises expiring on different dates. He is going to make an analysis of the routing and trackage of all the street railways in the City for the purpose of determining what lines or parts of lines can be dispensed with upon the expiration of the existing franchises. Why, that is clearly an operating problem, a part of the duties of an engineer or a street railway operator. It is not the part of an attorney, nor the part of an advisor to an attorney.

Supervisor Schmidt: May I ask on that point, through the Chair, has Mr. Wilcox ever given the same information outlined there that you

have just read to other great cities in the United States?

Mr. Eckart: I am not answering that question.

Supervisor Schmidt: Well, has he?

Mr. Eckart: I could not tell you because I am talking to this particular question, and the Charter of the City and County of San Francisco provides that all engineering data, or data relative to public utilities, shall be furnished to the Board of Supervisors by the Board of Public Works and not by any expert brought in by the Board of Supervisors to give that advice.

Supervisor Schmidt: But you have not answered my question, has he given the same advice?

The Chairman: He has answered that question, he says he cannot tell you.

Supervisor Schmidt: He don't want to, I guess. (Applause.)

Mr. Eckart: He may have.

Supervisor Havenner: How about the employment of Mr. Ellis by the City Attorney for engineering advice in connection with the evaluation of the properties——

Mr. Eckart (interrupting): I would refer you to the City Attorney on that. I would prefer not to raise——

Supervisor Powers (interrupting): When you mentioned the Board of Public Works, do you mean that we should receive the information from the Board of Public Works, or would they hire the talent on the outside?

Mr. Eckart: The Charter provides——

Supervisor Powers (interrupting): Could any of the Commissioners of the Board of Public Works give us any information?

Mr. Eckart: The Charter provides——

Supervisor Powers (interrupting): Could any of the Commissions of the Board of Public Works give us any information?

Mr. Eckart: That is not pertinent to the question.

Supervisor Havenner: I do not want to be in the position of obstructing Mr. Eckart, but Mr. Eckart is making a legal argument, he is presenting an argument here to prove to us that we have no legal right to do what the City Attorney advises us we can do, and I submit that that is not his proper function before this Board, he is not presenting engineering information at all, he is discussing the Charter, and he is not qualified to advise us on the Charter.

The Chairman: He has not had much chance to present anything yet.

Mr. Eckert: The Supervisor persists in asking me legal questions.

Supervisor McSheehy: May I say to the members of the Board simply this: Rule 40 allows Mr. Eckart a certain time, why not allow him to finish, and then when he has finished we can ask him some questions.

Supervisor Schmidt: Let us begin all over again.

Supervisor McSheehy: He is allowed ten minutes according to our rule. Allow him that and then ask him questions afterwards and we will get along faster.

Mr. Eckart: Mr. Havenner insists that I am talking on legal questions, and then he persists in asking me legal questions.

Supervisor Havenner: That is the only thing you have discussed, I am not asking you anything else.

Mr. Eckart: He is going to "make an analysis of the effect of expansion and unification of the street railway systems of the City under municipal ownership and operation upon the cost of service, with particular reference to the possibility of retaining the five-cent fare." Still more engineering advice. He is going to "make an analysis of the valuations heretofore made by the City Engineer and the Railroad Commission with respect to the propriety of the general rules of valuation." And he is going to "make recommendations of the plan deemed most practicable under all circumstances, for the acquisition of all or such parts of the street railway properties now privately owned as may be required to establish a complete and unified system of street railways under municipal ownership." All of which is strictly engineering and an operating matter. Now, the City Engineer has been brought into this matter——

Supervisor Havenner: By whom?

Mr. Eckart: By the press and by the members of the Board of Supervisors.

Supervisor Havenner: And the Mayor.

Supervisor Harrelson: Now, Mr. Chairman——

The Chairman (interrupting): As far as I can, as presiding officer, I would like to assist Mr. Eckart to present his matter without interruption.

Supervisor Harrelson: I have not said a word, but I object to any member of this Board heckling Mr. Eckart any further. (Applause.)

The Chairman: When I referred to interruption, I did not mean you,

Mr. Harrelson. I think Mr. Eckart should be permitted, unless there is some particular question that should be asked at a particular time, to proceed. Now, you try to proceed, Mr. Eckart, and we will see if we cannot help you along.

Mr. Eckart: Now, I do not want to go into the question of Mr. Wilcox's qualifications for making this report, except to state that the work to be performed is almost purely engineering work. Mr. Havenner just this morning has stated that Mr. Wilcox is not an engineer. Now, as going further to the right of the Board—and this is, as I say, where the Board of Public Works and the Engineering Department is vitally interested, and that is that the matter is fully covered under Section 10, Article 6 of the Charter, which provides that "all examinations, plans and estimates required by the Board of Supervisors in connection with any public improvement or utilities shall be made by the Board of Public Works, and it shall, when requested to do so, furnish information and data for use of the Board of Supervisors." "And further authority is vested in the Board of Public Works to carry out these powers and, under such ordinances as the Supervisors may enact, contract for work to be performed, or for expert technical or professional services to be rendered." Now, I would refer you to an opinion of the City Attorney, rendered December 15, 1926, relative to the employment of engineers by the Board of Supervisors in the Bay District——

The Chairman (interrupting): Let me interrupt you. I think you are not permitted, under the motion, to discuss——

Supervisor Schmidt (interrupting): He is going far afield.

The Chairman: Let me state it, Mr. Schmidt, I think I can express myself without your assistance. I think, Mr. Eckart, frankly, under the motion as it stands, you are not permitted to discuss the legal question connected with the employment of Mr. Wilcox, and whether or not this Board of Supervisors could authorize the City Attorney to employ him. Now, I am merely stating the way the matter stands under the motion, and I think that is the correct statement.

Supervisor Byington: He is not discussing it from a legal standpoint, it is a matter of fact.

Mr. Eckart: I will proceed, but the Board will stop me, I presume, if I go too far in setting forth any of these facts, but I am going to endeavor to present clearly to this Board, as clearly as I can, the viewpoint of the City Engineer's office and the Board of Public Works, relative to the employment of Mr. Wilcox.

The Chairman: As to whether or not this Board has the right to employ him legally?

Mr. Eckart: I say, I am going to do that unless I am stopped.

The Chairman: Well, I am stopping you now, Mr. Eckart, because, as the motion stands—and I am merely expressing the condition—you are to discuss the engineering facts connected with the employment of Mr. Wilcox, and you are not going into the question of whether that employment legally should be made by this Board, or by some other department.

Mr. Eckart: Do you object to my reading an opinion of the City Attorney on the matter?

The Chairman: I do no object at all Mr. Eckart, I am merely the instrument of the Board as the presiding officer, and I am telling you how the motion stands.

* * * * *

Mr. Eckart: I would refer you to an opinion of the City Attorney rendered on December 15, 1926, relative to the employment by the Board of Supervisors of engineers in the Bay Bridge matter, from which I quote: "The resolution deals first with the retaining by the Board of Supervisors of Engineers . . . Your attention is directed to Section 10, Article 6 of the Charter, reading as follows: (Reading.) I am of the opinion that the construction of a bridge such as you have under consideration at the present time, or the selection of a site therefor, is a public improvement, and that, under the plain language of the Charter quoted, 'all examinations, plans and estimates for the same be made by engineers.' It is a well settled rule of law"—now get this—"that a county board is without authority to employ or contract with a person to perform acts which are a part of the official duties imposed by law upon another official. This principle has been sustained by the Supreme Court of this State in numerous cases." And then he cites the cases. I also would refer you to another opinion of the City Attorney, dated December 30th, in which he advised you that you were without power to employ an engineer to make a survey of the City's lighting system, which is likewise a function of the Board of Public Works, and, notwithstanding that

opinion, I understand this same expert is in the employ of the City at the present time. Now, I contend that the attempted employment of Mr. Wilcox by the City Attorney, for the purpose of furnishing information and data to the Board of Supervisors on matters relative to the extension, acquisition or operation of street railways, is an evasion of the principle of the Charter above quoted, and that, if the Board of Supervisors desires to have the information furnished them, such as has been outlined in the letter of the City Attorney to the Board referred to and made a part of the resolution setting forth what Mr. Wilcox proposes to do for the $10,000 fee, I submit that your Board should adopt an ordinance requesting the Board of Public Works to furnish such information and authorize them to employ, upon the certification as to the necessity therefor by the City Engineer, such experts as may be necessary for this purpose. And the employment of these experts might well, as has been suggested, be done in the same way in which they were chosen for the bridge work.

Now, there is another phase of the subject that I would like to touch on, and that is, that in 1911 the City employed a Mr. Bion J. Arnold, one of the foremost traction engineers in the United States, to make an investigation on the street railway situation in San Francisco, and to recommend such action to the Board of Supervisors relative to the transportation facilities. And the scope of this report proposed by Mr. Wilcox is somewhat similar to that which Mr. Arnold undertook. It is true, some of the work recommended by Mr. Arnold has been carried through, such as the Twin Peaks tunnel and the Stockton street tunnel, but there are other matters that Mr. Wilcox proposes to delve into, which were not considered by Mr. Arnold, and I would refer to his proposed evaluation work. It took Mr. Arnold and the staff over fifteen months to compile this report, at a cost of approximately $62,000, of which $50,000 was chargeable to car routing and allied matters. The other expenses being charged to the tunnel studies. Now, Mr. Wilcox proposes to complete his report within sixty days. Now, I won't say that Mr. Wilcox cannot complete a report within sixty days, but I contend that any report made in that sixty-day period will be more or less superficial. Mr. Havenner in a published statement and today before the Board says that all that the Board of Supervisors is now seeking is just such expert advice with respect to our legal rights when the franchises expire, and he goes on, "And having obtained this advice, which is essential immeditely, the Board will be in a position to determine the policy of procedure which may involve, as the Mayor suggests, some additional advice on engineering and operating problems. Mr. Wilcox has not been employed, as the Mayor mistakenly infers, to make an evaluation of the Market Street Railroad properties. This has already been done by our City Engineer and by the State Railroad Commission, and there is no intent to take these engineering problems out of the hands of recognied experts on that subject. The City has its own corps of experts in matters of construction and operation in the City Engineer's office, and the operating staff of the Municipal Railway and their services will be enlisted for a final solution of the problem and submitted to the people." This, however, does not seem to be in accord with the proposition as outlined in the resolution and the letter of the City Attorney. Reference is made to that because the resolution and the letter point out, clearly, that the work to be undertaken by Mr. Wilcox is fundamentally and essentially, from start to finish, an engineering problem. It is not a legal problem, except in a very small sense, if at all, and with that I will submit that the Board has no right to employ Mr. Wilcox.

* * * * *

City Attorney John J. O'Toole.

City Attorney O'Toole: Mr. Supervisor, I have often told Mr. Eckart that as a lawyer he was a wonderful engineer, and as to my knowledge of engineering, I have to rely entirely upon my qualifications as a lawyer. Now, as to the right of this Board to get this particular information, and get it through the City Attorney's office, if they desire to do it, I think there is no question whatsoever. Mr. Eckart has directed the attention to two opinions given, one to this Board and, I think, the other one to the Auditor, from my office. I wrote both of those opinions. One of them was relative to the construction of a bridge across the Bay. True, it carried with it a study practically of some traffic conditions, but those were merely incidental. I advised the Board at that time, I thought that that was an engineering matter under Section 10, Article 6,

dealing with the Board of Public Works, and was a matter within the jurisdiction of the Board of Public Works. In the case of Mr. Whittlesey, a resolution was passed by this Board authorizing the Lighting Committee to employ an engineer to make a study relative, I think it was, to getting a new lighting system in San Francisco, clearly an engineering matter, and I ruled in that particular case that it was a matter within the jurisdiction of the Board of Public Works, and if the Supervisors wanted that information, they would have to get it through the Board of Public Works. Now, this matter which is engaging the attention of my office at the present time and the attention of your Board at the present moment, is not entirely an engineering matter, it is not entirely a legal matter. As to the legal matters I feel qualified to advise the Board as to the rights of the City, as far as those rights involve the determination of legal matters, and I am not asking for any assistance from anyone except the deputies in my office on that particular point. On matters that are purely engineering, I have stated in my letter that I am perfectly willing to reply upon the engineer and take the data which he has before him. But there are matters which will have to be determined and concluded by this Board, and have to be determined by myself before I can make a full report to this Board, under the resolution, which has never been revealed, referring the matter to me, and those are matters that are neither engineering matters nor are they legal matters. They are matters, or rather possibly conclusions, that can be drawn from both the legal and the engineering matters that will be determined. I can advise the Board, or I can advise anyone who is working with me here, be it Mr. Wilcox or anyone else, when a certain franchise will expire, what properties will belong to the companies and what properties will belong to the City on the date of the expiration of that franchise. The City Engineer is competent and I understand he has that information to tell me, or tell whoever is working with me, what the value of those properties are. But there are certain economic conclusions to be drawn from both of the other facts that have been determined from a legal standpoint and from an engineering standpoint, and those are matters that I think are neither the duties of an engineer nor a lawyer, and I think a man of Mr. Wilcox's type is competent to perform them. For instance, we will take—I will just take a moment to give you one instance, we will take the Haight street car line. The franchise of the Haight street car line from Market and Gough streets to Stanyan street will expire either some time in 1929, or 1932, the exact time has not been determined by my office. When that franchise has expired the Market Street Railway will not have the right to operate cars over that line. But at the present time the Market Street Railway Company is operating cars over that line, not only as far as Stanyan street, but from Stanyan street to the beach, and they have a franchise I think for that additional line for some twelve years. Now, one of the things that this Board will want to be advised upon is, what is the best to do with that Haight street franchise from Gough and Market streets to Stanyan street? Can it be operated at all without operating it directly to the beach? Should we enter into some negotiations to acquire the unexpired portion of that franchise? Would it be for the better interests of the City to start condemnation proceedings to determine how much traffic that car line can carry from Market and Haight streets to Stanyan street? Would it be profitable to the City to operate that much of it, or could they make some transfer arrangements and permit the Market Street Railway Company to conduct their road from Stanyan street to the beach for the remainder of that particular franchise? Now, those are matters that I believe, and I think I am correct in my belief, I think it is sound as a legal proposition, that are neither legal nor engineering, and it was for that reason that I suggested to the Board the propriety of employing Mr. Wilcox.

Supervisor Havenner: Mr. Chairman: On account of the importance of this issue I want to read a statement, which will set forth clearly all of the moves that have been made in this proceeding, so that the record may be accurate.

"The Mayor's attempt to veto the resolution unanimously adopted by this Board of Supervisors, authorizing the City Attorney to employ Dr. Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the pri-

vately owned street railways in San Francisco, and to furnish additional information to the City Attorney, is based upon three main arguments:

First: That the sole report upon the possible solutions of the local street railroad problem, and the specific recommendations with respect to such solutions, which should be considered by the Board of Supervisors must be prepared by a board of three expert engineers.

Second: That Dr. Wilcox, while 'a man of high standing and keen intelligence,' does not possess practical experience in the construction, management and operation of street railways, and is therefore not qualified to render the expert services for which he was engaged by the City Attorney.

Third: That Dr. Wilcox is 'an enthusiast on municipal ownership;' that municipal ownership is no longer an issue in San Francisco; and that no further discussion of municipal ownership is required in the study of how the City shall deal with the expiring franchises of the Market Street Railway Company.

I will deal with these arguments seriatim.

First: The Finance and Public Utilities Committees were authorized by this Board of Supervisors to make a study and survey of the whole problem of street railway transportation in San Francisco, with particular consideration of the approaching expiration of certain important street railway franchises, and to report to the Board a program of recommendation for the acquisition of all privately owned street car lines in the City and County and their consolidation with the Municipal Railway under a system of municipal ownership and operation."

I want to emphasize now that we are committed, by the very resolution of policy under which this procedure started, to municipal ownership and operation of these lines.

"After numerous conferences upon the question of procedure in this all important investigation, the Finance and Public Utilities Committees recommended to the Board of Supervisors that the initial step which should logically be taken was a study by the City Attorney of all of the legal problems surrounding the expiration of the franchises."

I would like to bring this particularly to the attention of Supervisor Harrelson, that this was recommended to the Board of Supervisors, "That the initial step which should logically be taken was a study by the City Attorney of all of the legal problems surrounding the expiration of the franchises. This study should be undertaken first, it was explained, in order that the Board might be fully advised of all of the legal courses of action which would be open to the City upon the expiration of the franchises and in the interim." We made it plain that this was not the final report on which we were going to base our recommendations, but we believed that this was essential first. I have no doubt that we will require several subsequent reports before an election can be held next year and the submission of a policy made to the people. "In complete approval of this recommendation the Board of Supervisors, on August 8, 1927, adopted, without a dissenting vote, Resolution No. 27648 (New Series), authorizing the City Attorney to make this initial study. On August 19, 1927, Mayor James Rolph, Jr., affixed his signature to this resolution, thereby giving his official approval to the very plan of procedure which he now seeks to invalidate. I move you now, Mr. Chairman, that Resolution No. 27648 (New Series) be made a part of this record."

The Chairman: Any objection? (Dropping the gavel.)

Resolution No. 27648 (New Series), as follows:

Whereas, many of the franchises under and by virtue of which the privately owned street railway companies operate their street cars over the streets of San Francisco will expire during the early part of the year 1929; and

Whereas, the City and County of San Francisco is by its Charter committed to the acquisition of its public utilities, and that we, the Board of Supervisors of San Francisco, believe that all of the street railways of San Francisco should be municipally owned and operated; and

Whereas, that, unless some immediate steps are taken to make provision for the operation of the lines of the said privately owned street railways at the expiration of their present franchises, the people of San Francisco may be left without adequate means of transportation; and

Whereas, we believe that if the physical properties of all of the said street railways can be acquired at their fair and reasonable value, hav-

ing due regard for the limited existence of the respective franchises under which the same are operated, that the City should acquire the same, either at the date of the expiration of said franchises, or in the interim between the present time and the date of said expiration of said franchises; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed to make a full and complete research of all matters pertaining to the expiration of the franchises under which the privately owned railway companies operate in the City and County of San Francisco, as well as what rights and properties will revert to the City upon the expiration of said franchises, as well as the rights and properties which will remain in possession of the respective street railway companies at the date of the expiration of said franchises, and also where certain street lines are operated under more than one franchise, what effect the expiration of one of said franchises will have on the operation of that particular line.

And further, that said City Attorney advise as to what action, if any, shall be necessary to compel the said railway companies to cease operation of the said cars on the expiration of their respective franchises, or under what conditions, if any, the City might enter into a temporary agreement with said companies for the continued operation of their said street railways after the expiration of said franchises, and further, whether it will be possible for the City to purchase the property of said railway companies, either at the date of the expiration of said franchises, or in the interim between the present time and the date of said expiration, and if so, to cooperate with the Public Utilities and Finance Committees in reporting to this Board, at what figure, and if said properties cannot be purchased by agreement with said respective companies, can the same be taken under condemnation proceedings, and if such proceedings are commenced, what particular properties can be taken thereunder; and be it

Further Resolved, That said City Attorney report to this Board as soon as said investigation can be made.

Adopted by the Board of Supervisors August 8, 1927.

Ayes — Supervisors Badaracco, Byington, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—13.

Absent — Supervisors Bath, Colman, Deasy, Powers, Shannon—5.

Approved August 19, 1927.

JAMES ROLPH, JR.,
Mayor.

Supervisor Havenner: Subsequently, acting under the authority thus granted by the Supervisors and the Mayor, the City Attorney reported to the Board an outline of the studies of the franchise problems which he deemed to be essential, and suggested the need of expert assistance in conducting this study. He proposed the name of Dr. Delos F. Wilcox, a recognized expert of national experience and reputation on franchise and public utilities problems, and the Board of Supervisors, by unanimous vote, with all of the eighteen members present, adopted Resolution No. 27804 (New Series), authorizing the City Attorney to employ Dr. Wilcox. All of this was done in accordance with the express authority previously granted by the Board of Supervisors and approved by the Mayor. And I want to say, parenthetically, Mr. Chairman, that I was amazed by the confession of Supervisor Byington that he sat here and voted on such an important issue as this without knowing what he was voting for.

I move you now, Mr. Chairman, that the letter of the City Attorney addressed to the Public Utilities Committee and the Finance Committee of this Board, under date of September 6, 1927, suggesting the employment of Dr. Wilcox and outlining the scope of the report which he desired him to make, be made a part of this record.

The Chairman: No objection? (Dropping the gavel.)

San Francisco, Sept. 6, 1927.

To the Public Utilities Committee and to the Finance Committee of the Board of Supervisors.

Gentlemen:

Pursuant to Resolution No. 27648 adopted by the Honorable Board of Supervisors, I have made a preliminary investigation relative to the privately owned street railways in San Francisco. This investigation has embraced only the manner in which I may be able to fully advise your Board as to matters covered in the above resolution.

I find that the City Engineer has in his possession data which can be brought down to date, and from which it will be possible to determine with a fair degree of accuracy the physical value of the properties of the railroads. A statement of the earnings of these roads can be obtained from the Railroad Commission.

I have had the opportunity of conferring with Mr. Delos F. Wilcox relative to the more technical portions of the investigation which you desire to be made. Mr. Wilcox has offered to make the following studies:

1. Make an analysis of franchise expirations covering all privately owned street railways, and report same, with maps and summaries by dates and descriptions, together with physical properties covered by each franchise, with an approximate assignment of value of the same based upon valuations heretofore made by the City Engineer or the State Railroad Commission, and report the present condition of said properties.

2. Make an analysis of car mileage and passenger traffic on all privately owned street railway systems, said analysis to be made by operated routes supported as near as possible by franchise expirations, with special estimates for each particular route where portions of the line are operated under franchises expiring different dates.

3. Make an analysis of routing and trackage of all street railways in the city, for the purpose of determining what lines or parts of lines could be dispensed with upon the expiration of existing franchises or upon the unification of all lines under municipal ownership.

4. Make an analysis of the effects of the expiration of existing franchises upon the value and serviceability of routes or parts of routes for which franchises do not expire until late dates.

5. Make an analysis of the effect of the unification and expansion of the street railway systems of the city under municial ownership and operation upon the cost of service, with particular reference to the possibility of retaining the five-cent fare under these conditions.

6. Make an analysis of the valuations heretofore made by the City Engineer and the Railroad Commission, with respect to the propriety and the general rules of valuation, with particular reference to the present price trends, intangibleness, depreciation and the effect of the approaching expiration of franchises.

7. Make recommendations of the plan deemed most practicable under all circumstances for the acquisition of all or such parts of the street railway properties now privately owned as may be required to establish a complete and unified system of street railways under municipal ownership. This will involve a consideration of the relative merits of negotiation and condemnation at the present time, as well as at the expiration of the principal franchises, and will also involve the recommendation of any temporary agreement deemed proper between the City and the railway companies providing for the operation of said railways between the date of the expiration of their respective franchises and the date of the taking over of said railways by the City.

Mr. Wilcox estimates that this work can be completed within a period of sixty days from and after the date of its commencement, and asks a fee of $10,000, which shall include all expenses incident to the investigation, said amount to be payable as follows: On September 15, 1927, $2,000; October 1, 1927, $2,000; October 15, 1927, $2,000; upon filing the report, $4,000.

Should the Board desire this investigation made by Mr. Wilcox, I will be pleased to have the necessary appropriation made to cover his expenses, and the requisite authority to employ him.

Sincerely yours,

(Signed) JNO. J. O'TOOLE."

Supervisor Havenner: "Also, Resolution No. 27804 (New Series), authorizing the employment of Mr. Wilcox."

The Chairman: Such will be the order.

"Resolution No. 27804 (New Series).

Resolved, That the City Attorney be and he is hereby authorized to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately owned street railways in San Francisco, and to furnish such additional information to the City Attorney as set forth in the letter of said City Attorney addressed to this Board on the date hereof, at a cost of ten thousand ($10,000) dollars, payable to said Delos F. Wilcox as follows, to-wit: $2,000 on September 15, 1927; $2,000 on October 1, 1927; $2,000 on October 15, 1927, and $4,000 upon the completion and filing of said report. That the compensation herein specified is to be in full payment for all services rendered by said Wilcox or anyone acting under him, and the said work should be completed within approximately sixty (60) days from date of his employment; be it

Further Resolved, That the sum of ten thousand ($10,000) dollars be and the same is hereby appropriated from the moneys of the General Fund not otherwise appro-

priated for the purpose of defraying the expenses of the employment of said Wilcox."

Supervisor Havenner: "I desire to call your particular attention now to the fact that at the same time the City Attorney was authorized to make his study of the legal problems surrounding the expiration of the franchises this Board of Supervisors adopted a motion, submitted by me, authorizing the City Engineer to bring down to date his physical evaluation of the properties of the privately owned street railways, which was made several years ago." I want to call that again to the attention of Supervisor Harrelson. Simultaneously, we took action, calling upon the City Engineer's office to furnish us this information, which we recognized they were qualified as experts under the Charter to furnish.

Supervisor Hayden: At that point there, was not there some question about the appropriation?

Supervisor Havenner: I am coming to that in a moment. This evaluation, as you all know, was made several years ago. "This procedure was suggested by the City Attorney in his letter of September 6, which I have just made a part of this record, and the action of the Board was tantamount to a declaration of policy that, at the proper time, an additional expert report, compiled by engineers, on the physical value of the properties to be taken over by the City will be required by the Board for its guidance in dealing with the whole problem. Action on the request of the City Engineer for funds for the revision of his evaluation has been temporarily deferred, pending advice from the City Attorney as to the proper data for the new evaluation." Now, I fell that we should have that advice from the City Attorney, because he is going to advise us of our legal rights, so that we may determine upon a course of action and upon a declaration of policy. Until he gives us that advice and we decide upon the lines along which we want to proceed, we cannot tell the City Engineer what data we desire the new evaluation to be made. And so we must wait for this advice.

"The contention of the Mayor, however, that the sole advice which this Board of Supervisors shall receive in its consideration of this great problem must come from a board of engineering experts, who shall be chosen without regard to their attitude toward the principle of municipal ownership, is preposterous. The policy which this Board of Supervisors will eventually adopt, for submission to the people, in the effort to solve this tremendous question, will be of vital importance to the future development and welfare of our whole community, and we shall demand and obtain in orderly, legal fashion all of the advice of various kinds which may be necessary. The responsibility for the plan which this Board will finally present to the people rests upon the members of this Board, and upon them alone, and the Mayor has no authority to prevent the submission of any plan which we may approve. His attempt now to interfere with our study of the problem, and to restrict or deny any advice which we desire and have a right to obtain, is wholly arrogant and mischievous and is without moral or legal justification.

Second: The allegation that Dr. Wilcox has no practical experience in street railway problems and is not qualified to give San Francisco expert advice concerning the expiring traction franchises is so absurdly false that it ought not to be necessary to degnify it with a serious reply, but in order that the record may be complete, I desire to read now an outline of the distinguished career of Dr. Wilcox, which I have compiled and verified, which will dispose of this vicious canard permanently."

I desire to say to the members of the Board that this outline of the career of Dr. Wilcox was published in the public press here on Saturday a week ago, and I assume that most of the members of the Board have read it. I have no desire to take up your time, but if there is any member of the Board who is not familiar with the matter it can be read. I will say, in effect, that it sketches the career of Dr. Wilcox from the time of his college education, and gives in detail his employment as an expert on public utility and franchise problems for the cities of New York, Newark, the Associated Municipalities of New Jersey, Scranton, Pennsylvania; Kalamazoo, Michigan; Cleveland, Ohio; Detroit, Michigan; Minneapolis, Minnesota; Jacksonville, Florida; San Antonio, Texas; Denver, Colorado; Los Angeles, California, and other cities. And I move you now, Mr. Chairman, that this outline of the career of Dr. Wilcox be made a part of the record.

The Chairman: Any objection? (Dropping the gavel.)

"The Board of Supervisors of San Francisco, with the Mayor's approval, employed Mr. Wilcox as a franchise expert to assist in the

preparation of a charter amendment designed to provide additional street car facilities for the Panama Pacific Exposition.

Mr. Wilcox served in that capacity as a member of an official committee consisting, in addition to himself, of Bion J. Arnold and E. A. Wolcott, now president of the Civil Service Commission.

Mr. Wilcox' preeminent standing as a scholar in the problems of municipal government cannot be challenged. He has made a specialty of the study of municipal government, and for the ten years following his graduation from Columbia University his lifework consisted almost entirely of an investigation of civic and municipal problems, with employment in New York, Cleveland, Grand Rapids and Detroit. During that period his attention gradually became focused upon street railways and other public utilities because of the importance of their problems in civic life.

New York Post.

In 1907 he was called to New York City to be made chief of the bureau of franchises of the public service commission for the first district of New York State, which had been just organized by Governor Hughes. That commisison had jurisdiction over railroads, street railways and gas and electric companies, with a greater total capitalization than was subject to the jurisdiction of any other state commission in the country.

Also, this commission, as successor to the old board of rapid transit railroad commissioners, had the function of laying out, constructing, designing and leasing for operation the subways of New York City. While Wilcox was with this commission the dual subway system was planned and contracts for its construction and operation were let, which ultimately involved the expenditure of about $400,000,000. Wilcox was connected with the commission for five and a half years and resigned in June, 1913, to go into private practice as a consulting franchise and public utility expert for cities. During the ensuing year he was employed as an expert to make franchise and street railway surveys in the cities of Newark, Norfolk, Akron, Canton and Kansas City, Mo. He was also an expert in the Denver Union water case.

Valuation Expert.

Next Mr. Wilsox was employed by the City of New York as an expert in the valuation of private water companies and became deputy commissioner of water supply, gas and electricity for the City of New York in October, 1914, and held this position until the end of the Mitchel administration at the end of 1917. His work while there consisted of the valuation of private water plants and the operation, subject to the commissioners, of the municipal water supply system of New York, representing an investment of $350,000,000.

During this period Mr. Wilcox was occasionally employed on outside expert work, including a survey of the state and local regulation in California and other coast states for the National Civic Federation in 1912. He was also employed during the same year for the drafting of a franchise charter amendment for the City and County of San Francisco. Some years later he gave expert testimony before the board of arbitration on the San Francisco-Oakland Terminal Railway Company wage case. He also participated in the preparation of the Montreal Street Railway settlement effected by the Montreaal Tramways Commission in 1917.

Recent Commissions.

Since 1918 Mr. Wilcox has been exclusively engaged in doing expert work for cities and other public bodies, including the following:

City of New York, traction investigation and water condemnation case.

Newark and associated municipalities of New Jersey, as chief expert before the New Jersey Utilities Commission in a case involving street railway rates for 140 cities and towns.

Scranton, Pa., city expert in the Scranton Railway rate case and the Hyde Park gas case, both involving testimony before the Pennsylvania Public Service Commission.

Kalamazoo, Mich., analysis of cost of street railway transportation, with recommendation of policy and testimony before the Michigan Public Utilities Commission.

Cleveland, Ohio, testimony before a board of arbitration concerning the rate of return of the Cleveland Railway Company.

Detroit, Mich., consultation with respect to the planning of an independent street railway system by Mayor Couzens and subsequently for the analysis of the service at cost franchise proposed by the Detroit United Railways prior to the acquisition of the lines by the city.

Minneapolis, Minn., valuation of

Minneapolis Street Railway Company and testimony before the Minneapolis Commission in a street railway rate proceeding. Also in the evaluation of the Minneapolis gas properties and particularly in the city's negotiation of a new rate ordinance regulating the price of gas.

Jacksonville, Florida, testimony before the Florida Railway Commission in the Jacksonville Traction case.

San Antonio, Texas, participation in the evaluation of waterworks before their acquisition by the city. Later a preliminary investigation of the street railway problem for this city.

Denver, Colo., valuation of the properties of the Denver Tramway Company and testimony before a special master in the Federal District Court. After this work was completed, as a result of a change in the city administration, the city abandoned the valuation fight, and a federal judge who had not heard the testimony, notwithstanding that it was received by the special master, ruled it out, on the motion of the company, on the ground that Wilcox was not a trained engineer and, never having built or operated a railroad, was not competent to make a reproduction cost valuation of street railway properties and testify concerning the same in a federal court. The city having abandoned the valuation fight no appeal was taken with respect to the exclusion of this testimony.

Los Angeles, report upon city's transportation policy and an analysis of valuation of the Los Angeles Railway Company. Testimony concerning the same before the California Railroad Commission in rate proceedings still pending.

Mr. Wilcox testified before the Federal Electric Railways Commission, appointed by President Woodrow Wilson, and was employed by that commission as an expert to analyze and submit recommendations. This involved a study of testimony and exhibits submitted by electric railway companies, public service commissions and other public bodies in all parts of the country.

Standard Author.

Mr. Wilcox has served as chairman of the franchise and public utilities committee of the National Municipal League. He was a member of the league committee which drafted a model charter, including the franchise and public utilities policy contained therein. He is the author of a standard two-volume work on municipal franchises and many other books on municipal problems.

Supervisor Colman: May I ask you, while you are working up his record, you remember my remarks relative to the decision in the State of Colorado.

Supervisor Havenner: I will deal with that in a moment.

This recital of the record and notable life-work of Dr. Wilcox must wipe out, in the mind of any fair person, all doubt as to his qualifications to give the most valuable expert assistance to our City in the tangled street railway problem which will soon confront us.

But the supporters of this amazing veto, ignoring all of the facts about Dr. Wilcox and his record, have persistently and maliciously—I do not mean that with respect to the members of this Board, but I do make that statement with regard to certain propaganda that has been circulated in the community—asserted in a certain portion of the local public press that Dr. Wilcox is not an expert and that he knows nothing whatever about street railway franchise problems. They base these mendacious statements upon the action of a federal judge in Denver, Colorado, who threw out the testimony of Dr. Wilcox concerning the value of the Denver traction properties, on the ground that he was not an engineer by profession and that he had never been employed by a private street railway company to build or operate a street railway. Dr. Wilcox told me that after the special master who had been appointed by that court had received his testimony at great length as an expert with respect to the evaluation of those properties the case got into court—I will go into a little history there. There was a municipal election on in Denver at that time when the question of the evaluation of the street railroad companies was an outstanding issue. The old administration had been contending for a revision downward of the evaluation of that property and had employed Dr. Wilcox as an expert. The election took place while the case was being tried. The incumbent administration was defeated. The new administration had taken the opposite side of the question. They never appealed the action of the federal court in rejecting the testimony of Dr. Wilcox, which, as I said before, had previously been accepted by his own special master. His disqualification was theoretically on the ground that nobody but a profesisonal en-

gineer was qualified to give testimony in court concerning the valuation of street railroad properties.

In this connection I desire to read into the record an excerpt from an editorial published in the San Francisco Examiner on Wednesday, October 5, 1927.

In 1924, Circuit Judge Robert E. Lewis of Colorado gave a decision favoring the street car company in the Denver Tramway case. This decision, in which the judge rejected Dr. Wilcox's testimony, is being made much of by those who oppose his employment by this City.

It is sufficient to point out that the law firm of Hughes and Dorsey then was, and for many years had been, general counsel for the Denver Tramway Company or its receiver; and that Judge Lewis was the father-in-law of Attorney Berrien Hughes, junior member of that firm.

Also Judge Lewis' son, Mason A. Lewis, was senior member of the law firm of Lewis and Grant, counsel for the Bondholders' Protective Committee of the Denver Tramway Company.

These facts, which should have disqualified Judge Lewis, were not brought out by the attorneys representing the City of Denver. I want to recall to your attention again that the election was held, that the opposition to, the case in its original aspect was in power, and no question of appeal was raised by the new administration. Now was Judge Lewis' remark, during the time of the litigation, that anybody who favored municipal ownership of the street car system in Denver did not have "three grains of sense in his head."

The Chairman: Who said that?

Supervisor Havenner: The judge. The judge's decision gave the Denver Tramway Company a rate of return on the capital investment that is seven times per passenger that which car riders must bear on the San Francisco Municipal Railways.

Those who cite such a case as detrimental to Dr. Wilcox's record are guilty of overlooking or suppressing the above facts.

The Chairman: That will be admitted.

Supervisor Havenner: I may add, prior to disqualifying Dr. Wilcox as an evalation expert on the grounds above set forth, the Colorado judge read into the official record of the case a lengthy history of Dr. Wilcox's life work, corresponding very closely to the one which I have just recited. I will take the liberty at this time of quoting a comment made by our City Attorney, the Hon. John J. O'Toole, at a recent joint meeting of the Finance and Public Utilities Committees of this Board. After reading to the committee members, from the official published federal report of the case, the record of Dr. Wilcox included therein, Mr. O'Toole said: "Although the court technically disqualified Dr. Wilcox, I must say that in the records he qualified him as an expert more completely than I have ever known any other expert to be qualified by any court."

At this time it is proper to call to the attention of the members of this Board the fact that in 1912 the Board of Supervisors of San Francisco, with the approval of Mayor Rolph, invited Dr. Wilcox to come to this City and employed him as an expert in the preparation of a charter amendment dealing with street railway franchises. Two of our present colleagues, Supervisors Gallagher and Hayden, were members of the Board at that time and voted for the employment of Dr. Wilcox.

Fifteen years ago Mayor Rolph thought so highly of Dr. Wilsox and his experience and qualifications that he officially invited him to San Francisco and employed him as an expert on street railway franchises. During all of the intervening years Dr. Wilcox has been almost constantly employed in similar work by leading municipalities and public bodies in all parts of the country, and, of course, his experience and qualifications have been vastly augmented. But today Mayor Rolph, either having forgotten all about this action of long ago, or having been persuaded by some mysterious influence to ignore it, says, in effect, that Mr. Wilcox has had no experience and cannot qualify as an expert.

Third: The Mayor indicts Dr. Wilcox for being "an enthusiast on municipal ownership" and asserts that municipal ownership is no longer an issue in San Francisco.

Municipal ownership is, perhaps more than ever before, a critical issue in San Francisco today. All of the staggering influences of unlimited wealth and political power controlled by the allied electric power and traction trusts of America are being mobilized here in a desperate effort to deal a death blow to the cause of municipal ownership in our city. The billion

dollar Byllesby combine has swallowed up the Market Street Railway Company and is reputed to have acquired a huge interest in the Pacific Gas and Electric Company. It has observed, with great satisfaction, that our municipally owned power lines—parenthetically I may say, under the policy recommended by our City Engineer's office—have been directed into the Pacific Gas and Electric station at Newark, and that the municipal power is being operated and sold by that company. It is determined that our Municipal Railway shall be merged with the Market Street Railway and operated under private management, or else that the City shall pay an extortionate price for the private lines whose franchises are soon to expire. Public ownership—yes, so far as it is an accomplished fact through the expenditure of the people's money—but private management and operation. That is the new slogan of the enemies of true municipal ownership. And, if any of you have any doubt that municipal ownership is going to be a burning issue here next year, I will make the prophecy to you now and will be glad to be called to account for it a year from now.

The employment of Dr. Wilcox, "an enthusiast on municipal ownership" and "a man of high standing and keen intelligence," in the words of our Mayor, has caused acute alarm to the Byllesby interests and their allies. They have turned for comfort to the Mayor, and his veto message could not have pleased them more if it had been written by their own publicity bureau. He says municipal ownership is no longer an issue in San Francisco. They hope he is right, and are going to do everything in their power to translate his words into reality next year.

The five-cent fare and the future of our Municipal Railway are at stake in the fight that is ahead of us. The people of San Francisco understand this. They demand that we seek advice from experts who are friendly to municipal ownership. They will not permit any member of this Board to remain in office who changes his vote and joins the Mayor in his effort to oust Dr. Wilcox. This veto must be defeated.

Supervisor Shannon: Call the roll.

Supervisor Schmidt: I was going to ask that you call the absentee members in.

The Chairman: Call Supervisor Bath and Supervisor Badaracco.

Supervisor Shannon: I would suggest that the Chair state the question.

The Chairman: Call Supervisor Bath. The question before the Board is, gentlemen, shall Resolution No. 27804 (New Series), authorizing the City Attorney to employ Delos F. Wilcox, become effective notwithstanding the Mayor's veto. A vote "aye" overrules the Mayor's veto, a vote "no" sustains the Mayor's veto. Call the roll.

Whereupon, the foregoing veto was taken up and *passed*, notwithstanding the objections of his Honor the Mayor, by the following vote:

Ayes — Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Noes—Supervisors Byington, Colman, Harrelson—3.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Authorizations.

Resolution No. 27899 (New Series), as follows:

Resolved, That the following amounts be and the same are hereby authorized to be expended out of the hereinafter mentioned accounts in payment to the following named claimants, to-wit:

Providing for the Issuance and Redemption of Bernal Cut Bonds.

Bill No. 8246, Ordinance No. 7750 (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of one million four hundred thousand ($1,400,000) dollars for the acquisition, construction and completion of a permanent improvement, to-wit: A cut, or excavation, with approach fills, providing an improved route for public highway purposes in the City and County of San Francisco, known as the Bernal Cut, which improvement begins at or near the intersection

of Randall and Dolores streets and extending southerly to a point at or near the intersection of San Jose avenue and Diamond street, in the City and County of San Francisco, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of necessary lands in accordance with and as authorized at a special election held in said City and County on the 14th day of June, 1927.

Whereas, a special election was held in the City and County of San Francisco on the 14th day of June, 1927, in accordance with the provisions and requirements of Ordinance No. 7512 (New Series), calling and providing for such election, and Resolution No. 27282 (New Series), giving notice thereof, reference to said ordinance and resolution for further ptrticulars being here made; and

Whereas, it has been determined by Resolution No. 27643 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the 14th day of June, 1927, and the provisions of said Charter of said City and County and with Ordinance No. 7512 (New Series) and Resolution No. 27282 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of one million four hundred thousand ($1,400,000) dollars for the purpise of the acquisition, construction and completion of a permanent improvement, to-wit: A cut, or excavation with approach fills, and other improvements providing an improved route for public highway purposes in the City and County of San Francisco known as the Bernal Cut, which imprivement begins at or near the intersection of Randall and Dolores streets and extending southerly to a point at or near the intersection of San Jose avenue and Diamond street, in the City and County of San Francisco.

That such bonds shall be called "Bernal Cut Bonds," shall be 1400 in number, and shall be numbered from 1 to 1400, both inclusive, and shall be payable seventy thousand dollars thereof five years from the date of said bonds, beginning with the lowest number, and seventy thousand dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1927, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of January and July of each year until the maturity thereof; shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
Bernal Cut Bond.

No. —— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California

and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1927.

....., Mayor.

....., Treasurer.

Countersigned:

....., Auditor.

(Seal)

....., Clerk of the Board of Supervisors.

Section 4. Interest coupons shall be attached to each bond to the number of twice the number of years such bonds will run until the maturity thereof, and the coupons shall be of such a sum as will amount to the interest due on such bond for six months. Such coupons shall be numbered from one upwards and shall state the name and number of the bond to which it is attached. Such coupons shall bear the facsimile signature of the Treasurer of the City and County of San Francisco and be substantially in the following form:

Form of Coupon.

No. ——— $———

On ——— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, ——— dollars ($———) in gold coin of the United States, being six months' interest then due on its "Bernal Cut" bond dated July 1, 1927, number ———

....., Treasurer.

Section 5. Any bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter and from time to time the bond may be transferred by such registered owner in person or attorney duly authirized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon. Such registration

shall be substantially in the following form:

Form of Registration.

San Francisco, ————, 19—

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of ———— and the interest and principal thereof are hereafter payable to such owner.

....., Treasurer.

Section 6. For the purpose of providing for the payment of the principal and interest of said bonds taxes shall be levied and collected as privided in Ordinance No. 7512 (New Series) and Resolution No. 27282 (New Series), and in furtherance of the purpose herein expressed the following fund is hereby created, to-wit: "Bernal Cut Bond Interest and Redemption Fund."

Section 7. The Board of Supervisors shall sell said bonds at such times and in such amounts as it may determine. The proceeds arising from the sale of Bernal Cut Bonds shall be placed in the treasury to the credit of the "Bernal Cut Construction Fund," which fund is hereby created, and shall be used exclusively for the purpose for which such bonds were issued.

Section 8. This ordinance shall take effect immediately. And the Clerk of the Board of Supervisors is hereby directed to advertise this bill and ordinance in the official newspaper, as required by law.

Section 9. All bills or ordinances in conflict herewith are hereby expressly repealed.

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Providing for Issuance and Redemption of War Memorial Bonds.

Bill No. 8247, Ordinance No. 7751 (New Series), as follows:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

City Attorney to Prepare Legal Procedure for Creation of Peninsula Consolidation Commission.

Supervisor Gallagher presented: Resolution No. 27923 (New Series), as follows:

Whereas, it is the firm conviction of those citizens who have given the most thought to the matter, that the future growth and greatness of San Francisco lies in the southern direction and in the Peninsula area; and

Whereas, industrial development in San Francisco is a policy to which this Board of Supervisors and our constituents are enthusiastically pledged; and

Whereas, the imperative need of through rapid transportation to and from the Peninsula is manifest in order to keep pace with San Francisco and Peninsula growth; and

Whereas, a comprehensive survey to determine the best means to accomplish such industrial development and rapid transit is necessary; and

Whereas, such survey and expert advice may best function under official auspices; therefore, be it

Resolved, That the City Attorney is requested to prepare proper legal procedure for submission to this Board creating a commission whose duty it will be to make a study and survey and submit recommendations for the industrial development of and rapid transit to and from San Francisco and the Peninsula territory.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy.

Recreation Park for Mission Stadium.

Supervisor Gallagher presented:

Resolution No. —— (New Series), as follows:

Whereas, the baseball park at Valencia between Fourteenth and Fifteenth streets offers an ideal spot for a playground and stadium for the children and the students of the populous Mission district, who are now compelled to seek recreation centers and stadiums in other parts of the City; and

Whereas, the lessees of this site, the San Francisco Baseball Club and the Mission Baseball Club, have acquired another site at Sixteenth and Bryant streets, which they are anxious to improve immediately so as to give San Francisco a Class A baseball park; and

Whereas, the lease on the Valencia street grounds will not expire for eight or nine years but may at any time be sold and the land diverted to other purposes, thereby preventing the City from acquiring this last playground site in the Mission district proper; and

Whereas, the lessees have indicated their willingness to meet with the properly constituted authorities and transfer said lease to the City and County of San Francisco under the identical terms and provisions which said lessees now enjoy and to further assign the right and title to all improvements located on said lease without cost to the City, after the completion of the new baseball park; and

Whereas, when once acquired under lease, the land can eventually be purchased under condemnation or outright sale by the City and County of San Francisco and dedicated as a stadium and playground; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby expresses its approval of such a plan to provide a stadium for the Mission district and that the Finance Committee of this Board, and the Playground Commission of the City and County of San Francisco, and the City and County Attorney be requested to meet forthwith with the owners and lessees of said property, or their authorized agents, to the end that such steps may be immediately taken as will insure this leasehold and eventually this property to the children and students of the Mission district.

Referred to Committees on Finance, Building and Education, Parks and Playgrounds.

Section 3. Said bonds and coupons shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
"Boulevard Bond Issue."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentatoin of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of September, 1927.

Section 4. The amount of tax levy to be made for the payment for said nine million three hundred and eighty thousand dollars bonds issued under said proposition shall be the sum of four hundred twenty-two thousand one hundred dollars for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of four hundred thousand nine hundred and ninety-five dollars to pay, and in season to pay the interest on such of said bonds as remain outstanding after the four hundred and sixty-nine thousand dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of three hundred seventy-nine thousand eight hundred and ninety dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the four hundred sixty-nine thousand dollars thereof due six years from their date have been paid, and so on, a sum each year for seventeen succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of twenty-one thousand one hundred and five dollars by reason of the payment each year beginning five years from the date of said bonds of four hundred sixty-nine thousand dollars of said bonds, and the sum of four hundred sixty-nine thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election

hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

YES	
NO	

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special elec-

tion the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper, or other material placed on the front of the machine shall constitute a vote against the propositton. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall be published for at least fourteen times in the official newspaper, and shall take effect immediately.

Report of Public Buildings Committee on Sale of Stockton Street School Lot.

The following was presented by Supervisor Powers and read by the Clerk:

San Franisco, October 10, 1927.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall.

Gentlemen:

Your Committee on Public Buildings and Lands, to which the matter of bid presented in open session of the Board, Monday, October 3, 1927, for purchase of the certain city land, situate westerly line of Stockton street, 115 feet south of Broadway, was referred, would respectfully report thereon as follows:

In accordance with provisions of the Charter appraisals of the value of the certain property offered for

sale was obtained through competent appraisers and regularly submitted by your official Board of Appraisal with the amount fixed at $10,000.

In session of your Board the only bid received for the purchase of said property was from Edward Debs in the sum of $5,850, deposited therewith, cash (currency), the sum of $600. The bid of said Edward Debs has been duly considered by your Committee and it cannot recommend the sale to him for the amount bid, the sum being extremely low in accordance with the appraised value of the land.

Your Committee, therefore, would recommend that the bid of said Edward Debs be rejected, and the Clerk of this Board be authorized to refund the sum of $600 heretofore deposited by said Debs.

Respectfully submitted.

CHAS. J. POWERS,
Chairman;
LEWIS F. BYINGTON,
C. J. DEASY,
Committee.

Bid Rejected.

Thereupon, *Supervisor Powers* moved that the bid of Mr. Debs be rejected and his deposit returned.

Motion *carried* by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —15.

Absent — Supervisors Badaracco, Bath, Kent—3.

Motion.

Supervisor Schmidt moved that the Finance Committee seek conference with his Honor the Mayor with reference to sale or lease of unnecessary or unsuitable school lands.

So ordered.

SPECIAL ORDERS—2 P. M. BRIDGE HEARINGS.

Motions.

The following matters, laid over from a previous meeting, were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Shannon, further consideration of the foregoing motions was *continued until Monday, October* 17, 1927, *at* 2 *p. m.*, by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —15.

Absent — Supervisors Badaracco, Bath, Kent—3.

Giving Notice of Special Election for Moccasin Creek Power Line Bonds.

Supervisor Shannon presented:

Resolution No. 27935 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco, on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch

Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with necessary equipment therefor.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 8237, Ordinance No. 7748 (New Series), of the Board of Supervisors, passed October 3, 1927, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco, on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with necessary equipment therefor, and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of the public utility described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, paybale semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Transmission Line Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 2000, both inclusive, and shall be payable eighty thousand ($80,000) dollars thereof five years from the date of said bonds, beginning with the lowest number, and eighty thousand ($80,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds and coupons shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
"Transmission Line Bonds."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and

statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

Section 4. The amount of tax levy to be made for the payment of said two million dollars bonds shall be the sum of ninety thousand dollars for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of eighty-six thousand four hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of eighty-two thousand eight hundred dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the eighty thousand dollars thereof due six years from their date have been paid, and so on, a sum each year for twenty-two succeeding years until said bonds are all paid, sufficient

for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of three thousand six hundred dollars by reason of the payment each year beginning five years from the date of said bonds of eighty-thousand dollars of said bonds, and the sum of eighty thousand dollars each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for twenty-four years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Transmission Line Bonds."—To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco from its present terminal near Newark, Alameda County, California, over, under, across or around the Bay of San Francisco, thence by the most feasible route into the City and County of San Francisco for the purpose of transmitting electric energy generated at Moccasin Creek power plant into the City and County of San Francisco. To construct such transmission line, equipment thereof, appurtenances thereto, to acquire all necessary rights of way, permits, easements, purchase of necessary lands, buildings and terminal facilities, including a step-down terminal substation within or without the confines of the City and County with necessary equipment therefor.

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition stamp a cross (X) in the blank space to the right of the word "No."

Bonds issued for the acquisition, construction and completion of the public utility herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word

"Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of, and to authorize, the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commisioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct said special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast respectively for and against the proposition herein stated and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall be published for at least fourteen times in the official newspaper and shall take effect immediately.

Giving Notice of Special Election for Bonds for Municipal Railway Extensions.

Supervisor Shannon presented:

Resolution No. 27936 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco, on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bondded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of a public utility, to-wit:

A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting crosstown service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirteenth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street, thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 8236, Ordinance No. 7747 (New Series), of the Board of Supervisors, passed October 3, 1927, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco, on Tuesday, the eighth day of November, 1927, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The acquisition, construction and completion of a public utility, to-wit, a number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Masonic avenue at Turk street, easterly on Turk street to Market street connecting with the Municipal Railway tracks on Market street; a connecting crosstown service west of Twentieth avenue between the Judah street line of the Municipal Railway and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District at or near Excelsior avenue; thence southerly through the Excelsior District to a terminal at Geneva avenue; from a connection with the Municipal Railway tracks on Market street extended to a point at or near Eureka street; thence southerly over Eureka street or other most feasible route to Twenty-third street; thence by the most feasible route to a terminus on Diamond street near Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary and to include equipment thereof, appurtenances thereto, the necessary buildings and structures and the purchase of necessary lands, and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the acquisition, construction and completion of the public utility described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be for the form and character known as "serials." All of said bonds shall be dated November 1, 1927, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Municipal Railway Extension Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 4600, both inclusive, and shall be payable one hundred and eighty-four thousand ($184,000) dollars thereof eight years from the date of said bonds, beginning with the lowest number, and one hundred and eighty-four thousand ($184,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

BRIDGE MATTERS.

The following was read and ordered *filed*:

San Francisco, Oct. 8, 1927.

Mr. J. S. Dunnigan, Clerk Board of Supervisors, San Francisco.

Dear Sir:

Referring to my application for toll bridge filed June 27, 1927, please be advised that I would much prefer having a hearing on this application deferred until after the November election.

My reason for making this request is that in the event the voters of San Francisco vote favorably upon the proposition for the construction of a transbay bridge by public capital I believe all private franchise applications of necessity would be null and void.

Trusting that the Board of Supervisors in its wisdom will find it possible to postpone action on this matter, I am,

Respectfully yours,

ROY C. HACKLEY.

SPECIAL ORDERS—2 P. M.

BRIDGE HEARINGS.

The following matters were taken up:

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Gallagher, further consideration of the foregoing motions was *continued until Monday, October* 24, 1927, *at* 2 *p. m.*, by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton—15.

Absent—Supervisors Bath, Shannon, Todd—3.

Application of City Planning and Building Company for a franchise and for authority to erect, construct, maintain and operate a submarine tunnel and the right, permission and authority to make tolls thereon for a period of fifty (50) years at the following location, to-wit:

Entering the ground at a point in the block bounded by Sixth, Sevnth, Hubbel and Irving streets, running thence underground in an easterly direction to a point where an extension of Fifteenth street strikes the Bay very close to El Dorado street; thence entering the Bay 45 feet below the level of the lowest tide and sinking gradually to a depth of 50 feet below the level of the lowest tide. and proceeding in an easterly direction and emerging at a point within 700 feet of a point where the center line of Lincoln avenue intersects the waters of the Bay of San Francisco in Ala-

meda, Alameda County, State of California.

The length of said submarine tunnel to be 21,120 feet under water; said tunnel will be in its inside dimensions 50 feet high and 68 feet in extreme width; the same will have three floors, the upper floor for passenger automobiles and the main or central floor for railroad passenger cars, the lowest floor for automotive and heavy traffic trucks. Tube will be divided perpendicularly into two halves, a right and a left half.

Application of John P. O'Connell for a franchise for a toll bridge between the City and County of San Francisco and the County of Alameda.

Beginning at or near and within three hundred (300) feet northerly or southerly of the intersection of the northerly line of Pier 34 with the seawall at about the foot of Brannan street, in the City and County of San Francisco, and extending thence about north seventy-seven and one-half (77½) degrees east (true) to a point immediately southwest of and adjacent to the Southern Pacific Alameda Mole, and about six hundred (600) yards, more or less, east by south from the westerly extremity of said Mole, and thence about south seventy-two (72) degrees east (true) to the intersection of said line with the bank or shore of San Francisco Bay at its most westerly intersection with said line, in the City of Alameda, County of Alameda, State of California.

That the length of said bridge on said lines will be about seventeen thousand seven hundred (17,700) feet, more or less, on the first of said lines and seven thousand two hundred (7,200) feet, more or less, on the second of said lines, making about twenty-four thousand nine hundred (24,900), more or less, feet for the total length of said bridge, not including approaches; that the width of the roadway on said bridge will be one hundred (100) feet or such other width as the Board of Supervisors may direct and require under Section 2873 of the Political Code.

Application of Transbay Development Corporation for a franchise to construct, maintain and operate and take tolls on a toll bridge over and across the Bay of San Francisco from the City and County of San Francisco to the cities of Oakland and Alameda, Alameda County.

The approximate location of said bridge is as follows: That said proposed toll bridge is to be located, constructed, operated and maintained across San Francisco Bay between Rincon Hill in the City and County of San Francisco, State of California, and the cities of Oakland and Alameda, County of Alameda, State of California, the termini in Oakland to be at or near the intersection of Seventh and Cedar streets and the foot of Peralta street, and in Alameda at a point on the mainland about five hundred feet southerly from the base of the Alameda Mole; the bridge proper to extend from a point at or near the intersection of Second and Harrison streets, San Francisco, in a generally northeasterly direction on a bearing about north seventy-eight degrees east (true) to a point about eighteen hundred feet inland from the outer end of the Alameda Mole and approximately five hundred feet southerly from the center line of the double track of the Southern Pacific Company; the approaches on the eastern shore to extend from the point last mentioned generally parallel to and about five hundred feet distant from and on the southerly side of the double track of the Southern Pacific Company; on said mole to the mainland in the City of Alameda, and with branches commencing at a point approximately thirty-two hundred feet from the point of beginning of the approaches and running to Seventh and Cedar streets and the foot of Peralta street in the City of Oakland; the approaches on the San Francisco side to be in continuation of the bridge proper from Second and Harrison streets or that vicinity, along Harrison, Fremont, Tehama, Seventh, Bryant and Second streets, and/or elsewhere as the public convenience may require; the length of the bridge proper to be approximately three and eight (3.8) tenths miles and of the bridge and approaches from five and three-quarters (5¾) miles to six and three-quarters (6¾) miles approximately; that the breadth of the proposed bridge is to be forty-two feet in the clear as a minimum, the actual breadth to be determined according to best engineering practice to conform to the length of spans demanded by foundation conditions and by the requirements of the War Department.

Communication from War Department.

Supervisor McSheehy presented:

War Department, Washington.

In reply refer to E. D. 6371 (San Fran. (City-Co.) Alameda Co.—San Fran. B.—San Fran.-Oakland—65/2.

October 11, 1927.

Honorable James B. McSheehy, Chairman of Delegation from the Board of Supervisors of the City and County of San Francisco, San Francisco, Calif.

Dear Mr. McSheehy:

Careful consideration has been given to the request orally presented by you and your associates of the delegation from the San Francisco Board of Supervisors in the office of the Chief of Engineers on June 21, 1927, that Department authority be given for the construction of a bridge over San Francisco Bay.

It is noted that the presentation was largely directed toward showing the extent of local sentiment favoring a bridge, and that but little attention was given to the effects on navigation of a crossing at any of the sites proposed.

These effects, however, are the features of the matter which the Federal Government must specially consider. Their importance, both locally and nationally, must be recognized in any thorough and comprehensive study of the subject.

San Francisco Bay is at present the most important harbor on the Pacific Coast. The growing importance of the Pacific Ocean makes the preservation of this harbor a matter of the highest concern to the National Government. Its value for commercial purposes as well as for national defense requires that nothing be done to impair its full usefulness. It may be compared to the harbor of New York on the Atlantic Coast. At New York the means of crossing the vital parts of the harbor toward the mainland have been provided by tunnels and ferries and not by bridges.

The existing policy as to the bridging of San Francisco Bay is intended to protect this harbor from serious injury and preserve it for future use. The way is left open for the construction of tunnels, and for bridges in those locations where the usefulness of the harbor will not be greatly impaired. The communications between San Francisco and the east side of the Bay can be improved without obstructing the harbor with a bridge in a location where its presence will be a constant menace to navigation and a handicap to national defense. The objections on the latter ground are brought out in a letter from the Secretary of the Navy under date of July 13, 1927, copy herewith.

Extensive growth is expected on the Pacific Coast and the country tributary thereto. The number of potentially great harbors on the Pacific Coast is limited and the distances between them are large. San Francisco must be looked on therefore as a potentially great national harbor.

Any doubt as to whether a bridge would interfere with the proper development of navigation in this port should be resolved in favor of the national interest of navigation rather than the advantage to local highway traffic. The Department is ready to further any improvement in communications which will not conflict with the major duty of preserving the navigable capacity of San Francisco Bay for the future needs of the nation.

Under the existing policy plans can be approved for a bridge from Hunters Point to Alameda, only 4 miles south of the site proposed. Such a crossing would save a great distance as compared with the present land route at the southern end of the Bay, and would undoubtedly reduce the congestion on the ferries.

In view of this situation, plans for a bridge north of the Hunters Point-Alameda line will not meet with approval.

Yours very truly,

DWIGHT F. DAVIS,
Secretary of War.

The Clerk: Do you want the accompanying communication read?

Supervisor Stanton: Let us hear it.

The Clerk: Under date of July 13, 1927. (Reading.)

Department of the Navy.
Office of the Secretary.
Washington, July 13, 1927.

My dear Mr. Secretary:

Receipt is acknowledged of your letter 6371 of 1 July, 1927, requesting information as to whether the Navy Department has changed its view as expressed in our letter of 7 July, 1926, concerning the construction of a bridge across San Francisco Bay and with particular reference to the project submitted by the Board of Supervisors of San Francisco for a bridge from Rincon Hill, San Francisco, to Alameda Mole.

The representatives of the Board of Supervisors and other representatives of San Francisco were accorded an informal hearing by the Secretary of the Navy on the 22d ultimo and presented their case

for a modification of the existing policy to permit the construction of the bridge in "Location No. 1," as recommended by the Board of Engineers which made the investigation for the City of San Francisco. This Department has considered carefully the statements made at that time and has also considered the record of the informal hearing held before the Chief of Engineers, War Department, on the same subject on 21 June. This Department recognizes that a demand exists in San Francisco from a large number of its citizens and from citizens of the other cities on the Bay for improved transit facilities and the Navy Department is desirous of meeting this demand if it can be done without interfering seriously with the national defense.

From the record of the informal hearing held by the War Department, it appears to the Secretary of the Navy that the proponents of the transbay bridge who appeared before your department are not fully aware of the necessities of the fleet in time of national emergency and that they lack a full understanding of the importance of a large, unobstructed harbor for fleet operations in time of war. The Navy Department is charged with the preparation of the fleet for war and would be derelict in its duty if it consented to any action on the part of any city that would curtail the mobility of the fleet or unduly restrict its readiness to meet any emergency.

San Francisco Bay is, from its natural advantages and its location at the center of our Pacific Coast, certain to be the major continental fleet base for any extensive campaign in the Pacific. It will be the point where the fleet will concentrate at the beginning of a war and will be the base for most of the services of supply for the fleet operating in the Pacific. The present area set aside in San Francisco Bay as a naval anchorage is approximately 4½ square miles in extent and in this area there are berths for 69 large ships or for 268 small ships, such as destroyers. There are at present on the navy list 18 battleships, 10 light cruisers 1st line, 11 cruisers 2d line, 11 light cruisers 2d line, 1 aircraft carrier 2d line, 4 mine layers 2d line, 9 destroyer tenders, 9 submarine tenders, 1 aircraft tender, 3 repair ships, 5 store ships, 5 colliers, 19 oilers, 2 ammunition ships, 6 cargo ships, 2 transports, 3 hospital ships, a total of 119 ships, which will require large ship berths. In addition there are 284 destroyers, 121 submarines and more than 100 more small vessels such as gunboats and mine sweepers, etc., which could occupy the small ship berths. While all of these vessels would not be in San Francisco Bay at one time, there would be many of them, as well as a large number of other ships not at present on the navy list that would be required for fleet service. Up to the present time no fleet concentration of this magnitude has been undertaken, but in the event of a major war it would be necessary to exert the full power of the United States fleet on an enemy, and the present assigned anchorages in San Francisco Bay would be far from adequate to take care of the combatant ships. The fleet and its auxiliaries would occupy all available anchorages within the entire Bay, not only the present naval anchorage but the areas north and south of it. A bridge across San Francisco Bay in the location proposed by the Board of Engineers would cut directly across that part of the harbor most suitable for anchoring capital ships and would necessitate a large part of the fleet anchoring below the bridge, with the inconvenience and danger that would arise in passing between the piers and under the bridge. The proposed height of 150 feet above mean low water would require that every vessel, except the very small ones, house topmasts, and thus put radio sets out of commission each time the bridge is passed. For peace operations this would be an inconvenience, and in time of war, when communication with all ships might be vital, it would make the bridge most objectionable from the naval point of view.

The proponents of the bridge have stated that the Navy Department has not objected to the bridges across the East River, whcih have a clear height of 135 feet. Conditions there are quite different. The fleet anchorage in New York harbor is in the North River, access to which is not impeded by any bridge. The bridges over the East River have to be passed only by ships going to and from the New York Navy Yard at times when they are either about to undergo repairs or have just completed them. The Navy Department would certainly object to a bridge across the Narrows of New York harbor, which would require all ships coming in and out to house topmasts.

The proposed San Francisco bridge has two spans of 1150 feet

each, center to center of piers, and a large number of shorter spans on the Alameda side of the present naval anchorage. Each pier of this bridge becomes a menace to navigation. Each will have to be large and solid to support the weight of the bridge and thus each will be a rocky island that must be avoided in clear weather as well as in the frequent fogs that blanket the Bay. The strong currents and high winds in the Bay add to the danger of collision with the piers with consequent damage to ships and to the bridge.

Another factor which must be considered in connection with the proposed bridge is the danger that heavy ships may drag their anchors while anchored above or below the bridge and drift down on the bridge piers. There have been many occasions in the past when anchors have failed to hold in San Francisco Bay during heavy blows. A 35,000-ton battleship dragging down on a pier foundation would suffer considerable damage and might destroy a section of the bridge.

The large number of ferries running across from San Francisco to Alameda, Berkeley, Oakland and the other Bay cities do interfere with the movements of merchant vessels and naval vessels entering the harbor and it is recognized that there is a danger of collision always existing in foggy weather. The bridge would reduce the ferry traffic but would substitute for the movable obstructions a group of fixed, permanent, solid dangers to shipping moving in the Bay.

The erection of the proposed bridge would interfere seriously with access to the dry dock at Hunters Point, which is the only one south of Puget Sound available for large commercial and naval vessels. While this Department has no intention of criticizing the plan of the proposed bridge in detail, it appears that a bascule or lift span with a horizontal width of 200 feet, center to center of piers, would be of no value to ships like the S. S. Leviathan, America, George Washington, or U. S. S. California and West Virginia. Two hundred feet between bridge pier centers would allow much less clear width than two hundred feet and it is doubted if any ships of this size would attempt to go through the draw.

A serious objection to the bridge in the proposed location has been brought to your attention in previous correspondence. During the war the wrecking of such a structure by bombs or by an act of nature might completely bottle up such naval force and commercial shipping as were in the harbor south of the bridge and thus prevent ingress to and egress from that important part of the harbor.

The Navy Department considers that the requirements of national defense are such that the erection of a bridge in the site proposed by the Board of Engineers would interfere seriously with the operations of the fleet and, therefore, considers that the view expressed in the Navy Department letter of 7 July, 1926, has not been changed and recommends that the War Department adhere to its policy as expressed on 7 October, 1921.

Sincerely yours,
(Sgd.) CURTIS D. WILBUR,
Secretary of the Navy.

The Mayor: What is your pleasure?

Supervisor McSheehy: You have heard the reading of the letters, members of the Board, and I would move at this time that we hold this meeting of the Special Bridge Committee in the Mayor's office, Friday morning, October 21, 1927, at 10 o'clock, to answer these communications.

Supervisor Havenner: Consider them.

Supervisor McSheehy: Consider them would be a better word.

Supervisor Gallagher: Do I understand that that would be shaping yourself up for whatever future action would be taken?

Supervisor McSheehy: Yes.

Supervisor Gallagher: If Mr. McSheehy would permit me this thought: I want to say that I think that whoever, and I suppose it will be your Bridge Committee, has to undertake the job of securing for San Francisco what it ought to have in the matter of bridge location, as decided upon by the Board, you have got a very large task ahead of you, and in view of the fact that Congress meets in December, if that is where you have to go, and it looks like it, I want to say, as one member of the Board, that I want to, wholeheartedly and enthusiastically, get behind your efforts, and help them along in whatever humble way I can as a member of the Board, but I do ask for as expeditious action as is possible, in view of the struggle I presume that necessarily confronts us. A little bit later in this meeting I am going to submit a proposed telegram that affects the jurisdiction of the War Department, if it is found advisable to do it. And I am glad to see that Mr. McSheehy is calling a meeting,

and I think you ought to try with your colleagues to be ready Friday, with not too much haste, it is true, but you ought to try to be ready Friday with a recommended program of future action on the bridge proposition, to be dealt with by your conference and to be dealt with officially by the Board as soon as possible. If you are going to Congress with this fight—and it looks as if you will have to go to Congress—we will have to get ready pretty quickly, and, as I say, my attitude is to be wholeheartedly behind whatever your committee has laid out to do.

Supervisor McSheehy: I would ask that we hold a meeting, and I will have the Clerk notify all of the members, in your office Mr. Mayor, 10 o'clock Friday morning, to consider the communications.

Supervisor Byington: Any member of the Board may be present at the meeting?

Supervisor McSheehy: O course, Supervisor, by all means.

Supervisor Havenner: I would like to move at this time that the City Attorney be requested to prepare and submit to this Board, if possible during the present month or as soon thereafter as is feasible, a draft of the proposed bill to be submitted to Congress, as has already been authorized.

Supervisor Gallagher: I will second that.

The Mayor: All in favor will please say "aye."

Supervisor Stanton: What is that?

The Mayor: The City Attorney is directed to prepare a bill to be submitted to Congress.

Supervisor Havenner: That he be requested to prepare that draft, if possible, during the present month or as soon thereafter as may be.

Supervisor Stanton: I want to object to that.

The Mayor: There is a motion before the Board that the City Attoroney be requested to prepare a bill, as early as possible, to be submitted to your Committee, so that you can consider it and have it ready for presentation to Congress when Congress convenes.

Supervisor McSheehy: I will gladly second that.

Ayes—Supervisors Badaracco, Byington, Deasy, Gallagher, Harrelson, Havenner, Kent, McSheehy, Roncovieri—9.

No—Supervisor Stanton—1.

Absent—Supervisors Bath, Colman, Hayden, Marks, Powers, Schmidt, Shannon, Todd—8.

Supervisor Stanton: I object to that because I think it is an unnecessary delay. It is a dead certainty that you will never get any action at this Congress. I tell just as firm today as I felt when I stood on the floor before many times and told you that the War Department, in my opinion, would never permit a bridge this side of Hunters Point. And from listening to the reading of the communications they are almost identical to the things that I have told the Board of Supervisors. The reasons that I gave the Board of Supervisors for thinking that they would not permit a bridge this side of Hunters Point. I feel that they are firm in their action.

Motion.

Supervisor Havenner: I would move that the Bridge Committee consider the plan followed by the organization of the Panama Pacific International Exposition Company with reference to the use of the same plan for the construction of a bay bridge and confer with public-spirited citizens here and across the Bay and report back to this Board in the very near future the feasibility of same.

Motion *carried*.

Motion.

Supervisor Gallagher: I would move you, Mr. Mayor, that the following telegram be sent to the Secretary of War:

"Regarding your last week's announcement of attitude towards San Francisco Bay Bridge proposition, we submit following requests and information as to basis of same. Submitted to our electorate for determination on the eighth proximo are two questions relative bridges intelligent action on which depends on further information here sought that we may act advisedly in our further steps.

"Please advise us in some detail as to the extent of the authority in the premises exercised by you and particularly what changes in Federal statute have extended the Departmental powers since Chief Justice Taft, then Secretary of War, with the weight of almost contemporaneous interpretation of the 1899 enactment decided in 1905 in an almost identical situation in the city of Boston that those were not broad enough to permit your department to prohibit a bridge on a single state water, but that such was for the determination of the competent local authorities, and so acted."

Amendment.

Supervisor McSheehy moved as an amendment that the proposed

telegram be referred to the Special Bridge Committee.

So ordered.

Taxicab Stand Permits Approved.

Supervisor Schmidt presented:

Resolution No. 27940 (New Series), as follows:

Resolved, That the following permits for taxicab stands are hereby approved:

Wm. F. Hendricks, 691 Broadway.

Louis E. Hendricks, 684 Broadway.

Red Top Cab Company, 486 Ellis street.

White Top Cab Company, 52 Grant avenue.

Yellow-Checker Cab Company, 2293 Mission street.
